Wolfe, 1997 Folk Songs of Middle Tennessee is superior to most collections because Boswell cast a wide net in his collecting recording many items from people not usually thought of as folksingers and because unlike most collectors of his day he was equally skilled at music and lyric transcription W K McNeil The Ozark Folk Center This volume brings together for the first time more than one hundred traditional songs from Middle Tennessee a region that is synonymous in the popular mind with music but one that has been curiously neglected in folksong scholarship The songs presented here were originally collected in the late 1940s and early 1950s by George Boswell a distinguished scholar and field researcher who died in 1995 While living in Nashville Boswell scoured the city and surrounding counties for old ballads and folk songs Sometimes using a wire or tape recorder at other times employing a stenographer he visited numerous singers and transcribed the words and tunes to hundreds of songs Even after moving from Tennessee to assume a teaching position at the University of Mississippi Boswell continued to work on his collection annotating and comparing texts and publishing occasional samples In 1950 he noted that Tennessee virtually alone among southern states had no published collection of its folk songs That has remained the case until now The songs chosen for this book are presented with musical notation and extensive background notes including biographical data on the original informants many of whom were business and professional people and fascinating histories of each song A number of the songs are rare and previously uncollected others are local variants of long popular ballads The publication of this volume the first major collection of southern folk songs in many years is not only a testament to Boswell s scholarship but a marvelous contribution to our understanding of southern folk culture and The Best of Texas Folk and Folklore, 1916-1954 Texas Folklore Society, 1998 A representative anthology of Texas folklore from the first half of the twentieth century including legends ghost stories songs proverbs and other writings Country Music Records Tony Russell, Bob Pinson, 2004-10-07 More than twenty years in the making Country Music Records documents all country music recording sessions from 1921 through 1942 With primary research based on files and session logs from record companies interviews with surviving

Folk-Songs Dorothy Scarborough,2022-06-02 How often have I overheard alluring snatches of song only to be baffled by denial when I asked for more Kindly black faces smile indulgently as at the vagaries of an imaginative child when I persist in

pleading for the rest Nawm honey I wa and n and t singing nothing nothing a tall How often have I been tricked into enthusiasm over the promise of folk songs only to hear age worn phonograph records but perhaps so changed and worked upon by usage that they could possibly claim to be folk songs after all or Broadway echoes or conventional songs by white authors Yet cajolements might be in vain even though all the time I knew by the uncanny instinct of folk lorists that there were folk songs there And even when you get a song started when you are listening with your heart in your ear and the greed of the folk lorist in your eye you may lose out If you seem too much interested the song retreats draws in like a turtle and s head and no amount of coaxing will make it venture back And there is something positively fatal about a pencil Songs seem to be afraid of lead poisoning Or perhaps the pencil is secretly attached by a cord a vocal cord to the singer and s tongue It must be so for otherwise why has it so often happened that when I distrustful of my tricky memory to hold a precious song have sneaked a pencil out to take notes the tongue has suddenly jerked back and refused to wag again Yet that is not always the case for sometimes the knowledge that his song is being written down inspires a bard with more respect for it and he gives it freely
