Discover the Difference Between a So-So Manuscript and a Novel Readers Can't Forget We've all read them: novels by our favorite authors that disappoint. Uninspired and lifeless, we wonder what happened. Was the author in a hurry? Did she have a bad year? Has he lost interest altogether? Something similar is true of a great many unpublished manuscripts. They are okay stories that never take flight. They don't grip the imagination, let alone the heart. They merit only a shrug and a polite dismissal by agents and editors. It doesn't have to be that way. In *The Fire in Fiction*, successful literary agent and author Donald Maass shows you not only how to infuse your story with deep conviction and fiery passion, but how to do it over and over again. The book features techniques for capturing a special time and place, creating characters whose lives matter, nailing multiple impact plot turns, making the supernatural real, infusing issues into fiction, and more. Story-enriching exercises at the end of every chapter show you how to apply the practical tools just covered to your own work. Rich examples drawn from contemporary novels as diverse as *The Lake House*, *Water for Elephants*, and *Jennifer Government* illustrate how various techniques work in actual stories. Plus, Maass introduces an original technique that any novelist can use any time, in any scene, in any novel, even on the most uninspired day, to take the most powerful experiences from your personal life and turn those experiences directly into powerful fiction. Tap into *The Fire in Fiction* and supercharge your story with originality and spark. *Footprints of God* Charles E. Van Engen, Nancy Thomas, Robert Gallagher, 2011-07-27

Twenty-five doctoral students from around the world recently set out to forge a new path toward a theology of mission. As they blazed a new trail, they discovered the footprints of God: evidence that God was their trial guide. Charles Van Engen led this group of mission practitioners, pastors, teachers, and mission executives as they set out to discover answers to important questions such as: What is the theology of mission? and What is missiology? The team used a new approach to answer these questions, employing narrative to integrate personal stories, community stories, cultural stories, and biblical stories. Each writer brings his or her own unique context to bear on these important questions through personal story and by highlighting the work of a major missiologist who has impacted their life and work. By drawing from personal stories, the authors show how human

factors affect missiology All of the chapters are set within a unique theological framework created by Charles Van Engen that focuses on mission of the way mission in the way and mission on the way This framework reveals that mission must be of the way Christ centered in the way happening among the peoples and cultures of the world and on the way moving forward over time through God s people as they anticipate Christ s present and coming kingdom If you are concerned about connecting the Bible theology and ministry with the complexity and variety of contexts facing Christians today then you will want to join this journey to discover the footprints of God As Van Engen says you will be encouraged to think theologically about mission and missiologically about theology **Books Out Loud** ,2007 *The Literary churchman* ,1884 Psalms : Volume 2 (Teach the Text Commentary Series) C. by prominent scholars of eighteenth century literature salute Maximillian E Novak's influence upon the study of Daniel Defoe. Best known today as the author of *Robinson Crusoe*, Defoe was a prolific writer in the late seventeenth and early eighteenth centuries who wrote novels, essays, pamphlets, and poems. Widely extending Novak's perspectives, this volume explores Defoe's place in the English novel and in literary developments of mimesis, realism, and popular mythology. The contributors locate Defoe in new ways within the complex symbolism and discourse of a turbulent world of burgeoning capitalism, Protestantism, imperialism, and economic speculation. With attention to Defoe's neglected writings as well as to his important works, this volume uncovers his distance from and influence on modern literature, paying tribute to Maximillian E Novak by presenting new ideas about and new readings of Daniel Defoe. *Manlike Monsters on Trial* Marjorie M.
