Annual Report of the President to the Corporation of Brown University Brown University, 1886 **Handbook of Corporate University Development** Dr Scott Taylor, Professor Geoff Peters, Professor John Storey, Professor Rob Paton, 2012-09-01 The emphasis on corporate universities has been a driving force in moving companies beyond a restricted approach to training to a central vision for learning within the organization However there have been failures and many corporate universities have struggled to bring a business rigour to learning or to align their development with the key business and financial drivers of the organization It is time for the Corporate University to demonstrate how business rigour handled deftly and with strong and perceptive leadership can revolutionize learning both inside and outside the organization The Handbook of Corporate University Development is an important catalyst towards this process It draws on experience from around the world to provide anyone responsible for strategy and learning at senior levels in government education and business with a picture of current best practice *From Campus to Corporation and the Next Ten Years* Stephen Strasser, John F. Sena, 1990 **Advanced Corporate Accounting - Semester IV [CBCS-Bangalore University]** MC Shukla et. al, Advanced Corporate Accounting has been especially written to meet the requirements of B Com students as per the Choice Based Credit System CBCS curriculum of Bangalore University It comprehensively presents the fundamental concepts of corporate accounting in an informative and systematic manner *Corporate Behavior and Sustainability* Güler Aras, Coral Ingley, 2016-10-04 Companies can no longer expect to engage in dubious or unethical corporate behaviour without risking their reputation and damaging perhaps irrevocably their market position Irresponsible corporate behavior not only deprives shareholders of long term returns but also ultimately imposes a cost on society as a whole Sustainable business is about ensuring that entities contribute toward positive social environmental and economic outcomes Bad business behaviour is costly for stakeholders for markets for society and the economy alike To ensure that a company behaves well the buy in of the leadership team is crucial The full commitment of the board of directors in conjunction with the senior managers of the organization is required if an organization is to be socially responsible In this sense leadership does not reside with an individual the CEO within the organization but with all of those at the apex of corporate power and control Effective change management requires enlightened and capable leadership to instigate and drive the process of embedding a sustainable and socially responsible corporate philosophy and culture that supports good business decision making A profound understanding of the requirements of such a leadership process will help corporate managers become highly effective change agents Governance will be the main driver of this change For the economy and financial markets to become sustainable and resilient radical changes in corporate leadership need to take place Integrated reporting government regulation and international standards will all be important factors in bringing about this change As well as understanding the effects of corporate behavior on financial markets such an understanding is also now imperative in relation to the social and environmental
