The Other Worldview Peter Jones,2015-06-24 A must read for every concerned American and especially for every Christian who weeps at the graveside of his culture R C Sproul A cataclysmic change has occurred as our culture has shifted toward belief in Oneism Every religion and philosophy fits into one of two basic worldviews Oneism asserts that everything is essentially one while Twoism affirms an irreducible distinction between creation and Creator The Other Worldview exposes the pagan roots of Oneism traces its spread throughout Western culture and demonstrates its inability to save For bodily holiness and transformed thinking we depend entirely on one amazing thing the incredibly

powerful message of the Gospel to a sinful world which is the ultimate expression and goal of Twoism The only hope is in Christ alone *Eden and the Individual* Emil Mihelich,2006-07 Even more than we might realize the Garden of Eden story has supplied the foundation for Western civilization ever since the Roman Emperor Theodosius the Great granted the orthodox version of Christianity imperial support in the fourth century AD Faced with the scientific and economic challenges of the 21st century however it s time to revisit our traditional understanding of our Christian heritage St Augustine s monumental work *The City of God* built on his original sin interpretation of the Garden of Eden story traditionally defined the role of the responsible individual living within the resulting orthodox structure But what is the role of such an individual living in an era that has witnessed the waning of the power and influence of that institutional authority the authority built on Augustine s persuasive interpretation of the events described in the Garden of Eden story Without throwing the baby out with the bath water and by paying homage to Augustinian sacrifice and commitment to belief *Eden and the Individual Christianity for the 21st Century* explores that question In the process it offers creative conclusions directed toward enhancing the meaning and value of individual lives Given a fresh sense of purpose every individual can then work toward creating and preserving the order and structure that have governed collective Western life In this awe inspiring chronicle indeed revelation of Christianity Misapplied Mr Mihelich courageously has given us a pearl to keep for ourselves And we must Ben Swearson eBook Reviews Weekly **Jung and Spirituality** David Tacey,2025-03-25 An exploration of spirituality in the modern world using Carl Jung s insights Jung believed that a spiritual life lies buried in everyone s unconscious and could be brought before consciousness with therapeutic results and that rationality and hubris prevented many in the modern world from acknowledging the spiritual aspects of our lives and repressing the spiritual was as harmful as repressing the sexual This book contains a series of chapters which explore the applications and ramifications of Jung s psychospiritual theory Starting with how to bring back spirituality into religion it then looks at the activation of earth energies and the primordial mind by bringing the spirit back into nature It proceeds to examine the spiritual journey dreams the individuation of god and the healing power of spirituality **The Journey** Baird T.
