Fontane Und Thackeray:

Fontane und Thackeray Wolfgang Eberhardt, 1975 **Theodor Fontane and the European Context**, 2021-12-28 On the centenary of Fontane's death and at the turn of the century these essays take a new look at this supreme chronicler of Prussia and of the Germany that emerges after 1871 Written by scholars from different countries and disciplines they focus on novels and theatre reviews from the perspectives of philosophy sociology comparative literature and translation theory and in the contexts of topography and painting Connections and crosscurrents emerge to reveal new aspects of Fontane's poetics and to produce contrasting but complementary readings of his novels He appears in the company of predecessors and contemporaries such as Scott Thackeray Saer Ibsen Turgenev but also in that of writers he has rarely if ever been seen beside such as E T A Hoffmann Stendhal Trollope Henry James and Edith Wharton Beckett and Faulkner The historical novel and the social position of women are each a recurring focus of interest Fontane emerges as receptive to other voices as a precursor of developments in modern narrative and confirmed as the novelist who brings the nineteenth century German novel closest to the broad traditions of European realism Literary Translation, Reception, and Transfer Norbert Bachleitner, 2020-09-21 The three concepts mentioned in the title of this volume imply the contact between two or more literary phenomena they are based on similarities that are related to a form of travelling and imitation or adaptation of entire texts genres forms or contents Transfer comprises all sorts of travelling with translation as a major instrument of transferring literature across linguistic and cultural barriers Transfer aims at the process of communication starting with the source product and its cultural context and then highlighting the mediation by certain agents and institutions to end up with inclusion in the target culture Reception lays its focus on the receiving culture especially on criticism reading and interpretation Translation therefore forms a major factor in reception with the general aim of reception studies being to reveal the wide spectrum of interpretations each text offers Moreover translations are the prime instrument in the distribution of literature across linguistic and cultural borders thus they pave the way for gaining prestige in the world of literature The thirty eight papers included in this volume and dedicated to research in this area were previously read at the ICLA conference 2016 in Vienna They are ample proof that the field remains at the center of interest in Comparative Literature **Theodor Fontanes Berliner Doppelroman: 'Die Poggenpuhls' und 'Mathilde Möhring'**. Harald Tanzer, 1997-01-01 Market Strategies and German Literature in the Long Nineteenth Century Vance Byrd, Ervin Malakaj, 2020-01-20 Building upon recent German Studies research addressing the industrialization of printing the expansion of publication venues new publication formats and readership Market Strategies maps a networked literary field in which the production promotion and reception of literature from the Enlightenment to World War II emerges as a collaborative enterprise driven by the interests of actors and institutions These essays demonstrate how a network of authors editors and publishers devised mutually beneficial and at times conflicting strategies for achieving success on the rapidly evolving

nineteenth century German literary market In particular the contributors consider how these actors shaped a nineteenth century literary market which included the Jewish press highbrow and lowbrow genres and modernist publications They explore the tensions felt as markets expanded and restrictions were imposed which yielded resilient new publication strategies fostered criticism and led to formal innovations The volume thus serves as major contribution to interdisciplinary research in nineteenth century German literary media and cultural studies **Urbanization and Crime** Eric A.

Johnson,2002-07-18 This 1995 book contributes to both modern German history and to the sociological understanding of crime in modern industrial and urban societies Its central argument is that cities in themselves do not cause crime It focuses on the problems of crime and criminal justice during Germany s period of most rapid urban and industrial growth a period when Germany also rose to world power status From 1871 to 1914 German cities despite massive growth socialist agitation and non ethnic German immigration were not particularly infested with crime Yet the conservative political and religious elites constantly railed against the immoral nature of the city and the German governmental authorities police and court officials often overreacted against city populations In so doing they helped to set Germany on a dangerous authoritarian course **Germany's Two Unifications** R. Speirs,J. Breuilly,2004-12-06 Germany s unique historical experience of

undergoing national unification twice in a little over a century makes it a fascinating object of study In this volume the processes of unification are analysed from the point of view of historians political scientists and literary historians Because each event had quite different historical pre conditions the first having been long anticipated and pursued whereas the second took virtually all participants by surprise the processes of adjustment to it have differed in many ways Yet in each case the idea of national unity has held sway powerfully as a norm guiding the responses of those involved The Changing

Image of Theodor Fontane Helen Chambers,1997 Wide ranging survey of the criticism devoted to Theodor Fontane with particular emphasis on more recent theoretical trends This study of the literary scholarship on Fontane s narrative works is the first to present a systematic review of the ever growing body of criticism on Germany s major realist novelist Significant developments in Fontane criticism are traced in historical context from their beginnings in contemporary commentary to the present day The author places special emphasis on scholarship since 1980 analysing the influence of new literary critical trends in this period she also considers the effect upon traditional literary criticism of feminism psychoanalysis and comparatist approaches and the fresh developments in reception history translation and media studies The Reception of

Siegbert S. Prawer,2023-07-10 The book seeks for the first time in any language to combine Thackeray s many depictions of

and comments on Jews and Judaism from Old Testament times to his own present into a coherent chronologically ordered narrative. Texts and early versions that have not found their way into the collected editions are considered alongside well known passages from *Barry Lyndon*, *Vanity Fair*, *The Newcomes* and *Rebecca* and *Rowena*. Since Thackeray illustrated many of his own works, graphic illustrations are as carefully chronicled and considered as narrative ones. The writings and drawings examined are set in a fourfold context: Thackeray's own life, psychological make up and developing art and opinions, the social history of Britain and its Jews, British and European literary and graphic conventions, traditions and stereotypes, and the interplay of prejudice or animus with an essential British fair mindedness that strives to present as truthful a picture as the author's limited perspectives or satiric and humorous purposes will allow. The book constitutes a substantial addition to the existing body of studies devoted to the image of Jews and Judaism in the work of influential non Jewish writers and artists.

Israel at Vanity Fair Siegbert Salomon Prawer, 1992-01-01 The first complete study of this important Victorian novelist's depiction of and involvement with Jews and Judaism in the context of his life, developing art and changing opinions and the social history of European Jewry. **The Smell of Books** Hans J. Rindisbacher, 1992 Demonstrates that sense of smell plays a significant role in the history of European literature. *Literary and Cultural Images of a Nation Without a State* Agnieszka Barbara Nance, 2006 This series provides critical evaluations in English or German of Austrian authors, artists, works, currents or figures from the Middle Ages to the present. Austria is defined as those parts of the old Habsburg empire that produced notable writings in the German language including Czechoslovakia and the Bukovina. Czernowitz. The series offers a forum for the study of the multifarious relationships between literature and other aspects of Austrian culture such as philosophy, art and theater. **The End of Prussia** Gordon A. Craig, 1984-04-01 One of the livelier debates amongst historians concerns the dates of the beginning and particularly the end of Prussian history. Eminent historian Gordon A. Craig explores the slow death of Prussia by examining several key individuals and their actions at four distinct periods of Prussian history. Simply said, the book is a beautiful piece. Insightful and lucid. *The End of Prussia* has the rare quality of being suitable for both the specialist and the more casual student of German history. Wisconsin Academy Review. *Joyce's "Wandering Rocks"* Andrew Gibson, Steven Morrison, 2002. *Affinities and Parallel Texts across Two Hundred Years* Hugh Ridley, 2022-09-21 Affinities that nagging sense of familiarity which we get at particular moments in works of art offer a key to the ways in which poets and artists work. In nine chapters this book approaches important aspects of the topic and shows how affinity, intentional or otherwise, can be a signpost to an influence the artist wishes to hide, a route into creativity, a shared feature of a genre at a particular stage of development or a joyful sharing of a common heritage. It can also be the first step in a lawsuit when it is confused with plagiarism. The chapters range in topic from Wagner and Meyerbeer, Tchaikovsky to the Hymnal, Thomas Mann and Colm Tóibín and Agatha Christie and George Eliot to American Native Painting. *Publications of the Modern Language Association of America* Modern Language Association of America, 1915 Vols for 1921-1969 include annual bibliography called
