From Media To Metaphor Art About Aids:

From Media to Metaphor Robert Atkins,1991 **From Media to Metaphor** ,1992 **Art about AIDS** Sophie Junge,2016-11-21 In addition to being a medical political and social crisis the AIDS epidemic in the United States also led to a crisis of artistic representation This book reveals the important political and moral role of American photographers in the social discourse on AIDS based on the 1989 New York exhibition Witnesses Against Our Vanishing curated by photographer Nan Goldin From Media to Metaphor Robert Atkins,Independent Curators Incorporated,1991 **AIDS and Representation** Fiona Johnstone,2023-05-18 AIDS Representation explores portraits and self portraits made in response to the AIDS epidemic in America in the 1980s and 1990s Addressing the work of artists including Mark Morrisroe Robert Blanchon and Felix Gonzalez Torres through the interrelated themes of sickness and mortality desire and sexual identity love and loss Fiona Johnstone shows how the self representational practices of artists with HIV and AIDS offered a richly imaginative response to the limitations of early AIDS imagery Johnstone argues that the AIDS epidemic changed the very nature of visual representation and artistic practice necessitating a radical new approach to conceptualising and visualising the human form An extended epilogue considers the ongoing art historicization of the epidemic re contextualising the book s themes in relation to contemporary photographic works More than just a historical discussion of the art of the AIDS crisis AIDS and Representation contributes to an emergent body of scholarship on the visual representation of illness Expanding the established genre of the autopathography or illness narrative beyond the predominantly textual this important contribution to art history and health humanities sensitively unpicks the entanglements between aesthetic form and the expression of lived experiences of critical and chronic ill health Art and Homosexuality Christopher Reed,2011-05-26 This bold globe spanning survey is the first book to thoroughly explore the radical long standing interdependence between art and homosexuality It draws examples from the full range of the Western tradition including classical Renaissance and contemporary art with special focus on the modern era It was in the modern period when arguments about homosexuality and the avant garde were especially public that our current conception of the artist and the homosexual began to take shape and almost as quickly to overlap Not a chronology of gay or lesbian artists the book is a fascinating and sophisticated account of the ways two conspicuous identities have fundamentally informed one another Art and Homosexuality discusses many of modernism s canonical figures painters like Courbet Picasso and Pollock writers like Whitman and Stein and issues such as the rise of abstraction the avant garde s relationship to its patrons and the political exploitation of art It shows that many of the core ideas that define modernism are nearly indecipherable without an understanding of the paired identities of artist and homosexual Illustrated with over 175 b w and color images that range from high to popular culture and from Ancient Greece to contemporary America Art and Homosexuality punctures the platitudes surrounding discussions of both aesthetics and sexual identity and takes our understanding of each in stimulating new directions **The ^AOxford Handbook of**

Queer Cinema Ronald Gregg, Amy Villarejo, 2021-11-12 The Oxford Handbook of Queer Cinema encompasses more than a century of filmmaking film criticism and film reception looking at the ways in which the idea of queer cinema has expanded as a descriptor for a global arts practice

Art and Merchandise in Keith Haring's Pop Shop Amy Raffel, 2020-12-30 As one of the first academic monographs on Keith Haring this book uses the Pop Shop a previously overlooked enterprise and artist merchandising as tools to reconsider the

significance and legacy of Haring's career as a whole Haring developed an alternative approach to both the marketing and the social efficacy of art he controlled the sales and distribution of his merchandise while also promulgating his belief in accessibility and community activism He proved that mass produced objects can be used strategically to form a community and create social change Furthermore looking beyond the 1980s into the 1990s and 2000s Haring and his shop prefigured artists emerging self aware involvement with the mass media and the art world's growing dependence on marketing and commercialism The book will be of interest to scholars or students studying art history consumer culture cultural studies media studies or market studies as well as anyone with a curiosity about Haring and his work the 1980s art scene in New York the East Village street art art activism and art merchandising

An Ethical Compass, 2010-11-09 Offers essays on Bosnia the genocide in Rwanda sweatshops and globalization and the political obligations of the mothers of Argentina's Disappeared In this book readers may be fascinated by the ways in which essays on conflict conscience memory illness essay on AIDS and God overlap and resonate with one another

Tangled Memories Marita Sturken, 1997-02-28 Analyzing the ways U S culture has been formed and transformed in the 80s and 90s by its response to the Vietnam War and the AIDS epidemic Marita Sturken argues that each has disrupted our conventional notions of community nation consensus and American culture She examines the relationship of camera images to the production of cultural memory the mixing of fantasy and reenactment in memory the role of trauma and survivors in creating cultural comfort and how discourses of healing can smooth over the tensions of political events Sturken's discussion encompasses a brilliant comparison of the Vietnam Veterans Memorial and the AIDS Quilt her profound reading of the Memorial as a national wailing wall one whose emphasis on the veterans and war dead has allowed the discourse of heroes sacrifice and honor to resurface at the same time that it is an implicit condemnation of war is particularly compelling The book also includes discussions of the Kennedy assassination the Persian Gulf War the Challenger explosion and the Rodney King beating While debunking the image of the United States as a culture of amnesia Sturken also shows how remembering itself is a form of forgetting and how exclusion is a vital part of memory formation

Encyclopedia of Gay Histories and Cultures George Haggerty, 2013-11-05 First Published in 2000 A rich heritage that needs to be documented Beginning in 1869 when the study of homosexuality can be said to have begun with the establishment of sexology this encyclopedia offers accounts of the most important international developments in an area that now occupies a critical place in many fields of academic endeavors It covers a long history and a dynamic and ever changing present while opening up the academic profession to new scholarship and new ways of thinking A groundbreaking new approach While gays and lesbians have shared many aspects of life their histories and cultures developed in profoundly different ways To reflect this crucial fact the encyclopedia has been prepared in two separate volumes assuring that both histories receive full unbiased attention and that a broad range of human experience is covered Written for and by a widerange of people Intended as a reference for students and scholars in all fields as well as for the general public the

encyclopedia is written in user friendly language At the same time it maintains a high level of scholarship that incorporates both passion and objectivity It is written by some of the most famous names in the field as well as new scholars whose research continues to advance gender studies into the future

Ascending Chaos ,2012-09-28 Ascending Chaos is the first major retrospective of Japanese American artist Masami Teraoka s prolific and acclaimed work thus far In Teraoka s paintings which have evolved from his wry mimicry of Japanese woodblock prints to much larger and complex canvasses reminiscent of Bosch and Brueghel the political and the personal collide in a riot of sexually frank tableaux Populated by geishas and goddesses priests and politicians and prominent contemporary figures these paintings are the spectacular next phase of a wildly inventive career With essays by renowned art critics who discuss how Teraoka s work inventively marries east and west sex and religion Ascending Chaos is a critical overview of this cultural trickster

The Virus Touch
Bishnupriya Ghosh,2023-03-06 In *The Virus Touch* Bishnupriya Ghosh argues that media are central to understanding emergent relations between viruses humans and nonhuman life Writing in the shadow of the HIV AIDS and COVID 19 global pandemics Ghosh theorizes epidemic media to show how epidemics are mediated in images numbers and movements through the processes of reading test results and tracking infection and mortality rates Scientific artistic and activist epidemic media that make multispecies relations sensible and manageable eschew anthropocentric survival strategies and instead recast global public health crises as biological social and ecological catastrophes pushing us toward a multispecies politics of health Ghosh trains her analytic gaze on these mediations as expressed in the collection and analysis of blood samples as a form of viral media the geospatialization of data that track viral hosts like wild primates and the use of multisensory images to trace fluctuations in viral mutations Studying how epidemic media inscribe store and transmit multispecies relations attunes us to the anthropogenic drivers of pathogenicity like deforestation or illegal wildlife trading and the vulnerabilities accruing from diseases that arise from socioeconomic inequities and biopolitical neglect
