Why Your Best Friend Is Not a Problem Solver Zen Michael,2021-02-14 We tend to consider that the friends who can help us the most are those who in addition to always being available to listen to us are always ready to tell us what to do Those who are always ready to propose a quick solution to the problems we share with them Our starting point our first reason is to think that we are going to tell a friend a problem and that he is going to give us solutions to solve that problem We think this is the role of a true friend Although this reasoning may make some sense in an ideal world in the real world it turns out not to be so perhaps these are not the friends who help us the most In this book I share my view on how friends can help us and on what is the role of true friends Remember you can always find peace and joy just look inside yourself

Your Best Friend - Is You Medicine Woman,2010-12-06 Did you know your intuition is part of your higher self the part unpolluted by human interaction the one thing you can trust 100% By understanding the ways in which you are receiving messages and this will be individual to you you can tap into a personal dialogue which will guide you towards self actualisation with complete honesty The perhaps dull or unfulfilling life you lead at this moment is the culmination of your thoughts beliefs and past responses All the answers you seek are within you you just have to ask the right questions of your higher self to get the clarification you require This book will show you how to see the bigger picture to abandon negativity increase your self confidence protect your personal energy develop your inner communication obtain the life you always wanted Other people can only ever support you this book will provide you with all the tools you need to take personal responsibility for direction in life from within yourself
