A Collection of Sermons for Every Occasion George Thompson,2014-01-08 Two elements are vital in preaching a sermon the correct blending of the sermon and the actual act of preaching Gospel sermons must be prepared to meet all the needs of humankind We should explain our sermons so that the audience could understand We should use strong verbs and short sentences To enjoy the fullness of Gods blessings of protection deliverance and security the people of God need to digest divine sermons The sooner we understand that God is the one who has the final authority over all the better off we will be Avoid wasting a lot of energy worrying about things that are already under his control God is still at work Mankind should seek every opportunity to be converted The term conversion refers to the human response to the gospel Conversion requires the commitment of the total personality intellect emotion and will This is how people respond to the message of the gospel when they understand the nature of Christs atonement They feel the guilt of conviction love God and surrender their wills to the offer of salvation Satans forces of darkness are highly structured for the most destructive purposes Therefore sermons with spiritual strength and courage are needed for our spiritual warfare If you want to win the struggle against sin depression evil thoughts immoral behavior and demonic bondage then submit to divine sermons If we are not listening to divine sermons we will drift off Gods pathway and be controlled by the old nature and its appetites **The Tent and the Altar; or, Short family prayers for every morning and evening in the week.
