**Legendary Tales of The Highlands (Volume 2 of 3)** Thomas Dick Lauder,2021-01-01 There is a long low flat topped and prettily wooded eminence that rises out of the middle of the bonny haughs of Kilmaichly at some distance below the junction of the rivers Aven and Livat I don t remember that it has any particular name but it looks for all the world like the fragment of some ancient plain that must have been of much higher level than that from which it now rises which fragment had been left after the ground on each side of it had been worn down to its present level by the changeful operations of the neighbouring streams But whatever you geology gentlemen might say as to what its origin might have been every lover of nature must agree that it is a very beautiful little hill covered as its slopes are with graceful weeping birches and other trees The bushes that still remain show that in earlier times it must have been thickly wooded with great oaks which probably gave

shelter to the old auncient Druids when engaged in their superstitious mysteries At the period to which the greater part of my story belongs that is in and about that of the reign of King James the III the blue smoke that curled up from among the trees betrayed the existence of a cottage that sat perched upon the brow of its western extremity looking towards the Castle of Drummin This little dwelling was much better built and in every respect much neater than any of those in the surrounding district and its interior exhibited more comforts as to furniture and plenishing of all sorts and those too of a description superior to any thing of the kind which a mere cottager might have been reasonably expected to have possessed

*Ancient Elder Gods and Irish Myths* A.J. Carmichael, 2024-05-13 Celtic mythology is a rich and intricate diverse world a captivating realm where deities and humans interact amidst mystical environments and celestial conflicts Rooted predominantly in the ancient cultures of Ireland and Wales this mythology serves as a compendium of stories a cultural and spiritual mirror reflecting the Celtic people s values traditions and laws By delving into the extensive range of Celtic myths particularly the mythological Ulster and Fenian cycles in Ireland and the Mabinogion in Wales we can uncover the profound influence these myths have had on European literary and cultural development The primary method of transmitting these stories was oral posing a significant challenge to studying Celtic myths The religious perspectives of the scribes particularly Christian monks have left a significant imprint on these texts but they remain crucial for our understanding Irish literature draws from significant sources such as The Book of Invasions and The Book of Leinster while Welsh literature relies on an important source known as Mabinogion Roman historians provide additional external narratives that contribute to understanding the Celts in a wider context of ancient European history Unravelling these sources requires a nuanced approach to differentiate the authentic pagan elements from the Christian additions The Celtic pantheon features diverse deities who govern various aspects of existence and the natural realm In Irish mythology the Dagda embodies paternal dominion and jurisdiction over the cycles of life and death whereas Morrigan signifies the supremacy and inevitability of warfare According to Welsh mythology Arawn is the sovereign of the Otherworld and Bran the Blessed is a colossal king with deep ties to the land and its well being The Celts gods frequently engage with humans often directly intervening in their destinies highlighting the Celts perception of the cosmos as a profoundly interconnected domain The Mythological Cycle in Ireland narrates the tales of ancient deities and their conflicts including the Tuatha D Danann celestial beings who eventually assimilate into Irish civilisation as the forefathers of the contemporary Irish people after being conquered by the Milesians The purpose of this cycle is twofold to document Ireland s legendary history and to assert a divine entitlement to the land and its governance
