## **Friend For The Journey A Peer Ministry Training Program For Teens:**

**Friend for the Journey** Joseph Moore, 1994-01-01 Peer ministry can be described most simply as one young person helping another. The positive peer influence that occurs naturally can be nourished and enhanced, becoming a source of energy for the entire community. This program, developed over twenty years of working with teens, offers a step-by-step approach to recruitment, training, and spiritual development for Christian young people involved in formal peer ministry. *Friend for the Journey* teaches fundamental skills of living, good listening, communication, and helping in difficult situations, most often by referring peers to agencies that can intervene effectively. Through this training program, teens will develop confidence and self-esteem in working with their peers and will learn to recognize their limitations as peer ministers. The Leader Edition develops the foundations of peer ministry programs, discusses ethical issues, explores the pitfalls and crises of any peer ministry program, and includes sample application forms and a commissioning service for peer ministers. Each section also includes an introduction that discusses the material being covered. The Youth Edition includes all the background essays and all the exercises that participating teens will need to complete the training program and become better prepared to help their peers cope with the challenges and struggles of everyday life. *Five Cries of Grief* Merton P. Strommen, 1996-08-01 Beginning with a dramatic story of the death of a young adult son, this book presents a new paradigm for the grief process. An alternative to Kubler-Ross, this text is structured around five cries of grief: the cry of pain, the cry of longing, the cry for supportive love, the cry for understanding, and the cry for significance. *Transforming Disciples* Linda Grenz, 2008-09-01 At once travel guide and vision for the future, the Transformation series is good news for the Episcopal Church at a time of fast and furious demographic and social change. Series contributors, recognized experts in their fields, analyze our present plight, point to the seeds of change already at work, transforming the church, and outline a positive new way forward. What kinds of churches are most ready for transformation? What are the essential tools? What will give us strength, direction, and purpose to the journey? Each volume of the series will explain why a changed vision is essential, give robust theological and biblical foundations, offer a guide to best practices and positive trends in churches large and small, describe the necessary tools for change, imagine how transformation will look, and make disciples through Christian formation. Too often, Christian formation looks like a limited number of educational programs offered to child, teen, and adult consumers who move on if they don't find what they want. How can we make the transition from consumer religion to participatory faith by building congregational relationships that nourish people spiritually and empower them to risk living, worshipping, learning, and serving God and each other in new and enlivening ways. **Subject Guide to Children's Books in Print 1997** Bowker Editorial Staff, R.
