The Friends of Freeland Brad Leithauser, 2011-11-02 In this roomy bawdy exuberantly comic novel Brad Leithauser takes us to an imaginary island country Freeland during a crucial election year Freeland occupies its own place in the North Atlantic somewhere between Iceland and Greenland A geological miracle it is desolate What green is to Ireland gray is to Freeland and inspiring The friends of the title are Hannibal an expansive lovable unruly giant of a man who has been President of Freeland for twenty years and Eggert his shrewd often prickly always devious sidekick and adviser who is Poet Laureate of Freeland and the book's narrator As the book opens Freeland long happily isolated and stubbornly independent is in trouble The sins of the rest of the world have begun to wash up on its shores in the form of drugs restless youth and a polluted fished out ocean And to add to the complications when Hannibal who has promised to step down as president decides to run again the opposition imports three electoral consultants from the United States As the story unfolds the histories of the friends are revealed While Hannibal is Fate's adored Eggert travels perpetually under a cloud Orphaned early he must make his way by his wits We follow him from his youth as he adventures Down Below any place south of Freeland collecting women lovers children restlessly churning out fifty books in his search for love and admiration returning home at last to raise a family and to serve his friend in his political hour of need This huge stunning magical book brims with pleasures delicious satire as the independent minded natives meet the U S trained spin doctors a vibrant comic strip vitality and an edgy poignancy Best of all Leithauser has created a whole world at once uncannily like and unlike our own Readers who journey to Freeland will find it both a land of wonders and an ideal place from which to view the world they've left behind *Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954*, 2003

Internal Revenue Service, 1993 **Publication**, 1989 **Beyond Zion** Laura Almagor, 2022-05-01 Finalist for National Jewish Book Award for Writing Based on Archival Material 2022 Jewish political and cultural behaviour during the first half of the twentieth century comes to the fore in this portrayal of a forgotten movement with contemporary relevance Commencing with the Zionist rejection of the Uganda proposal in 1905 the Jewish Territorialist Movement searched for areas outside Palestine in which to create settlements of Jews This study analyses the Territorialists ideology and activities in the Jewish context of the time but their thought and discourse also reflect geopolitical concerns that still have resonance today in debates about colonialist attitudes to peoplehood territory and space As the colonial world order rapidly changed after 1945 the Territorialists did not abandon their aspirations in overseas lands Instead in their attempts to find settlement solutions for Europe's surplus Jews they moved from negotiating predominantly with the European colonizers to negotiating also with the ever more powerful non Western leaders of decolonizing nations This book reconstructs the rich history of the activities

and changing ideologies of Jewish Territorialism represented by Israel Zangwill's Jewish Territorial Organisation the ITO and later by the Freeland League for Jewish Colonization under the leadership of Isaac Steinberg Via Uganda Angola Madagascar Australia and Suriname this story eventually leads us to questions about yidishkeit and to forgotten early twentieth century ideas of how to be Jewish *Drug Enforcement*, 1997 *Most Loving Mere Folly* Ellis Peters, 2016-03-01 A post WWII love affair is eroded by suspicions of murder from the Edgar Award winning author of the Chronicles of Brother Cadfael Talented potter Suspiria Freeland and her painter husband Theo survived the Blitz and are living among fellow artists in a bombed out London suburb But since the war's terror ended Theo's drunken self loathing has become even harder for his long suffering wife to bear When Dennis Forbes enters their lives Suspiria is immediately drawn to the handsome young mechanic Though he obviously shares her passionate attraction he is fourteen years her junior and she of course is married until Theo's lifeless body is discovered Theo's death from poison leaves his widow free to love and marry her much younger paramour But their newfound happiness is soon threatened on all sides by a community's gossip and mistrust by a legal system determined to enact justice at any price and by the lovers themselves as suspicion continues to mount that one of them is a murderer This stand alone novel of forbidden love suspicion and suspense is further evidence why the Financial Times called Edgar Agatha and Gold Dagger Award winning author Ellis Peters a cult figure of crime fiction **Journal of the Illinois State**

Historical Society Illinois State Historical Society, 1924 *Rolling in Ditches with Shamans* Wendy Leeds-Hurwitz, 2004-01-01 *Rolling in Ditches with Shamans* charts American anthropology in the 1920s through the life and work of one of the amateur scholars of the time Jaime de Angulo 1887-1950 Although he earned a medical degree de Angulo chose to live on an isolated ranch in Big Sur California where he participated fully in the lives of the people who were his ethnographic informants The period of his most extensive research coincides almost perfectly with the professionalization of anthropology and de Angulo provides a link between those who are generally recognized as the most important figures of the day Franz Boas Alfred Kroeber and Edward Sapir The fields of salvage ethnography and linguistics which Boas emphasized were aimed at recording the culture language and myths of the Native groups before they became completely acculturated In keeping with these dictates de Angulo recorded data from thirty groups mostly in California which otherwise might have been lost In an unusual move for that time he also wrote fiction and poetry describing the modern lives of the people he studied something of little interest to Boas but of great interest today His most enduring work is *Indian Tales* a fictional synthesis of myths learned from various California Indians De Angulo's range of interests originality and expertise exemplified the curiosity and brilliance of those who pioneered American anthropology at this time **Life of Stephen Arnold Douglas** Frank Everett Stevens, 1924 **Spirits of Defiance** Kathleen Morgan Drowne, 2005 **The Nation**, 1997 **The American Friend**, 1925 **The Family friend** [ed. by R.K.
