*Friend to Mankind Marsilio Ficino 1433-1499* Marsilio Ficino, 2012 Eighteen essays re examine Ficino s life and work focusing on three essential aspects his significance in his own times his spreading influence throughout Europe and over subsequent centuries in many areas of thought and creativity and his enduring relevance today Translation of his major works from Latin enables a new generation to rediscover and share Ficino s vision of human potential Friend to Mankind Michael Shepherd, 1999-01-01 Eighteen essays reexamine Ficino s life and work focusing on three essential aspects his significance in his own times his spreading influence throughout Europe and over subsequent centuries in many areas of thought and creativity and his enduring relevance today Translation of his major works from Latin enables a new generation to rediscover and share Ficino s vision of human potential *The Hermetic Link* Jacob Slavenburg, 2012-04-01 Hermes is the Greek god of the Word of thought and magic the swift moving messenger of the Divine and guardian of souls in the Afterlife In Ancient Egypt he was the majestic god Thoth the Recorder the lord of measurement and science the brother husband of Isis In Rome he was of course Mercury flying through the Empyrean at the speed of idea by the aid of his winged helmet and boots In this broad survey of the Hermetic arts author Jacob Slavenburg brings an unparalleled depth of insight to the subject He examines the historical Hermetic literature and details its relevance to modern occultism from the symbolism of architecture and art to the mysteries of Freemasonry The heavenly mysteries of astrology are explored as are the healing arts which derive from the spirit of scientific inquiry embodied by Thoth Hermes Slavenburg examines the magical writings of the Greek papyri and their development into the contemporary magical practices of modern adepts He sheds light on the workings of alchemy and the esoteric philosophy to the world of modern chemistry and physics He explores the origin of evil and the realm of the afterlife and the Hermetic doctrines of reincarnation and karma In addition the author provides a wealth of biographical data on the magi of Hermeticism from Ficino to Agrippa John Dee to Giordano Bruno Physical Evidence for Ritual Acts, Sorcery and Witchcraft in Christian Britain Ronald Hutton, 2016-01-26 This volume investigates the physical evidence for magic in medieval and modern Britain including ritual mark concealed objects amulets and magical equipment The contributors are the current experts in each area of the subject and show between them how ample the evidence is and how important it is for an understanding of history **Gardens of Philosophy** Arthur Farndell, 2006-09-01 Under the patronage of the Medici family Marsilio Ficino translated into Latin and commentated on the meaning and implications of key works by Plato including 25 of Plato s dialogues and 12 letters ascribed to the philosopher The 40 concise articles in this collection comprise the first English translation of Ficino s works and provide an insightful glimpse into the philosophy that contributed to the Renaissance Secret Wisdom Ruth Clydesdale, 2021-09-01 Throughout the course of our history a secret few have sought to acquire profound occult knowledge which reveals the inner truth of our existence From the Mystery cults of Ancient Greece to the Persian knowledge of astrology Secret Wisdom is an exhilarating exploration of two and a half

millennia of occult practices Learn about the hidden messages in Renaissance art the alchemy practices of Issac Newton and secret societies which passed on spiritual rites including the Freemasons Rosicrucians Theosophists and the Golden Dawn New light is shone on well known historical figures and the part they played in the global quest for divine understanding including John Dee Elizabeth I s magician Aleister Crowley the English occultist Poets William Blake and William Butler Yeats Dante the Italian writer and philosopher Featuring photographs and illustrations which breath life into ancient beliefs this book is a marvelous journey to discover the most arcane of wisdom      **The Impulse of Freedom in Islam** John van Schaik,Christine Gruwez,2013-12-01 The word Islam means surrender to God In our secular Western culture it is difficult to imagine what that means Among other things it indicates dependence and predestination But is this really the case Isn t this a superficial presumption Allah calls on human beings to surrender in freedom to their God Sura 96 Allah is merciful and forgiving At the same time however Allah is the all seeing one and the one who humbles In Islam free will and predestination have an uneasy relationship with each other but isn t this true for every religion In this collection of essays three authors discuss various aspects of the tension between freedom and predestination in Islam from the perspective of Rudolf Steiner s works This background enables them to throw sometimes surprising light on the freedom impulse of Islam It is the authors hope that this book may contribute to a more balanced view of Islam today This timely book offers interested non Muslims a rare opportunity to examine a frequently misunderstood aspect of one of the world s fastest growing religions      *Windows of the Soul* Martin Henry Porter,2005 In early modern Europe there was a small group of books on the art of physiognomy which claimed to provide self knowledge through an interpretation of external features      [Opera's First Master Mark](#) Mark Ringer,2006 Includes full length Harmonia Mundi CD Cover p 1      *Educating the Soul* Josie Alwyn,Brien Masters,2016-04-25 The power of Shakespeare lies in his evidently conscious knowledge skill and understanding of how to work with the alchemical potential in the human soul in the crafting of his plays Each play is made as an exquisitely unique transformative device for the education of the soul Books carry on conversations across the thresholds of time and space writes Josie Alwyn in her introduction This book is the fruit of her conversation with Brien Masters a collaboration that began more than twenty years ago when she was learning to be a Waldorf teacher They open their discussions with the broader theme of the role and mission of drama in human development before focusing on the central topic the potential for metamorphosis inherent in Shakespeare s plays This creative birth giving transformative essence of Shakespeare the esoteric core of his work is vitally important to our times they suggest and contributes to the ongoing cultural education of the human soul Published to commemorate the 400th anniversary of Shakespeare s death *Educating the Soul* offers an overview of Shakespeare s journey as a playwright in the context of evolving human consciousness The heart of the book features nine essays on Shakespeare s most performed plays Just as the middle act of a Shakespearian drama gives a point of transformation so these essays represent the central unfolding dialogue that took place between the writers as the book

developed This section is followed by an in depth study of Hamlet that sees the story as a learning process deeply strengthened by the primary character s own education and changing consciousness Finally the book explores the theme of transformation through The Tempest and in relation to the archetypal tree of life Accessible to all the motifs of the various chapters in this book are woven lightly together enabling the reader to follow the contents in sequence or to dip in and pick up the threads at any point

**Philosophy in the West** Eugene F. Bales,2008-10-07 PHILOSOPHY IN THE WEST MEN WOMEN RELIGION SCIENCE This single volume history of philosophy in the West is distinguished by its wide coverage of figures by its inclusion of well over thirty women and by its substantive discussion of the historical background of each epoch Each chapter begins with an overview of the period and concludes with a lengthy bibliography of both primary and secondary texts There is a useful glossary of terms at the end of the book Philosophy in the West is intended as a general guide to those taking courses in the history of philosophy humanities and related areas It will also be of interest to those in the fields of theology philosophy feminism and historical studies *Speaking Spirits* Sherry Roush,2015-01-01 In *Speaking Spirits* Sherry Roush presents the first systematic study of early modern Italian eidolopoeia Philosophical Inquiry ,2003

*Encyclopedia of Lesbian and Gay Histories and Cultures* George Haggerty,Bonnie Zimmerman,2003-09-02 Beginning in 1869 when the study of homosexuality can be said to have begun with the establishment of sexology this Encyclopedia offers accounts of the most important international developments in an area that now occupies a critical place in many fields of academic endeavours While gays and lesbians have shared many aspects of life their histories and cultures developed in profoundly different ways To reflect this crucial fact the Encyclopedia has been prepared in two separate volumes assuring that both histories receive full unbiased attention and that a broad range of human experience is covered Written by some of the most famous names in the field as well as new researchers this is intended as a reference for students and scholars in all areas of study as well as the general public **The Rise and Fall of Soul and Self** Raymond Martin,John Barresi,2006 This book traces the development of theories of the self and personal identity from the ancient Greeks to the present day From Plato and Aristotle to Freud and Foucault Raymond Martin and John Barresi explore the works of a wide range of thinkers and reveal the larger intellectual trends controversies and ideas that have revolutionized the way we think about ourselves The authors open with ancient Greece where the ideas of Plato Aristotle and the materialistic atomists laid the groundwork for future theories They then discuss the ideas of the church fathers and medieval and Renaissance philosophers including St Paul Philo Augustine Aquinas and Montaigne In their coverage of the emergence of a new mechanistic conception of nature in the seventeenth century Martin and Barresi note a shift away from religious and purely philosophical notions of self and personal identity to more scientific and social conceptions a trend that has continued to the present day They explore modern philosophy and psychology including the origins of different traditions within each discipline and explain both the theoretical relevance of feminism and gender and ethnic studies and also the ways that Derrida and other recent thinkers have

challenged the very idea that a unified self or personal identity even exists Martin and Barresi cover a number of issues broached by philosophers and psychologists such as the existence of a fixed and unchanging self and whether the concept of the soul has a use outside of religious contexts They address the question of whether notions of the soul and the self are still viable in today's world Together they reveal the fascinating ways in which great thinkers have grappled with these and other questions and the astounding impact their ideas have had on the development of self understanding in the west *Ut pictura amor* Walter Melion, Michael Zell, Joanna Woodall, 2017-11-06 *Ut pictura amor* The Reflexive Imagery of Love in Artistic Theory and Practice 1500-1700 examines the related themes of lovemaking and image making in the visual arts of Europe, China, Japan and Persia The term reflexive is here used to refer to images that invite reflection not only on their form, function and meaning but also on their genesis and mode of production Early modern artists often fashioned reflexive images and effigies of this kind that appraise love by exploring the lineaments of the pictorial or sculptural image and complementarily appraise the pictorial or sculptural image by exploring the nature of love Hence the book's epigraph *ut pictura amor* as is a picture so is love **Luther and German Humanism** Lewis W. Spitz, 2024-10-28 The particular interest of Professor Spitz has been the close relationship and synergy between humanism and religious reform in the transformation of European culture in the 16th century Within the general cultural and intellectual context of the Renaissance and Reformation movements the present volume focuses on Luther and German humanism a subsequent collection looks more particularly at the place of education and history in the thought of the time The articles here discuss Luther's imposing knowledge of the classics his attitudes towards learning the religious and patriotic interests of the humanists and the role of a younger generation of humanists in the Reformation Also included is a far reaching appraisal of the impact of humanism and the Reformation on Western history **Encyclopedia of the Scientific Revolution** Wilbur Applebaum, 2003-12-16 With unprecedented current coverage of the profound changes in the nature and practice of science in sixteenth and seventeenth century Europe this comprehensive reference work addresses the individuals, ideas and institutions that defined culture in the age when the modern perception of nature of the universe and of our place in it is said to have emerged Covering the historiography of the period, discussions of the Scientific Revolution's impact on its contemporaneous disciplines and in depth analyses of the importance of historical context to major developments in the sciences The Encyclopedia of the Scientific Revolution is an indispensable resource for students and researchers in the history and philosophy of science *The Limits of Influence* Steven Broecke, vanden, 2021-08-04 Historians of science often acknowledge the academic status of astrology in the early modern period but mostly fail to explore its relation with other disciplines and its role in society This book seeks to fill that gap The first part of the book examines the practices and functions that shaped late medieval astrology and relates how its academic status became discredited both in northern Italy and the Low Countries The second part of the book examines various counter strategies of astrological reform and shows

how these ultimately failed to restore public trust in academic astrology This book provides a new level of detail to the history of astrology It also establishes important new links with other fields like the history of universities humanism astronomy medicine and instrument building

**Mind and Places** Anna Anzani, 2020-05-12 This book explores the contributions of psychological neuroscientific and philosophical perspectives to the design of contemporary cities Pursuing an innovative and multidisciplinary approach it addresses the need to re launch knowledge and creativity as major cultural and institutional bases of human communities Dwelling is a form of knowledge and re invention of reality that involves both the tangible dimension of physical places and their mental representation Findings in the neuroscientific field are increasingly opening stimulating perspectives on the design of spaces and highlight how our ability to understand other people is strongly related to our corporeity The first part of the book focuses on the contributions of various disciplines that deal with the spatial dimension and explores the dovetailing roles that science and art can play from a multidisciplinary perspective In turn the second part formulates proposals on how to promote greater integration between the aesthetic and cultural dimension in spatial design Given its scope the book will benefit all scholars academics and practitioners who are involved in the process of planning designing and building places and will foster an international exchange of research case studies and theoretical reflections to confront the challenges of designing conscious places and enable the development of communities
