Which Proximity in Design Education? Rita Assoreira Almendra, 2025-01-30 This book explores various pedagogical viewpoints and dialectical positions within the field of design education and the concept of proximity it has established with industries and manufacturing Which Proximity in Design Education frames a wide range of approaches in design studios on undergraduate graduate and

postgraduate levels and their capacity to render meaningful and novel attitudes and actions beyond the classroom The urgent call for resilience in the way we lead our lives has brought our global boundaries and social tensions to the forefront of the conversation and there is a generation of students fully aware of our collective responsibility in this decisive decade As such educators need to rapidly adapt to new tools and ways of teaching design whilst also being challenged on how to educate the designer for the pressing tasks of the near future It presents optimistic solutions for how education can support renovated mindsets and efforts towards common goals This book contains distinct visions of the world and its problems relating to proximity in design education As such the chapters present diversified solutions to these issues which will be of interest to teachers and researchers working in design education *Teachers as Curriculum Designers for Transcultural*

*Communicative Competence* Jennifer Eddy, 2025-08-21 What do language instructors consider when faced with new curriculum guidelines How can teacher leaders encourage learner autonomy and creativity through relevant purposeful and novel pupil deliverables How does this experience change how teachers view their profession This book guides educators on design of MFL heritage and community language curriculum and assessment tasks providing a blueprint for any revision initiative even within a prescribed national context This framework implemented with Curriculum for Wales engages teachers in design for spiral progression of intercultural themes within MFL heritage and community language curricula It provides a model for other national curriculum initiatives to encourage uptake via creative task design for both teacher and learner autonomy With language uptake a concern globally this book is applicable to any MFL or heritage language setting This book includes voices from the field where teachers explain their process and how their teacher autonomy provided a model for their pupils and increased their confidence with languages Including 20 exemplars in English with cultural content and instructional strategies for French Spanish German and Welsh this book looks at universal intercultural themes to facilitate application to all languages and cultures Design Culture Guy Julier, Mads Nygaard Folkmann, Niels Peter Skou, Hans-Christian Jensen, Anders V. Munch, 2019-02-21

Design culture foregrounds the relationships between the domains of design practice design production and everyday life Unlike design history and design studies it is primarily concerned with contemporary design objects and the networks between the multiple actors engaged in their shaping functioning and reproduction It acknowledges the rise of design as both a key component and a key challenge of the modern world Featuring an impressive range of international case studies Design Culture interrogates what this emergent discipline is its methodologies its scope and its relationships with other fields of study The volume's interdisciplinary approach brings fresh thinking to this fast evolving field of study **Designing Worlds** Kjetil Fallan, Grace Lees-Maffei, 2016-06-01 From consumer products to architecture to advertising to digital technology design is an undeniably global phenomenon Yet despite their professed transnational perspective historical studies of design have all too often succumbed to a bias toward Western industrialized nations This diverse but rigorously curated collection recalibrates our understanding of design history

reassessing regional and national cultures while situating them within an international context Here contributors from five continents offer nuanced studies that range from South Africa to the Czech Republic all the while sensitive to the complexities of local variation and the role of nation states in identity construction     Destination Management and Marketing: Breakthroughs in Research and Practice Management Association, Information Resources, 2020-03-06 The marketing of a destination necessitates strategic planning decision making and organization Effective positioning will result in a strong brand that develops an emotional and productive two way relationship Notwithstanding destination managers should possess relevant knowledge and understanding on traditional and contemporary marketing channels to better engage with prospective visitors Destination Management and Marketing Breakthroughs in Research and Practice focuses on utilizing destination branding and content marketing for sustainable growth and competitive advantage within the tourism and hospitality industry including tools and techniques for travel branding and best practices for better tourism management strategies Highlighting a range of topics such as service quality sustainable tourism and competitiveness model this publication is an ideal reference source for government officials travel agencies advertisers marketers tour directors hotel managers restaurateurs industry professionals including those within the hotel leisure transportation and theme park sectors policymakers practitioners academicians researchers and students
