## **From A Black Perspective Contemporary Black Essays:**

*From a Black Perspective* Douglas A. Hughes, 1970      Black Theology—Essays on Gender Perspectives Dwight N. Hopkins, 2017-06-15 What do African American men have to do with gender In this collection of riveting and wide ranging essays Dwight N Hopkins draws on over thirty five years of wrestling with these questions Too often gender is seen as a woman s only discussion But in reality men have a gender too Some say it is biological others claim it has to do with socialization Hopkins s career has focused on defining what a black American man is and how he builds bridges of support and engagement with women Hopkins s research as a theologian and his experiences substantiate that the importance of religious viewpoints principled values and future hope remain key to any successful creation of a new African American male and new healthy male female interactions      African American Men in Crisis Wesley E. Pullman, 2012-10-12 The challenges and obstacles to full participation of African American men in the mainstream economic and social structure of American life is rapidly becoming an area of public debate The essential rationale for this work is that there is a need to clarify the basic issues and to achieve a better understanding of the obstacles facing young black men in our society This study is designed to enhance current knowledge and understanding of how different people in urban communities are attempting to address the needs of young black men Its purpose is to further academic understanding and knowledge about community based male socialization programs for black inner city youth      *Black Theology—Essays on Global Perspectives* Dwight N. Hopkins, 2017-06-15 Since its start in 1966 black liberation theology in the United States has continually engaged international developments with Africa and the entire world But after Nelson Mandela was released from prison in February 1990 there has been an almost twenty year break in books on black theology and international affairs *Black Theology Essays on Global Perspectives* bridges that post 1990 gap and makes a vital contact with Africa again This book conceptualizes black theology to take on the global reconfigurations and opportunities brought about by the rapidly shrinking earth of fast paced worldwide contacts In other words in the specificity of the genealogy of black theology we need to reforge ties with Africa This claim is based on tradition And in the generality of the larger worldwide intertwining of technologies and economics we need a new type of black theological leadership for the twenty first century This claim is based on today s international challenges The essays in this book draw on tradition and point forward in the midst of today s worldwide challenges and favorable possibilities given the closeness of all nations and the varieties of cultures      *A Richard Wright Bibliography* Kenneth Kinnamon, Joseph Benson, Michel Fabre, Craig Werner, 1988-01-13 Any future biographical work on Richard Wright will find this bibliography a necessity academic or public libraries supporting a program of black culture will find it invaluable and it belongs in any library supporting American literature studies Richard Wright has truly been well served Choice The most comprehensive bibliography ever compiled for an American writer this book contains 13 117 annotated items pertaining to Richard Wright It includes almost all published mentions of the author or his work in every language in
