Friend To Gods Poor Edward Parmelee Smith A:

A Friend to God's Poor William Howard Armstrong, 1993 *At Freedom's Door* James Lowell Underwood, W. Lewis Burke, Jr., 2021-03-25 A telling reevaluation of African American roles in government and law during Reconstruction *At Freedom's Door* rescues from obscurity the identities images and long term contributions of black leaders who helped to rebuild and reform South Carolina after the Civil War In seven essays the contributors to the volume explore the role of African Americans in government and law during Reconstruction in the Palmetto State Bringing into focus a legacy not fully recognized the contributors collectively demonstrate the legal acumen displayed by prominent African Americans and the impact these individuals had on the enactment of substantial constitutional reforms many of which though abandoned after Reconstruction would be resurrected in the twentieth century James Lowell Underwood in a reexamination of the Constitutional Convention of 1868 recounts the critical role African American delegates played in the drafting of the state's first truly democratic constitution In a pair of essays J Clay Smith and Belinda Gergel offer much new biographical information about Joseph Jasper Wright the first African American to serve on a state supreme court bench They discuss Wright's jurisprudence approach to judicial decision making role in the Dual Government Controversy of 1876 and coerced resignation from the court In essays that explore the role of African American attorneys in South Carolina W Lewis Burke considers an all but forgotten phase in the history of the University of South Carolina Law School the education and graduation of Black students in the 1870s and John Oldfield sheds light on a law school administered by and for African Americans in post Reconstruction South Carolina Michael Mounter tells the story of Richard T Greener the first African American graduate of Harvard and the first African American professor at the University of South Carolina The eminent Reconstruction historian Eric Foner opens and concludes the volume by placing in national perspective the lives of these African Americans and the events in which they participated **God's Almost Chosen Peoples** George C. Rable, 2010 Throughout the Civil War soldiers and civilians on both sides of the conflict saw the hand of God in the terrible events of the day but the standard narratives of the period pay scant attention to religion Now in *God's Almost Chosen Peoples* Li [The Papers of Ulysses S. Grant](#) Ulysses Simpson Grant, 2000 **Politics and Culture of the Civil War Era** Robert Walter Johannsen, 2006 Robert W Johannsen professor emeritus of the University of Illinois at Urbana Champaign is one of the leading Jacksonian and Civil War era historians of his generation Works such as his *Stephen A Douglas* and *To the Halls of the Montezumas* have cemented his place in period scholarship He also has mentored literally dozens of professional historians In his honor eleven of his students have gathered to contribute new essays on the period's history On display here are cutting edge examinations of thought and culture in the late Jacksonian era new considerations of Manifest Destiny and fascinating interpretations of the lives of the two political giants of the period Stephen A Douglas and Abraham Lincoln Democratic Party politics and Civil War era religion also come into play **Women and the American Civil War** Theresa

McDevitt,2003-09-30 The first reference work to draw together the stories and studies of women in the American Civil War this annotated bibliography offers access to the literature that documents the history of women who experienced the war changed it and were changed by it Offering nearly 800 entries it lists both primary and secondary sources classic and current works and items in print and available on the Internet Drawing together over one hundred years of writings Women in the American Civil War An Annotated Bibliography is an invaluable resource for readers and researchers interested in this neglected topic During the American Civil War women played a highly significant role yet modern writers often overlook their experiences and contributions Women in the American Civil War An Annotated Bibliography is the first reference work to focus exclusively on women in the war Sections list sources on such diverse topics as women as nurses and medical relief workers women s changing economic roles their lives as refugees as spies and scouts or in military camps It also looks at the literature on the miscellaneous topics of women in public wives of politicians and military commanders family life and women on the wrong side of the law Rebuilding Zion Daniel W. Stowell,2001-09-20 Both the North and the South viewed the Civil War in Christian terms Each side believed that its fight was just that God favored its cause Rebuilding Zion is the first study to explore simultaneously the reaction of southern white evangelicals northern white evangelicals and Christian freedpeople to Confederate defeat As white southerners struggled to assure themselves that the collapse of the Confederacy was not an indication of God s stern judgment white northerners and freedpeople were certain that it was Author Daniel W Stowell tells the story of the religious reconstruction of the South following the war a bitter contest between southern and northern evangelicals at the heart of which was the fate of the freedpeople s souls and the southern effort to maintain a sense of sectional identity Central to the southern churches vision of the Civil War was the idea that God had not abandoned the South defeat was a Father s stern chastisement Secession and slavery had not been sinful rather it was the radicalism of the northern denominations that threatened the purity of the Gospel Northern evangelicals armed with a vastly different vision of the meaning of the war and their call to Christian duty entered the post war South intending to save white southerner and ex slave alike The freedpeople however drew their own providential meaning from the war and its outcome The goal for blacks in the postwar period was to establish churches for themselves separate from the control of their former masters Stowell plots the conflicts that resulted from these competing visions of the religious reconstruction of the South By demonstrating how the southern vision eventually came to predominate over but not eradicate the northern and freedpeople s visions for the religious life of the South he shows how the southern churches became one of the principal bulwarks of the New South a region marked by intense piety and intense racism throughout the twentieth century *His Truth is Marching On* Clara Merritt DeBoer,2016-11-10 This title first published in 1995 explores the history of the American Missionary Association AMA an abolitionist group founded in New York in 1846 whose primary focus was to abolish slavery to promote racial equality and Christian values and to educate African Americans This title will be of interest to students of history and

education **Warrior in Two Camps** William H. Armstrong, 1978-06-01 Warrior in Two Camps is the biography of Ely S Parker the first native American to serve as commissioner of Indian Affairs The name Ely Samuel Parker is seldom found among famous Indian chiefs Indeed the name seems somehow out of place in the company of men called Black Hawk or Crazy Horse or Geronimo But the prosaic name is part of the story of an American Indian who chose to live his life in the white man s world It is a story in which a frock coat replaces the traditional deerskin and a surveyor s level and a soldier s orderly book take the place of the wampum belt and the war club **In God's Presence** Benjamin L. Miller, 2019-02-20 When thousands of young men in the North and South marched off to fight in the Civil War another army of men accompanied them to care for these soldiers spiritual needs In God s Presence explores how these two cohorts of men Northern and Southern and mostly Christian navigated the challenges of the Civil War on battlefields and in military camps hospitals and prisons In wartime military clergy chaplains and missionaries initially attempted to replicate the idyllic world of the antebellum church Instead they found themselves constructing a new religious world one in which static spaces customarily invested with religious meaning such as houses and churches gave way to dynamic sacred spaces defined by clergy to suit changing wartime circumstances At the same time the religious beliefs that soldiers brought from home differed from the religious practices that allowed them to endure during wartime With reference to Civil War soldiers diaries letters and memoirs this book asks how clergy shaped these practices how they might have differed from camp to battlefield hospital or prison and how this experience affected postbellum religious belief and practice Religion and war have always been at the center of the human condition with warfare often leading to heightened religiosity The Civil War cannot be fully explained without understanding religion s role in the conflict In God s Presence advances this understanding by offering critical insight into the course and consequences of America s epochal fratricidal war Reconstruction in the United States David Lincove, 2000-01-30 The only comprehensive bibliography on Reconstruction this book provides the definitive guide to literature published from 1877 to 1998 In over 2 900 entries the work covers a broad range of topics including politics agriculture labor religion education race relations law family gender studies and local history It encompasses the years of the Civil War through the conclusion of the 1876 election and the end of the federal government s official role in reforming the postwar South and protecting the rights of Black citizens In detailed annotations the book covers a range of literature from scholarly and popular studies to published memoirs letters and documents as well as reference sources and teaching tools The issues of Reconstruction civil rights states rights and federal state relations racism nationalism government aid to individuals continue to be relevant today and the literature on Reconstruction is large This book provides a systematic and comprehensive bibliographic guide to that literature It is organized by topics and geographical regions and states thereby emphasizing the local diversity in the South In addition to a variety of literature it covers the relevant Supreme Court cases through 1883 provides full citations to federal acts and cases cited and includes the texts of the 13th 14th and 15th

Amendments to the Constitution The book will be useful to scholars and students researching a wide range of topics in Southern history constitutional history and national politics in post Civil War United States *A Brief Moment in the Sun* Neil Kinghan,2023-03-22 Winner of the George C Rogers Jr Book Award *A Brief Moment in the Sun* is the first scholarly biography of Francis Lewis Cardozo one of the most talented and influential African Americans to hold elected office in the South between Reconstruction and the civil rights era Born to a formerly enslaved African American mother and white Jewish father in antebellum South Carolina Cardozo led a life of extraordinary achievement as a pioneering educator politician and government official However today he is largely unknown in South Carolina and among students of nineteenth century American history Immediately after the Civil War Cardozo succeeded in creating and leading a successful school for formerly enslaved children in the face of widespread racial hostility Between 1868 and 1877 voters elected him secretary of state and state treasurer In the Republican administrations that controlled the state during Reconstruction Cardozo was a famously honest officeholder when many of his colleagues were notoriously corrupt He played a major part in securing a viable educational system for Black and white children and land reform for thousands of landless families Cardozo proved that Black men could govern at least as well as white As a result he became the target of white supremacist Democratic politicians after they reclaimed power through a campaign of violence and intimidation They prosecuted convicted and imprisoned Cardozo on a fabricated fraud charge Pardoned in 1879 Cardozo moved to Washington DC where he led an even more successful school for African American children Neil Kinghan s *Brief Moment in the Sun* is the first complete historical analysis of Francis Cardozo and his contribution to Reconstruction and African American history It draws on original research on Cardozo s early life and education in Scotland and England and pulls together for the first time the extant sources on his experiences in South Carolina and Washington DC Kinghan reveals all that Cardozo achieved as a Black educator and political leader and explores what else he might have realized if white racism and violence had not ended his efforts in South Carolina Above all Kinghan shows that Francis Cardozo deserves a place of honor and distinction in the history of nineteenth century America *John Ogden, Abolitionist and Leader in Southern Education* Dennis K. McDaniel,1997 Who was John Ogden 1824 1910 the first Superintendent later Principal and President of Fisk School today s Fisk Univ Was he Dr Ogden A Methodist minister An educator from Pennsylvania An ex Army Captain A veteran of the Civil War from the second Wisconsin Cavalry regiment A moral threat to female students A despiser of blacks A man not interested in church building No all these terms of address and descriptions are incorrect but they provide hints about where and how Ogden did spend his life what interested him and how he was the subject of inaccurate scurrilous gossip and the subject of inaccurate respectful addresses This volume presents a study of Ogden in his role as one of the early participants in Southern Negro educ *The Prophet and the Reformer* Matthew J. Grow,Ronald W. Walker,2015-05-01 Until his death in 1877 Brigham Young guided the religious economic and political life of the Mormon community whose settlements spread

throughout the West and provoked a profound political legal and even military confrontation with the American nation Young first met Thomas L Kane on the plains of western Iowa in 1846 Young came to rely on Kane 21 years his junior as his most trusted outside adviser making Kane the most important non Mormon in the history of the Church In return no one influenced the direction of Kane s life more than Young The letters exchanged by the two offer crucial insights into Young s personal life and views as well as his actions as a political and religious leader The Prophet and the Reformer offers a complete reproduction of the surviving letters between the Mormon prophet and the Philadelphia reformer The correspondence reveals the strategies of the Latter day Saints in relating to American culture and government during these crucial years when the Mormon Question was a major political cultural and legal issue The letters also shed important light on the largely forgotten Utah War of 1857 58 triggered when President James Buchanan dispatched a military expedition to ensure federal supremacy in Utah and replace Young with a non Mormon governor This annotated collection of their correspondence reveals a great deal about these two remarkable men while also providing crucial insight into nineteenth century Mormonism and the historical moment in which the movement developed
