Strategic management and leadership is necessary to ensure that the system is best meeting the nation's needs for high quality, affordable, and sustainable energy. Strategic management and leadership is necessary to ensure that the system is best meeting the nation's needs for high quality, affordable, and sustainable energy.

The strategy is to increase the political participation of women and to have women take on more visible roles within the government. They will also be encouraged to take on more visible roles within the government. They will also be encouraged to take on more visible roles within the government.

**Environmental Justice**

Environmental justice involves issues such as air quality, health, and chemical use in inner cities and suburbs. One problem that has caused an environmentalist to be elected to state assembly was his role in the fight to close a toxic dump in the Bronx. He is a member of the New York Environmental Justice Movement.

**2. Effects of age.** The developmental effects of aging on learning. Amongst the effects of age, developmental changes in the growth of a highly pruned 1-year-old brain are more like phylogenetic growth in the "happi" pathway of the brain. There is some evidence that although OL development has a positive effect on the rate of OL in the early stages, it is not a significant factor in the later stages.

**Swelling potential** reflects the amount of water absorbed by the polymer and is a measure of the amount of swelling. Swelling increases due to greater contact between water molecules and the polymer chains. Swelling can vary as a function of polymerization conditions and is related to the density of crosslinking of polymer chains. For the given composition,  $Q$  and  $Q_{\infty}$  are calculated:
