From Biography To History:

The Pennsylvania Magazine of History and Biography ,1904 **The Standard American Encyclopedia of Arts, Sciences, History, Biography, Geography, Statistics, and General Knowledge ...** John Clark Ridpath,1897 **Album of History and Biography of Meeker County, Minnesota** Brookhaven Press,1888 *The Oxford Handbook of Disability History* Michael Rembis,Catherine J. Kudlick,Kim Nielsen,2018-06-19 Disability history exists outside of the institutions healers and treatments it often brings to mind It is a history where disabled people live not just as patients or cure seekers but rather as people living differently in the world and it is also a history that helps define the fundamental concepts of identity community citizenship and normality The Oxford Handbook of Disability History is the first volume of its kind to represent this history and its global scale from ancient Greece to British West Africa The twenty seven articles written by thirty experts from across the field capture the diversity and liveliness of this emerging scholarship Whether discussing disability in modern Chinese cinema or on the American antebellum stage this collection provides new and valuable insights into the rich and varied lives of disabled people across time and place **Jesus, Paul, Luke-Acts, and 1 Clement** David L. Balch,2023-06-19 In this book the author draws on two original sources on a Greek biographer historian and rhetorician Dionysius of Halicarnassus as well as on Pompeian domestic art and architecture Generally NT scholars read texts but Greeks and ancient Romans loved beauty The walls and floors of their houses were decorated with thousands of colorful frescoes and mosaics art that two millennia later is still on display in Pompeii Christians lived and worshipped in those typical houses relating the art to NT texts generates many intriguing new questions What stories myths did Greeks and Romans see every day What were their sports and how violent were they Many NT scholars know as much or more Latin than they do Greek and they therefore cite the Latin historian Livy rather than the Greek Dionysius who wrote a century before the first Christian historian Luke Dionysius rhetoric expressed values shared across cultures by Greeks Romans and Jews e g by the historian and rhetorician Josephus some values that Luke also shares Dionysius makes clear that cities and ethnic groups had to praise how they treated emigrant foreigners questions handled differently by Josephus and by Luke This enables new interpretations of Jesus inaugural speech in Luke 4 and of Peter s second Pentecost speech in Acts 10 The Literary and educational year book ,1859 *Library of Congress Subject Headings* Library of Congress,2000 The Oxford Handbook of Modern British Political History, 1800-2000 David Brown,Robert Crawcroft,Gordon Pentland,2018 The two centuries after 1800 witnessed a series of sweeping changes in the way in which Britain was governed the duties of the state and its role in the wider world Powerful processes from the development of democracy the changing nature of the social contract war and economic dislocation have challenged and at times threatened to overwhelm both governors and governed Such shifts have also presented challenges to the historians who have researched and written about Britain s past politics This Handbook shows the ways in which political historians have responded to these challenges providing a snapshot of a field which has

long been at the forefront of conceptual and methodological innovation within historical studies It comprises thirty three thematic essays by leading and emerging scholars in the field Collectively these essays assess and rethink the nature of modern British political history itself and suggest avenues and questions for future research The Oxford Handbook of Modern British Political History thus provides a unique resource for those who wish to understand Britain s political past and a thought provoking long view for those interested in current political challenges

Bibliography of the History of Medicine ,1979 *The Principles of History* Robin George Collingwood,1999 The original text of this uncompleted work has only recently been discovered and is accompanied here by Collingwood s shorter writings on historical knowledge and inquiry Besides containing entirely new ideas these incredible writings discuss many of the issues which Collingwood famously raised in *The Idea of History* and in his *Autobiography* This book also includes a lengthy editorial introduction that puts Collingwood s writings in their context and discusses the philosophical questions they initiate from publisher description

History for Ready Reference, from the Best Historians, Biographers, and Specialists: Greece-Nibelungenlied Josephus Nelson Larned,1895 [Luke among the Ancient Historians](#) John J. Peters,2022-05-24 For centuries scholars have analyzed the composition of Luke Acts presupposing that the reference to many accounts in Luke s Preface indicates the written texts which served as the author s primary sources of information To justify this portrait of Luke as a text based author scholars have appealed to analogies with the text based authors Dionysius of Halicarnassus Diodorus Siculus Plutarch and Arrian Luke among the Ancient Historians challenges this portrait of Luke s method through surveying the origins and development of ancient Greek historiography in chapters on Herodotus Thucydides Polybius Josephus and Luke By focusing on the values and practices of ancient historians Peters demonstrates not only that ancient authors following the model of Thucydides regarded the testimony of eyewitnesses as opposed to texts as the proper sources for historians but that Luke emulated the values practices and craft terminology of the contemporary historiographical tradition Taking seriously the self presentation of Luke as a reporter of contemporary events who claims to write on the basis of eyewitnesses from the beginning and personal investigation this book argues against analogies with text based historians who wrote about non contemporary events and instead situates Luke within a portrait of the values and practices of historians of contemporary events

Muslim Interpreters in Colonial Senegal, 1850-1920 Tamba M'bayo,2016-07-01 This book investigates the lives and careers of Muslim African interpreters employed by the French colonial administration in Saint Louis Senegal from the 1850s to the early 1920s It focuses on the lower and middle Senegal River valley in northern Senegal where the French concentrated most of their activities in West Africa during the nineteenth century The Muslim interpreters performed multiple roles as mediators military and expeditionary guides emissaries diplomatic hosts and treaty negotiators As cultural

and political powerbrokers that straddled the colonial divide they were indispensable for French officials in their relations with African rulers and the local population. As such a central concern of this book is the paradoxical and often contradictory roles the interpreters played in mediating between the French and Africans. This book argues that the Muslim interpreters exemplified a paradox while serving the French administration they pursued their own interests and defended those of their local communities. In doing so the interpreters strove to maintain some degree of autonomy. Moreover this book contends that the interpreters occupied a vantage position as mediators to influence the construction of colonial discourse and knowledge because they channeled the flow of information between the French and the African population. Thus Muslim interpreters had the capacity to shape power relations between the colonizers and the colonized in Senegal. **Worthies of**
