Living from the Heart consists of three related pieces that explore living from the spiritual Heart Part One From the Heart offers simple ways to drop your awareness into the Heart and thereby shift into a more open allowing perspective and to more fully experience the world and your true nature as aware space It goes on to explore dropping awareness into the belly and ultimately into the larger spiritual Heart which includes the mind heart and belly These simple shifts in perspective can profoundly alter your experience of life and its challenges It turns out it doesn't matter what you experience what matters is where you experience it from Part Two The Heart's Wisdom explains how the Heart is a wise and accurate guide to the truth The truth is whatever opens your Heart and quiets your mind This simple definition cuts through any confusing ideas and beliefs to the direct source of wisdom and guidance available in your own Heart Part Three Love Is for Giving points to the true source of love in your own Heart The essence of love is the spacious open attention of our awareness Awareness is the gentlest kindest and most intimate force in the world It touches everything but doesn't impose or make demands Surprisingly this awareness or love is experienced most fully when you give it to others not when you get it from others The more love you give the more love you experience It is by freely giving love that we are filled with love Throughout there is a pointing beyond the experience of the Heart and its wisdom peace and love to the possibility of recognizing these essential qualities as who and what you are The Heart with all its joy satisfaction peace love and wisdom is not just something you can experience more fully it is what you have always been and always will be In recognizing your true nature as this fullness of Being you can ultimately rest from all seeking and effort and just be who you are

and helps explain phenomena that couldn't have been explained otherwise. It supports science equally; however, it doesn't just support theories that are based purely on physical evidence though it may provide answers where these haven't been found yet if one is open to accepting a different point of view. It was written to serve as a manual for life explaining how things become what they are and providing confidence and strength to teens getting ready to face the world on their own and to adults who feel lost without a purpose and in need of guidance toward a happy life. the best you aspire to be I'm Just Saying Nathan McCrary,2022-11-11 The book I m Just Saying in my opinion gives an example of the power of thought Be it good or bad every person that has lived and is living is a living example of our thoughts A thought is nothing more than a thought until there is action taken on its behalf How you process your thoughts can be changed in an instant It all starts with you I m Just Saying gives a simple breakdown of how easily the mind is manipulated by the ways of this world Although it is wise to be aware of the ways of this world it doesn t mean you should allow yourself to become a victim of it Many people have corrupted minds You may be sitting next to one of those people now That person may be you If you are aware of certain situations and you know you should create a change for the better in you why haven t you It all starts with a thought Here s a different point of view The Creator of the universe had a thought He said aEURoeLet there be light aEUR Light appeared and it was good From there God had one thought after another for six days straight creating the world we live in today He had pure thoughts spoke life into them and they manifested From the beginning of time everything is manifested through a thought I m just saying **The Soul Speaks** Grace B. Eleazar,2002-02 This book deals with the principles the purposes and the means indeed the physics of inner change Embodied and enhanced by the author s own free flowing poetry this study promises to broaden the reader s horizons and lead him or her to a greater understanding of both the world around us and the universe within us Only by achieving harmony between these two planes the outer and the inner self can we better understand ourselves and our fellowmen **Building Your Best Life** Merie Weismiller Wallace,2024-05-21 You might be surprised to know how many adults pick up their heads one day and ask themselves how did I end up here Merie Weismiller Wallace a still photographer who has worked on some of Hollywood s most interesting films reveals things she learned and ideas she discovered that allowed her to create a uniquely wonderful life It all started when Merie was failing in junior high then imagined exactly what she would prefer and through an odd combination of events and persistence she found her dreams and aspirations coming true At the time no one told her that she had used a technique of visualization that successful people use purposefully Even though she never knew that most of the ideas and techniques in this book existed she began to have a gut feeling that there was more to life than people were telling her about Building Your Best Life will help you discover your authentic self and break through uncertainty It offers new options and ways of thinking so that you too can build yourself a personally fulfilling and meaningful life Find the Force Be the Light Mary Pompeo,2017-08-21 If there has ever been a time in your life when things got very confusing and maybe even more than a little overwhelming or you were just looking for some guidance and advice on how to navigate the pitfalls of everyday living then having this book to refer to would have been a literal Godsend Even if you are just in need of something to lift your spirits while helping you to get back on your feet again this is a book that you just have to read Whenever life presents you with situations that seem to have no easy answers or you simply feel indecisive while in need of some comforting words of wisdom let the wonderful insights and heartfelt prayers of Mary Pompeo guide you Within an

atmosphere of trust and compassion you will come across many subjects that she has helped very many of her clients deal with over the span of her lifetime counselling career This is because Mary has such a wonderful gift for understanding people and how to give them meaningful guidance which then allows them to empower their lives with the confidence and clarity of foresight much of which comes through prayer Prayers as you will see from reading this book are not limited to the province of organised religion There is much more to it than that and you don t have to be at all religious to make good use of them As you will discover your words are always heard by an intelligence which is way beyond the capacity of the human mind to understand Answers are always received but they can often be difficult to appreciate in respect to the gifts which they bring with them In Mary s own words The main reason that I set out to write something of this nature was because I believe wholeheartedly in the power of prayer In this respect I can confidently assure you of something It s this There is nothing whatsoever that is going on in your life right now which is seemingly so terrible that prayer cannot make it better Life can oftentimes seem harsh and grossly unfair where the challenges which come from being this way can on occasions feel completely overwhelming The act of praying takes on those challenges and infuses them with Divine Creative Energy the very same energy that made our Universe and which continues to power our sun so as to bring the vibrancy of life and brightness to everything Although we have never actually met I can confidently tell you that you are stronger more resourceful and much more powerful than you give yourself credit for There is a light within you which burns brightly even though you have done such a great job of hiding it so well You just need someone to help you find it so that you are able to reconnect with the Universal Force which constantly seeks to guide you back onto the path of enduring happiness and inner peace Prayer is a truly wonderful way to achieve this and so along with my advice I have chosen to share with you my own special way of reaching out to a higher power One that will strive to lift your spirits if only you have the will to manifest this My aim if you allow me to is to show you how to regain control of your life as well as fixing the seemingly unfixable There is nothing that you cannot achieve if you just set your mind to it Find that Force Be that Light Use this book to rise above your challenges dramas and your apparent limitations Be happy and feel loved You absolutely do deserve it The Divine Creative Force wants nothing else other than for you its precious and cherished creation to be this way
