Gordon Brown The Biography The Biography:

Gordon Brown Paul Routledge, 1998 Written with Gordon Brown's full co-operation this is the only biography about the Chancellor of the Exchequer. It tells his remarkable story and takes us behind the scenes of the new government's first Budget. *Gordon Brown* Tom Bower, 2004 The gripping inside story of the complex and ambitious Chancellor of the Exchequer's time in power. Gordon Brown's arrival at the Treasury in May 1997 was greeted by a stampede of officials of every rank spontaneously rushed to the door to cheer the new incumbent excited about the change. As Master of the New Era Brown created a matrix of relationships across every Whitehall department and extended his influence to every aspect of government activity. He has been behind the most important budgetary decisions of the past decade: the commitment to Private Finance Initiative which would affect infrastructure from the London Underground to the NHS to state schools; the management of the Inland Revenue; the increase in taxes and the demise of Britain's pension funds. Seven years after his arrival at the most powerful department at Whitehall Brown is now a contender to be the next leader of the Labour Party.
