Giordano Bruno: Philosopher of the Renaissance Hilary Gatti, 2017-03-02 Giordano Bruno was burnt at the stake in Rome in 1600 accused of heresy by the Inquisition His life took him from Italy to Northern Europe and England and finally to Venice where he was arrested His six dialogues in Italian which today are considered a turning point towards the philosophy and science of the modern world were written during his visit to Elizabethan London as a gentleman attendant to the French Ambassador Michel de Castelnau He died refusing to recant views which he defined as philosophical rather than theological and for which he claimed liberty of expression The papers in this volume derive from a conference held in London to commemorate the 400th anniversary of Bruno's death A number focus specifically on his experience in England while others look at the Italian context of his thought and his impact upon others Together they constitute a major new survey of the range of Bruno's philosophical activity as well as evaluating his use of earlier cultural traditions and his influence on both contemporary and more modern themes and trends Evading a Fae Queen Joanna Reeder, 2021-12-28 I thought I'd be safe I thought my sacrifice would be temporary But now I'm imprisoned in a Winter Court cell I was told a human couldn't even enter the Winter Court Lies Now I'm trapped in a prison in literally subzero temperatures All I want is to go back to my world To my home When I stumble upon an ability to become invisible I take my chances and escape Conveniently Captain Tien was on his way to save me and now he has more questions about who I truly am After all what human can do that sort of magic He's right I want to know more about who I am But I just want to feel safe again and I won't be distracted by those gorgeous eyes and our undeniable connection But going home isn't as easy as I'd hoped Because now I'm being hunted And the Winter Queen won't stop until she makes me suffer One click to read Evading a Fae Queen Evading a Fae Queen is perfect for fans
