Taylor,2009-03 With fundamentalists dominating the headlines and scientists arguing about the biological and neurological basis of faith religion is the topic of the day But religion Mark C Taylor shows is more complicated than either its defenders or critics think and indeed is much more influential than any of us realize Our world Taylor maintains is shaped by religion even when it is least obvious Faith and value he insists are unavoidable and inextricably interrelated for believers and nonbelievers alike Using scientific theories of dynamical systems and complex adaptive networks for cultural and theological analysis After God redefines religion for our contemporary age Taylor begins by asking a critical question What is religion He then proceeds to explain how Protestant ideas in particular undergird the character and structure of our global information society the Reformation Taylor argues was an information and communications revolution that effectively prepared the way for the media revolution at the end of the twentieth century Taylor s breathtaking account of religious ideas allows us to understand for the first time that contemporary notions of atheism and the secular are already implicit in classical Christology and Trinitarian theology Weaving together theoretical analysis and historical interpretation Taylor demonstrates the codependence and coevolution of traditional religious beliefs and practices with modern literature art architecture information technologies media financial markets and theoretical biology After God concludes with prescriptions for new ways of thinking and acting If we are to negotiate the perils of the twenty first century Taylor contends we must refigure the symbolic networks that inform our policies and guide our actions A religion without God creates the possibility of an ethics without absolutes that leads to the promotion of creativity and life in an ever more fragile world Publisher description

The Playful and Powerful Warrior Within You! G. J. Reynolds, 2011. Reclaim your personal power and be the playful and powerful warrior that God wants you to be. You are closer to realizing and having all of your goals, dreams and aspirations than you realize. Find the love, peace, playfulness and power inside of you to live a meaningful life on purpose with purpose. This book is a tool with the potential to evoke lasting life changes in the individual who reads it. This revelation had humble beginnings. Ten years ago GJ Reynolds enjoyed great success as an entrepreneur. As a former soldier, he carried a tough exterior. Hidden underneath was a man suffering from deep depression and suicidal thoughts. He found healing through a commitment of his life to Christ and choosing action rather than self-pity. A message he now shares with audiences around the country. Motivational speaker and author GJ Reynolds is redefining what it means to be a warrior. In his book, Reynolds encourages readers to find their own inner warrior by reclaiming their personal power and pursuing an authentic life in Christ. The book provides the tools Reynolds says that are necessary to live a meaningful life on purpose with purpose, which include: Put God First, Forgive Yourself, Live in the Now, Surround Yourself with the Right People, Be Playful and Find Your Purpose. Jose Vargus, 2010-02. *Reclaiming your personal power* Marcello Cotrim, 2023-03-22. We are born free without conditioning; we can do every thing and deserve everything, but the education acquired kidnaps the free soul and fits you into appropriate rules and postures that dictate norms of conduct to be accepted by the world and prohibits you from manifesting your individuality. The time has come to continue reclaiming your personal power, breaking with conditioning, freeing your mind and making new subconscious programs in favor of success, love and abundance. By this method, you will apply the necessary steps to acquire emotional intelligence and mastery over metaphysical laws such as self-knowledge about who you are, in essence, the application of the law of forgiveness and the break with the past, the correct use of the creative visualization, application of the laws of surrender and gratitude etc. **Reclaim: Affirm And Prosper In 31 Days To Change Your Life Forever** Francisca Chijioke, 2025-05-06. 31 days Affirmations is a guide to help you transform your life and manifest your deepest desires. It is a wake-up call book for many people who are suffering in the midst of plenty simply because they actually have dreams and talents that can shift them to a better stage of their lives, but the fear of the unknown is preventing them from making any move or using their talents to their own advantage and to the benefit of their communities and the world at large.
