Carpenter,2017-10-20 With its appeal predicated upon what civilized society rejects there has always been something hidden in plain sight when it comes to the outlaw figure as cultural myth Damian A Carpenter traverses the unsettled outlaw territory that is simultaneously a part of and apart from settled American society by examining outlaw myth performance and perception over time Since the late nineteenth century the outlaw voice has been most prominent in folk performance the result being a cultural persona invested in an outlaw tradition that conflates the historic folkloric and social in a cultural act

Focusing on the works and guises of Lead Belly Woody Guthrie and Bob Dylan Carpenter goes beyond the outlaw figure's heroic associations and expands on its historical Jesse James Billy the Kid folk John Henry Stagolee and social tramps hoboes forms He argues that all three performers represent a culturally disruptive force whether it be the bad outlaw that Lead Belly represented to an urban bourgeoisie audience the good outlaw that Guthrie shaped to reflect the social concerns of marginalized people or the honest outlaw that Dylan offered audiences who responded to him as a promoter of clear sighted self evaluation As Carpenter shows the outlaw and the law as located in society are interdependent in terms of definition His study provides an in depth look at the outlaw figure's self reflexive commentary and critique of both performer and society that reflects the times in which they played their outlaw roles

Cowboy Poetry Matters Robert McDowell, 2000 In his groundbreaking essay Can Poetry Matter reprinted here Dana Gioia suggested that many types of poetry assumed by some readers to be marginal art should not so easily be deleted from mainstream American literature Throughout the twentieth century perhaps no important writing has been as seriously and mistakenly overlooked by the literati as Cowboy poetry Essentially connected to the folk tale to legend myth the ballad and song and vitally enhanced by the contemporary voices of independent ranch women Cowboy poetry vividly connects us to our past and our fragile threatened natural environment The writers included here both working horse and cattle people and mainstream authors share the brand of bold expression and independent thought found only among the best literary artists Here is not literary theory Here is literary life An anthology as diverse as America herself
