Sleeping Beauty and Little Red Riding Hood as well as the tales attributed to Mother Goose The goose has long been an important esoteric symbol in the Western Mystery tradition The stories told under the aegis of Mother Goose carry these symbols and secrets concealed in what hermetic adepts have long called the language of the birds Drawing upon the original versions of fairy tales not the sanitized accounts made into children s movies the author reveals how the tales illustrate each stage of the Great Work and the alchemical iterations required to achieve them He shows how the common motif of a hero or heroine sent in search of a rare object by a sovereign before their wishes can be granted is analogous to the Masonic quest for the lost tomb of Hiram or the alchemist s search for the fire needed to perform the Great Work He also reveals how the hero is always aided by a green bird which embodies the hermetic understanding of the seed and the fruit By unveiling the secret teachings within fairy tales Roger demonstrates the truly ancient lineage of these initiatory stories and how they originated as the trigger to push humanity toward higher levels of consciousness **A to Zoo** Rebecca L.
