Human Rights, Human Security, and State Security Saul Takahashi, 2014-07-15. This book provides innovative thinking from a variety of perspectives on the important human rights, human security, and national security policy issues of today and how these issues intersect. The issue of human security comes into play in nearly every important policy debate in global politics and the protection of human rights is now recognized as one of the main functions of any legitimate modern state. How can the international community best ensure that human rights are protected while simultaneously protecting state security? Who should intervene in cases of mass gross violations and when are military actions justified? This book seeks to address and explore these difficult and pressing questions by presenting the differing views of commentators from various ends of the spectrum. Human Rights, Human Security, and State Security: The Intersection consists of three volumes, each focusing primarily on one of the three broad areas while also drawing connections between them. A powerful resource for policy makers and practitioners in national governments, members of international organizations, and scholars, the innovative thinking presented will give readers a deepened understanding of the various international issues and help them to formulate effective policies in today's complex international landscape.

From Fear to Freedom Gary James Sumner, 2014-12-16. *From Fear to Freedom* is a historical novel mixed with a mystery. Of the hundreds of Hitler's prison camps, Commandant Schmidt was in charge of the one where a young Army Air Corps pilot, Captain James Hansen, was held. The commandant had countless rules, each with its own punishment. Escape attempts carried the death penalty. Captain Hansen nevertheless tried to escape and like the others before him, he failed. When he was marched back into camp, the commandant greeted him with "Welcome back, Captain. Care to take a walk?" The commandant gave those condemned to death a choice: the firing squad or an unknown fate deep in the woods. When they came to a stop, Hansen now knew the other choice: it was what he feared the most. Nikki's Grandfather Vince was also a POW in Commandant Schmidt's camp where he saw Captain Hansen being led into the woods. The Captain was the only one who never returned to face the firing squad. Whatever was in the woods, Hansen chose the unknown. What was in the woods? Only Commandant Schmidt knew, and he kept that a secret. Follow Nikki through her
