Landis, 2012-04-13 From cover to cover Overflowing Earth proclaims a reassuring truth Without a gardener there will never be a garden Overflowing Earth is for those who doubt all the scary predictions about the future of planet earth frightening pandemics worldwide shortages of food water oil power and even pure air This book explains why all the prophets of doom have repeatedly been wrong and shows that except for war mankind's lot on the earth has dramatically improved especially in the last two centuries In contrast to a message of gloom doom and disbelief in a Creator God Overflowing Earth proclaims a message of peace and plenty Overflowing Earth shows how God designed the earth to be a garden of plenty filled with human beings who obey and worship Him If man chooses to work in sync with God the earth can indeed be a place of abundance an Overflowing Earth **American Magazine** ,1924 *Weaponized Lies* Daniel J. Levitin, 2017-03-07 Previously Published as A Field Guide to Lies We're surrounded by fringe theories fake news and pseudo facts These lies are getting repeated New York Times bestselling author Daniel Levitin shows how to disarm these socially devastating inventions and get the American mind back on track Here are the fundamental lessons in critical thinking that we need to know and share now Investigating numerical misinformation Daniel Levitin shows how mishandled statistics and graphs can give a grossly distorted perspective and lead us to terrible decisions Wordy arguments on the other hand can easily be persuasive as they drift away from the facts in an appealing yet misguided way The steps we can take to better evaluate news advertisements and reports are clearly detailed Ultimately Levitin turns to what underlies our ability to determine if something is true or false the scientific method He grapples with the limits of what we can and cannot know Case studies are offered to demonstrate the applications of logical thinking to quite varied settings spanning courtroom testimony medical decision making magic modern physics and conspiracy theories This urgently needed book enables us to avoid the extremes of passive gullibility and cynical rejection As Levitin attests Truth matters A post truth era is an era of willful irrationality reversing all the great advances humankind has made Euphemisms like fringe theories extreme views all truth and even fake news can literally be dangerous Let's call lies what they are and catch those making them in the act
