Community In Singapore Zainul Abidin Rasheed, Norshahril Saat, 2016-05-24 The Malay Muslim community comprising approximately 13% of Singapore's population is an integral part of modern Singapore's formative years The community has come a long way and accomplished plenty Prime Minister Lee Hsien Loong lauded the community's growth and its efforts in nation building in the 2015 National Day Rally The Malay Muslim community is an integral part of Singapore and they have contributed significantly to our nation's harmony and progress 50 Years of Malay Muslim Community in Singapore highlights the progress the contributions and the challenges of the community for the past 50 years since Singapore's independence in 1965 While progress is significant challenges remain an uphill battle towards a comprehensive community development As the book narrates stories from the past the successes and the challenges it is also important for the community to reflect and to look ahead Majulah *Sharia Dynamics* Timothy P. Daniels, 2017-01-12 This multidisciplinary volume explores the role of

Islamic law within the dynamic processes of postcolonial transformation nation building and social reform Here eleven international scholars examine Islamic law in several contemporary sociopolitical contexts focusing specifically on Malaysia Indonesia Pakistan China Tunisia Nigeria the United States and the International Islamic Fiqh Academy IIFA of the Organization of Islamic Cooperation OIC The contributors also address the entanglement of Islamic law and ethics with the history of Muslim religious discourses shifts toward modernity gender relations and efforts to construct exclusive or plural national communities *Sharia Dynamics* at once enchanting and enlightening is a must read for scholars of contemporary Islam **The Cultural Politics of English as an International Language** Alastair Pennycook, 2017-03-16 A much cited and highly influential text by Alastair Pennycook one of the world authorities in sociolinguistics *The Cultural Politics of English as an International Language* explores the globalization of English by examining its colonial origins its connections to

linguistics and applied linguistics and its relationships to the global spread of teaching practices Nine chapters cover a wide range of key topics including international politics colonial history critical pedagogy postcolonial literature The book provides a critical understanding of the concept of the worldliness of English or the idea that English can never be removed from the social cultural economic or political contexts in which it is used Reissued with a substantial preface this Routledge Linguistics Classic remains a landmark text which led a much needed critical and ideologically informed investigation into the burgeoning topic of World Englishes Key reading for all those working in the areas of Applied Linguistics Sociolinguistics and World Englishes

Writing a New Society V. Matheson-Hooker, 2021-10-01 Writing a New Society is the first extended study of the novel in Malay and is a groundbreaking study of the relationship between social change and literary practice The book traces the emergence of the genre from the 1920s and drawing on 26 of Malaysia's best known novels argues that the form was developed as a vehicle for transforming Malay ideas about themselves and their society Virginia Hooker focuses on the underlying anxiety about racial identity which underpins much of Malay writing and examines how ethnic identity is constructed and expressed In a radical break with the traditional notion of Malay society as being totally dependent on the Sultan the book shows how the novelists centre their writings on descriptions of ordinary Malays and present the household as the primary site of change Here the novels develop and describe a private sphere where Malays who previously had no rights begin to exercise their initiative The concept of social equality which inspires the novelists subverts many of the themes of modern Malay politics

Building Cultural Nationalism in Malaysia Timothy P. Daniels, 2013-03-07 This text contains an examination of processes of cultural citizenship in peninsular Malaysia In particular it focuses upon the diverse residents of the southwestern state of Melaka and their negotiations of belonging and incorporation in Malaysian society Following political independence and the formation of the Federation of Malaysia in 1957 Malaysian citizenship was extended to most members of these diverse social identities In this post colonial context Timothy P Daniels examines how public celebrations and representations religious festivals and patterns of social relations are connected to processes of inclusion and exclusion

Local Cultures and the New Asia C.J.W.-L Wee, 2003-08-01 Southeast Asia until the Asian economic crisis of 1997 2000 was a high economic growth area However despite the neo liberal and globalizing logic of capitalism local conditions and cultures determine that capitalism will spread in ways not entirely consonant with its Western origins Capitalism is not a free floating entity it is a socially embodied phenomenon that needs to function in various cultural contexts Consequently the tension between the universal status that some claim capitalism now occupies in the post Cold War world and the particularities of the local cultures it enters should be of great concern

The Hadhrami Diaspora in Southeast Asia Ahmed Ibrahim Abushouk, Hassan Ahmed Ibrahim, 2009 This volume originates from the proceedings of an international conference convened by the Department of History and Civilization International Islamic University Malaysia in collaboration with the Embassy of the Republic of Yemen in Kuala Lumpur from 26 to 28

August 2005 Twelve out of thirty five papers presented at the conference have been reviewed thoroughly revised and published in this volume The introduction and the twelve chapters address the question of Hadhrami identity in Southeast Asia from various perspectives and investigate the patterns of Hadhrami interaction with diverse cultures values and beliefs in the region Special attention is paid to Hadhrami local and transnational politics social stratification and integration religious reform and journalism as well as to economic dynamism and the cosmopolitan character of the Hadhrami societies in Southeast Asia *Tourism, Ethnicity, and the State in Asian and Pacific Societies* Michel Picard, Robert E. Wood, 1997-05-01 The expansion of international tourism is changing the relationship between ethnic groups and states around the globe Yet tourism's importance for the understanding of ethnicity in the modern world has been generally neglected within the field of ethnic studies This pioneering volume investigates how international tourism development state policies of ethnic management and the active responses of local ethnic groups intersect to reshape ethnic identities and ethnic relations in Asian and Pacific societies It analyzes the ways in which the very meaning of ethnicity and culture are being contested and reworked in the wake of tourism's impact Following an introduction that explores the close but often ambivalent relationship between tourism promotion and state ethnic policies individual contributors examine tourism's varied effects in China Singapore Malaysia Thailand Indonesia and the island Pacific in rich ethnographic detail *The Invention of Politics in Colonial Malaya* Anthony Milner, 2002-07-18 This innovative book is a pioneering study of political debate in an important Southeast Asian society Now available in paperback it re-examines the formative period in Malay nationalism and argues against using nationalism as the paradigm of analysis This magnificent book is certainly essential reading for Malaysianists and Malaysians interested in the intrigues and mystique of Malay politics in the past and at present Shamsul A B Asian Studies Review *The Invention of Politics in Colonial Malaya* is a model of its kind and will undoubtedly become a landmark in Malaysian studies and an example to those in other fields It is a stylish and highly readable essay in cultural history William R Roff *Bulletin of the School of Oriental and African Studies* **Unto a Good Land** David Edwin Harrell, Edwin S. Gaustad, John B. Boles, Sally Foreman Griffith, 2005-08-23 Introducing a New U S History Text That Takes Religion Seriously *Unto a Good Land* offers a distinctive narrative history of the American people from the first contacts between Europeans and North America's native inhabitants through the creation of a modern nation to the 2004 presidential election Written by a team of highly regarded historians this textbook shows how grasping the uniqueness of the American experiment depends on understanding not only social cultural political and economic factors but also the role that religion has played in shaping U S history While most United States history textbooks in recent decades have expanded their coverage of social and cultural history they still tend to shortchange the role of religious ideas practices and movements in the American past *Unto a Good Land* restores the balance by giving religion its appropriate place in the story This readable and teachable text also features a full complement of maps historical illustrations and *In Their Own Words* sidebars with excerpts from primary source

documents **Young lives on the Left** Celia Hughes, 2015-05-01 This book examines the coming of age experiences of young men and women who became active in radical Left circles in 1960s England Based on a rich collection of oral history interviews the book follows in depth the stories of approximately twenty individuals to offer a unique perspective of what it meant to be young and on the Left in the post war landscape The book will be essential reading for researchers of twentieth century British social cultural and political history However it will be of interest to a general readership interested in the social protest movements of the long 1960s **Culture and Society** Rosamund Billington, Sheelagh Strawbridge, Lenore Greensides, Annette Fitzsimons, 1991-08-30 This text explores the difficulties of defining a sociology of culture emphasising the complex interdisciplinary nature of cultural studies and the variety of theoretical contributions from sociology literature history and anthropology Intended for a wide range of undergraduates the text covers areas not usually included in cultural studies together with those more familiar to the field It deals with the development and breakdown of key conceptual distinctions like structure culture culture knowledge objective reality subjective experience and the implications for the study of culture

E.P. Thompson and the Making of the New Left E. P. P. Thompson, 2014-07-18 E P Thompson is a towering figure in the field of labor history best known for his monumental and path breaking work *The Making of the English Working Class* But as this collection shows Thompson was much more than a historian he was a dedicated educator of workers a brilliant polemicist a skilled political theorist and a tireless agitator for peace against nuclear weapons and for a rebirth of the socialist project The essays in this book many of which are either out of print or difficult to obtain were written between 1955 and 1963 during one of the most fertile periods of Thompson's intellectual and political life when he wrote his two great works *The Making of the English Working Class* and *William Morris Romantic to Revolutionary* They reveal Thompson's insistence on the vitality of a humanistic and democratic socialism along with the value of utopian thinking in radical politics Throughout Thompson struggles to open a space independent of official Communist Parties and reformist Social Democratic Parties opposing them with a vision of socialism built from the bottom up Editor Cal Winslow who studied with Thompson provides context for the essays in a detailed introduction and reminds us why this eloquent and inspiring voice remains so relevant to us today **To Defend the Revolution Is to Defend Culture** Rebecca

Gordon-Nesbitt, 2015-09-01 Grounded in painstaking research *To Defend the Revolution Is to Defend Culture* revisits the circumstances which led to the arts being embraced at the heart of the Cuban Revolution Introducing the main protagonists to the debate this previously untold story follows the polemical twists and turns that ensued in the volatile atmosphere of the 1960s and 70s The picture that emerges is of a struggle for dominance between Soviet derived approaches and a uniquely Cuban response to the arts under socialism The latter tendency which eventually won out was based on the principles of Marxist humanism As such this book foregrounds emancipatory understandings of culture *To Defend the Revolution Is to Defend Culture* takes its title from a slogan devised by artists and writers at a meeting in October 1960 and adopted by the

First National Congress of Writers and Artists the following August which sought to highlight the intrinsic importance of culture to the Revolution Departing from popular top down conceptions of Cuban policy formation this book establishes the close involvement of the Cuban people in cultural processes and the contribution of Cuba's artists and writers to the policy and praxis of the Revolution Ample space is dedicated to discussions that remain hugely pertinent to those working in the cultural field such as the relationship between art and ideology engagement and autonomy form and content As the capitalist world struggles to articulate the value of the arts in anything other than economic terms this book provides us with an entirely different way of thinking about culture and the policies underlying it
