Footsteps from the Finland Station Michael Charlton, 1992 **Footsteps from the Finland Station** Michael Charlton, 1992-01-01 **The Soldier in Russian Politics 1988-1996** Robert V. Barylski, **Russia and China** Carl A. Linden, 1997-01-01 A collection of thoughtful and far ranging essays by two senior scholars The book hangs together better than most edited volumes *American Journal of Chinese Studies* *Soviet Politics* Richard Sakwa, 2012-11-12 *Soviet Politics in Perspective* is a new edition of Richard Sakwa's successful textbook *Soviet Politics* an introduction Thoroughly revised and updated it builds on the previous editions comprehensive and accessible exploration of the Soviet system from its rise in 1919 to its collapse in 1991 The book is divided into five parts which focus on key aspects of Soviet politics They are historical perspectives beginning with the Tsarist regime on the eve of Revolution the rise and development of Stalinism through to the decline of the regime under Brezhnev and his successors and Gorbachev's attempts to revive the system institutions of Government such as the Communist Party security apparatus the military the justice system local government and participation theoretical approaches to Soviet politics including class and gender politics the role of ideology and the shift from dissent to pluralism key policy areas the command economy and reform nationality politics and foreign and defence policy an evaluation of Soviet rule and reasons for its collapse Providing key texts and bibliographies this book offers the complete history and politics of the Soviet period in a single volume It will be indispensable to students of Soviet and post Soviet politics as well as the interested general reader *Russia's Bitter Path to Modernity* Alexander Chubarov, 2001-01-01 Will it follow the model of the Western capitalist democracies as those who applied the economic shock therapy of the early 90s hoped or will it choose its own distinct path of development In this history of Russia from 1917 to the present Alexander Chubarov teases out certain themes developed in his previous book on tsarist Russia *The Fragile Empire* One of the key factors to Russia's distinctiveness is its halfway location in the center of the Eurasian landmass This lends an inevitability to the traditional cultural schism between Westernizing reformers and Slavophiles Neither approach says Chubarov will work on its own Chubarov offers a balanced view abstaining from narrow ideologically biased assessments and examines the triumphs yes and failures of Russia's Soviet development within Russia's own cultural and historical context Without ever minimizing the brutalities of the Soviet period the state terror the collectivizations the labor camps the deportations of whole peoples Chubarov demonstrates much continuity between tsarist and Soviet Russia with the latter often repeating the former's mistakes Russia says Chubarov cannot turn its back on its Soviet experience Far from being a blind alley or aberrant phase the Soviet period was an organic part of Russia history and was largely successful in turning Russia and most of the other Soviet republics into modern states **The Cause of Cosmopolitanism** Patrick O'Donovan, Laura Rascaroli, 2011 This work in assessing cosmopolitanism as a cause argues that justifications and critiques of the cosmopolitan are shaped as much by political and cultural forces as by the distinctive philosophical tradition in which it is situated **Belonging to the Nation**
