From Lord To Patron Lordship In Late Medieval England

Charles R. Young

From Lord To Patron Lordship In Late Medieval England:

From Lord to Patron John Malcolm William Bean,1989 **The Great Household in Late Medieval England** C. M. Woolgar,Christopher Michael Woolgar,1999-01-01 In the later medieval centuries a whole range of important social political and artistic activities took place against the backdrop of the great English households In this vividly illuminating book C M Woolgar explores the details of life in these great houses Based on an extensive investigation of household accounts and related primary documents he examines the daily routines the weekly and annual patterns and the life cycle observances of birth childhood marriage death and burial He also delineates the major changes that transformed the economy and geography of both lay and clerical households between 1200 and 1500 Historical Dictionary of Late Medieval England, 1272-1485 Ronald H. Fritze,William B. Robison,2002-03-30 Providing the chronological setting for many of Shakespeare s plays various swashbuckling novels from Sir Walter Scott s to Robert Louis Stevenson s and such Hollywood films as Braveheart late Medieval England is superficially well known Yet its true complexity remains elusive locked in the covers of specialized monographs and journal articles In over 300 entries written by 80 scholars this book makes the factual information and historical interpretations of the era readily available Covering political military religious and constitutional subjects as well as social and economic topics the volume is easy to use comprehensive and authoritative It provides a useful resource for undergraduate and graduate students scholars and educated laymen Rightly characterized as an age of crisis the 14th century saw the Hundred Years War the Black Death the Peasants Revolt of 1381 the Avignon Papacy and the Great Schism of the Western Church All placed great stresses on English society aggravating old problems and creating new ones In the late Middle Ages parliament became an important element in English government Cambridge and Oxford universities attained European wide reputations and general literacy increased The Church remained a paramount religious political and social institution but its independence and intellectual monopoly slipped The entries in this book synthesize recent scholarship on these and other historical events While emphasizing political religious constitutional and military topics the book also provides brief introductions to social economic cultural and intellectual topics It is a valuable guide for those wishing to understand this complex tumultuous and until recently poorly understood era Political Culture in Late Medieval England Simon Walker,2006-10-31 This is an important collection of pioneering essays penned by the late Simon Walker a highly respected historian of late medieval England One of the finest scholars of his generation Walker s writing is lucid inspirational and has permanently enriched our understanding of the period The eleven essays featured here examine themes such as kingship lordship warfare and sanctity There are specific studies on subjects such as the changing fortunes of the family of Sir Richard Abberbury Yorkshire s Justices of the Peace the service of medieval man at arms Janico Dartasso Richard II s views on kingship political saints and an investigation of rumour sedition and popular protest in the reign of Henry IV **Land and People in Late Medieval England** Bruce M.S. Campbell,2024-10-28 This is the third collection of

articles by Bruce Campbell to appear in the Variorum series Late medieval England was an overwhelmingly rural society Never since has such a large proportion of the population lived in the countryside or relied so directly for its livelihood upon agriculture The lot of a majority of that population was always a hard one and never more so than during the first half of the 14th century when peasants competed with each other for ever scarcer land and work and a succession of major harvest failures jeopardised the survival of many Nevertheless experience varied considerably both during this era of mounting population pressure and the century and more of population decline and stagnation that followed the demographic disaster of the Black Death How well individual communities coped during these contrasting conditions of expansion and contraction owed much to the quality and composition of their natural resource endowment a good deal to their ability to take advantage of changing commercial opportunities and sometimes almost everything to how exposed they were to military conflict Always however much hinged upon how the twin feudal institutions of lordship and serfdom were mapped onto land and people via the manorial system These are the themes variously explored by the eight essays assembled in this volume which range from a case study of a single crowded Norfolk manor to a consideration of the broad and towards the end of the Middle Ages widening contrasts that persisted between North and South *Economic Ethics in Late Medieval England, 1300-1500*

Jennifer Hole, 2016-10-07 Drawing on an array of archival evidence from court records to the poems of Chaucer this work explores how medieval thinkers understood economic activity how their ideas were transmitted and the extent to which they were accepted Moving beyond the impersonal operations of an economy to its ethical dimension Hole's socio cultural study considers not only the ideas and beliefs of theologians and philosophers but how these influenced assumptions and preoccupations about material concerns in late medieval English society Beginning with late medieval English writings on economic ethics and its origins the author illuminates a society which although strictly hierarchical and unequal nevertheless fostered expectations that all its members should avoid greed and excess consumption Throughout Hole aims to show that economic ethics had a broader application than trade and usury in late medieval England **The Medieval Mystical**

Tradition in England Edward Alexander Jones, 2004 The regular meetings resumed here with particular focus on Julian of Norwich and Syon Abbey and the Bridgettines *The English Nobility in the Late Middle Ages* Chris

Given-Wilson, 2002-11-01 First Published in 2004 Four things dominated the life of the mediaeval noble warfare politics land and family It is with these central themes that this book is concerned It encompasses the whole of the upper segment of the late medieval society examines the relation of social status and political influence describes the noble household and council examines in detail the territorial and familial policies pursued by great landholders emphasises the inter relationship of local and national affairs is arranged thematically making it ideal for student use and has implications for the whole medieval period *The Late Byzantine Army* Mark C. Bartusis, 2015-12-22 The late Byzantine period was a time characterized by both

civil strife and foreign invasion framed by two cataclysmic events the fall of Constantinople to the western Europeans in 1204

and again to the Ottoman Turks in 1453 Mark C Bartusis here opens an extraordinary window on the Byzantine Empire during its last centuries by providing the first comprehensive treatment of the dying empire's military. Although the Byzantine army was highly visible it was increasingly ineffective in preventing the incursion of western European crusaders into the Aegean the advance of the Ottoman Turks into Europe and the slow decline and eventual fall of the thousand year Byzantine Empire. Using all the available Greek western European Slavic and Turkish sources Bartusis describes the evolution of the army both as an institution and as an instrument of imperial policy. He considers the army's size organization administration and the varieties of soldiers and he examines Byzantine feudalism and the army's impact on society and the economy. In its extensive use of soldier companies composed of foreign mercenaries the Byzantine army had many parallels with those of western Europe. In the final analysis Bartusis contends the death of Byzantium was attributable more to a shrinking fiscal base than to any lack of creative military thinking on the part of its leaders.

Maintenance, Meed, and Marriage in Medieval English Literature K. Kennedy, 2009-05-25 Maintenance Meed and Marriage in Medieval English Literature deftly interrogates the relationship between lord and man in medieval England. Employing the study of medieval analogies this book is the first to explore how the relationship between lords and retainers was depicted in literature by Chaucer Gower Langland and Lydgate. Kennedy uses close readings and medieval letter collections to provide a documentary look at how lords and men communicated information about their relationships and reveals surprising information about both medieval law and society.

The Making of the Neville Family in England, 1166-1400 Charles R. Young, 1996 A study of power in the middle ages the Nevilles of Raby who included among their members Warwick the Kingmaker was one of the major baronial families in England. The story of the Neville family is a fascinating one. From their inconspicuous beginnings in Lincolnshire after the Norman Conquest by the fourteenth century the Nevilles of Raby were among the most influential groups in the north of England virtually ruling the area by means of the royal offices they held and their political power reached its zenith in the fifteenth century with Richard de Neville earl of Warwick the so called Kingmaker. This new study aims to answer the question of how a family of knightly status but with no special prominence was able to rise to such heights tracing its growth and development through a careful examination of surviving documents it also illustrates how the governance of medieval England worked with the cooperation of baronial families in a pragmatic manner quite apart from any abstract legal or constitutional principles. CHARLES R YOUNG is Professor Emeritus of History at Duke University.

Handbook of Comparative and Development Public Administration Ali Farazmand, 2019-02-21 With contributions from nearly 80 international experts this comprehensive resource covers diverse issues aspects and features of public administration and policy around the world. It focuses on bureaucracy and bureaucratic politics in developing and industrialized countries and emphasizing administrative performance and policy implementation as well as political system maintenance and regime enhancement. The book covers the history of public administration and bureaucracy in Persia

Greece Rome and Byzantium and among the Aztecs Incas and Mayas public administration in small island states Eastern Europe and ethics and other contemporary issues in public administration *Leicester and the Court* Simon Adams,2002 A collection of sixteen essays by Simon Adams on Elizabethan history centring around Robert Dudley Earl of Leicester

Edward III W M Ormrod,2011-08-26 The fifty year reign of one of England s most charismatic leaders is assessed in this lucid and incisive work W M Ormrod traces Edward s life from his birth when the very future of the monarchy in England was under threat to his death when he was regarded throughout Europe as the very model of an ideal monarch **The**

Medieval World Peter Linehan,Janet L. Nelson,2013-09-13 This groundbreaking collection brings the Middle Ages to life and conveys the distinctiveness of this diverse constantly changing period Thirty eight scholars bring together one medieval world from many disparate worlds from Connacht to Constantinople and from Tynemouth to Timbuktu This extraordinary set of reconstructions presents the reader with a vivid re drawing of the medieval past offering fresh appraisals of the evidence and modern historical writing Chapters are thematically linked in four sections identities beliefs social values and symbolic order power and power structures elites organizations and groups Packed full of original scholarship The Medieval World is essential reading for anyone studying medieval history **Urban Patronage in Early Modern England** Catherine F.

Patterson,1999 This study of politics in early modern England uses the relations between provincial towns the landed elite and the crown to argue that the growth of personal connections and patronage as much as of conflict explains the development of early modern government It shows how patronage was a vital tool that suited both local needs and the royal will **Life in a Medieval Gentry Household** ffiona von Westhoven Perigrinor,2021-11-25 In the Middle Ages the

household was such a fundamental part of the social structure that the post 1350 era has been termed the Age of the Household Academic studies have generally focused on the grand itinerant households of the wealthy aristocracy illuminating the lifestyles and pastimes of this elite class Using the household accounts of Alice de Bryene a widowed gentlewoman together with bailiffs and stewards reports from her home in Suffolk and other estates further afield this richly detailed study paints a vivid portrait of the lives of ordinary people in the medieval countryside of festivals and feast days marriage and monuments family loyalties and betrayals life and death the rhythms of the working day and year and the changing scene in the wider world beyond the household Originally published in 1999 by Sutton Publishing Limited UK and Routledge Kegan Paul USA as *Medieval Gentlewoman Life in a Widow s Household in the Later Middle Ages* by ffiona Swabey *Knighthood in the Morte Darthur* Beverly Kennedy,1992 A lucid and rich analysis eminently suited to students at

undergraduate and graduate levels CHOICEBeverley Kennedy puts Malory s concern with knighthood at the very heart of the Morte Darthur She identifies three types of knight the Heroic Gawain the Worshipful Tristram and Arthur and the True Lancelot Gareth and the Grail Knights and argues that this knightly typology creates the thematic unity of the Morte Darthur It also allows Malory to develop two quite different contexts one pragmatic and political the other religious and providential

within which the reader may judge why Arthur's reign ended in catastrophe BEVERLEY KENNEDY is Professor of English at Marianopolis College Canada **The Mirroure of the Worlde** Robert R. Raymo, Ruth E. Sternglantz, Elaine E. Whitaker, 2003-12-15 The allegories of the virtues and vices were a common teaching tool in the Middle Ages for both religious and lay audiences to learn the basic tenets of the Christian faith The Mirroure of the Worlde makes available for the first time the unique text in the fifteenth century British manuscript MS Bodley 283 which is among the last and largest works in the tradition of lay religious instruction mandated by the Fourth Lateran Council The Mirroure is derived from confluences of the Miroir du Monde and the Somme le Roi both vernacular treatises on vices and virtues compiled in Northeast France in the thirteenth century Translated into Middle English by it is believed Stephen Scrope the foremost English translator of the mid fifteenth century this edition is one of the only books of virtues and vices that contains Latin text an inclusion that points towards a more widespread knowledge of the language among the laypeople than previously thought Complete with explanatory notes and a glossary The Mirroure of the Worlde widens the understanding of medieval moral instruction religion reading practices and education *Crisis and Continuity* Teofilo F. Ruiz, 2016-11-11 Offers a critical reassessment of the Reconquest of Castile from the Moors in the fifteenth century Explores the land and climate of northern Castile the urban and rural society and the demography and fiscal oppression of the Reconquest
