Every Step Leaves a Footprint Shyamankar Singhari,2025-08-27 Every Step Leaves a Footprint is a reflective guide to living with awareness intention and compassion It reminds us that every choice no matter how small leaves a mark not only on our own journey but also on the lives of others From moments of hesitation to acts of courage from kindness to mistakes our steps create trails that tell the story of who we are becoming This book is divided into four parts each inviting the reader to see life s journey as a series of footprints Part 1 Awareness of Every Step explores how to recognize the significance of daily choices and cultivate

mindfulness in even the simplest actions Part 2 Lessons from the Journey turns to the imprints of mistakes fear kindness and courage showing how each leaves lessons we can carry forward Part 3 Navigating the Path offers guidance for choosing directions aligned with our values rewriting old trails shaped by pain and walking meaningfully with others Part 4 Leaving a Lasting Legacy reflects on how we can create footprints that endure shaping not just our present but the world and future generations Through gentle storytelling practical reflections and soul centered insights Every Step Leaves a Footprint invites you to pause reflect and walk with greater presence It shows that mistakes need not be chains but lessons that soften us That kindness even in small acts ripples farther than we imagine That courage often arrives not in grand gestures but in quiet steps taken despite uncertainty The book is both deeply personal and universally relatable It honors the truth that none of us walk alone our paths intertwine influence and inspire one another Whether it is healing from past footprints or creating new ones with greater intention this work is a reminder that our journey is not measured only in milestones but in the imprints we leave along the way For seekers dreamers and anyone striving to live with clarity and depth Every Step Leaves a Footprint is an invitation to reflect to grow and to leave behind a trail worth remembering

Beyond the silver line Heeya Sharmin, Preface The journey of this book started as a simple memoir composed of some personal life stories and experiences that led to a rabbit hole full of complex items and ideas as if a person dug his or her backyard to make dirt bed for plants and found a piece of ancient ruins and ultimately an entire city buried underneath Thus something very light became heavy and dense with substance like the smokes and dusts that created the earth and the mountains and the oceans that make us wonder and explore I started to write this book in 2011 and finished it in 2013 and self published it in 2013 In 2011 as the writing of this book started and as it progressed with time strange phenomena and coincidences started to take place around me these strange incidents and coincidences could not be explained in a simple and conventional way even though those were not all metaphysical extra sensory experience some of those involved objects and visible activities The frequency of these incidents and coincidences made me become aware of the presence of some unseen beings and I started to research if other people had such experiences and I found that many other people had such experiences and some people described them as paranormal activities So I started to research more about this and more I researched about this more of these incidents and coincidences started to take place around me involving me Then I tried to find out why it was happening with me and around me particularly Eventually I found out that it was something about the book I was writing the book that you are about to read But I did not understand what it was about the book that could draw such attention because it was a very simple book that had ordinary stories of my personal life and my professions Then I started to receive indirect messages from unknown sources that the book must be edited and that was before I published it and it was very strange because first I wrote the book on papers Who knew what I was writing This messaging from unknown sources went on even after I published the book and it continued till today At the beginning I could not gather what to edit in this book Then I followed the clues and foot prints

that they had been leaving and I realized that I would have to excise quite a bit of the book if I had considered what they wanted me to edit but particularly and precisely the eye was on a poem a poem that was written about the 9 11 attack event named The tears of 9 11 I understood that these people did not want American people to read this poem Strangely something existed in this poem that they wanted to hide from the world But stranger than that was that I myself did not know what secret was hidden in this poem All I Knew was that whatever was hidden in this poem must be crucial for American people since these unseen beings were extremely aggressive about it and remained persistent to remove it As time passed I realized that they also wanted me to change the name of the book and edit another poem in the book Then like all roads lead to Rome all their demands led to 9 11 I realized that they had some connections to the 9 11 attack and they were afraid to be exposed Who are these unseen beings What secret they are afraid of What are their ties to 9 11 What is the secret in the name of this book This seemed to me very strange But how can we trace footprints of some beings that are invisible It is impossible and difficult to know the unseen with certainty but we can certainly trace their footprints that confirm their existence the way we trace wind as wind leaves its footprints we don't see wind we see leaves moving we feel cool we don't see wind we see funnels of dust and debris and whatever it pick up and leave its marks and footprints in the destructions it cause and we call it tornados There was a time when mankind did not know that such a thing called atom existed atoms were unseen Then atoms have been discovered but to our surprise there are even smaller particles exist in atoms inside unseen atoms are unseen electrons protons neutrons and inside electrons and protons and neutrons are quarks and leptons we hold our breath for there are particles and antiparticles in these quarks and leptons that have been individually indentified and labeled by the scientists the quarks are top bottom up down the leptons are the electron and the electron neutrino the muon and the thus the world of unseen atoms has been revealed So it is possible that there are living beings that we cannot see because it requires special tools to see them and we have not discovered it yet Because of the hidden mysteries that existed in this book which I did not know at the beginning and because of the interference of these unseen beings it got out of my control and the book started an indefinite journey and more editions needed to accommodate new information attributed to the incident of 9 11 This first edition was the beginning of a great challenge and a long journey of the book In this edition to be read are True stories True stories because that was what came in my mind to write about and in this memoir of mine I wrote true stories belonged to a time frame that was recent at that time I wrote selectively about some incidents of my life from that recent past and also from the distant past exactly where and how they happened and I mentioned parts of the exact conversations that took place In that time frame I worked as a nurse and I wrote about the nursing homes and the hospitals in Cleveland and Columbus Ohio where I worked and I wrote about the patients at the hospitals about the residents at the nursing homes the colleagues I worked with that were nurses and nurses aides and others from other departments I also worked as a staffing coordinator of a staffing agency I wrote about that experience I wrote about some of my relationships and my

thoughts and feelings I wrote about how lost I was spiritually how far away I was from the truth and on the brink of being destroyed and how I reversed gear to travel to the truth and my journey to the unseen world In that time frame I got to know many people including my patients at the hospitals and the residents at the nursing homes and their families They were from all walks of life They were people in different shapes and colors and of different race and ethnicity they were wonderful people with open arms and open minds My interactions with them enriched my experience as it unveiled multi facets of the society I am grateful for my family and all the people that existed in my life and all those that stepped into my life at any given time No meeting was meaningless Thank you Sincerely yours Heeya sharmin glimpses Stephen

Madison,2024-05-29 When the Dead Speak What if the comfort of hearing from your loved ones after they ve passed was a cruel illusion a carefully orchestrated manipulation designed to sow discord and destroy a community from within In the idyllic town of Havenwood a quiet peace is shattered when residents begin receiving text messages from their deceased loved ones Initially greeted with disbelief and then a fragile hope these messages soon stir a storm of emotion rekindling old wounds and questioning the very fabric of their community Reverend Sam Bennet still grappling with the loss of his wife Sarah is among those who receive a message The voice is unmistakably hers but the content feels too personal too eerily familiar He s not alone Esther Hawkins mourning the loss of her dear friend Martha receives a message referencing a shared quilt a poignant memory forever etched in her heart As the messages spread a sense of unease and suspicion begins to grip the town Whispers of a haunting phenomenon turn

into a desperate search for answers Enter Samantha a local tech wiz with a sharp mind and a knack for decoding digital mysteries She uncovers a chilling truth the messages are not supernatural but a calculated manipulation orchestrated by Paul Davies the quiet owner of the local tech repair shop Paul fueled by a complex mix of personal demons and a shadowy organization known as The Shepherd has been exploiting the town s grief for an insidious purpose to destabilize Havenwood from within Driven by a shared desire to protect their community and expose the truth Reverend Sam Samantha and Esther embark on a perilous journey confronting Paul and unmasking the Shepherd s network They find themselves in a race against time battling a technologically sophisticated foe that threatens to unravel the very foundations of their way of life As the investigation deepens the lines between reality and illusion blur The truth they discover is far more chilling than any ghost story The Shepherd s motives are chilling their reach vast and their methods a terrifying blend of deception social manipulation and a relentless hunger for power Can Havenwood reclaim its lost innocence Can they heal the wounds inflicted by a digital conspiracy that preys on their vulnerabilities Or will The Shepherd s sinister plan unravel their community from within leaving them forever scarred by the ghosts of their past **Finding Jesus on Upside Down Days**
