Max Frisch with his countryman Friederich Dürrenmatt shares the place of eminence in contemporary Swiss literature  
Indeed he ranks high among the recent leading writers in the German language But although several of his works novels and plays have been translated into English he remains little known in America In this collection of essays an international group of scholars provides a fresh introduction to this noted author The three leading essays review Frisch's work in the forms he has used most extensively drama narrative fiction and the personal diary The remaining nine essays focus on specific works or topics Among the works examined are I'm Not Stiller A Wilderness of Mirrors Wilhelm Tell and the recent Man in the Holocene Among the topics are Frisch's use of language and images his treatment of women and the element of parody  
Concluding the volume is the most complete bibliography on Frisch to appear in English to date    **Materialien zu Max Frisch "Biedermann und die Brandstifter"** Walter Schmitz,1979    *Zeit und Zeiterlebnis in den Werken Max Frischs*
