Jason Marc Harris

From Folklore To Fiction:

Folklore and the Fantastic in Nineteenth-Century British Fiction Jason Marc Harris, 2016-04-15 Jason Marc Harris's ambitious book argues that the tensions between folk metaphysics and Enlightenment values produce the literary fantastic. Demonstrating that a negotiation with folklore was central to the canon of British literature, he explicates the complicated rhetoric associated with folkloric fiction. His analysis includes a wide range of writers including James Barrie, William Carleton, Charles Dickens, George Eliot, Sheridan Le Fanu, Neil Gunn, George MacDonald, William Sharp, Robert Louis Stevenson, and James Hogg. These authors, Harris suggests, used folklore to articulate profound cultural ambivalence towards issues of class, domesticity, education, gender, imperialism, nationalism, race, politics, religion, and metaphysics. Harris's analysis of the function of folk metaphysics in nineteenth and early twentieth century narratives reveals the ideological agendas of the appropriation of folklore and the artistic potential of superstition in both folkloric and literary contexts of the supernatural.

Trumpeting a Fiery Sound Jacqueline Miller Carmichael, 2003-11-01 When twenty-seven year old Margaret Walker's first collection of poems, *For My People*, won the Yale Poets Award in 1942, she was just beginning her long and distinguished career as a poet, novelist, biographer, and teacher. When her novel *Jubilee* was published to great acclaim in 1966, the *New York Review of Books* said, "It chronicles the triumph of a free spirit over many kinds of bondages. *Jubilee* is noteworthy for being one of the first novels to present African American history from both a black and female perspective. It is a historical and fictional account of Walker's great grandmother's life from slavery through Reconstruction as told to Walker by her maternal grandmother." In *Trumpeting a Fiery Sound*, Jacqueline Miller Carmichael examines the novel's genesis and composition, the process of revision and publication, the work's structure and narrative strategies, its use of history and folklore, and its critical reception in the three decades since its first publication.
