INDEPENDENT ON SUNDAY **Crossing the Line** Gayle Wald, 2000-07-24 Examines constructions of racial identity through the exploration of passing narratives including Black Like Me and forties jazz musician Mezz Mezzrow s memoir Really the Blues

Passing into the present Sinead Moynihan, 2013-07-19 This book is the first full length study of contemporary American fiction of passing Its takes as its point of departure the return of racial and gender passing in the 1990s in order to make claims about wider trends in contemporary American fiction The book accounts for the return of tropes of passing in fiction by Phillip Roth Percival Everett Louise Erdrich Danzy Senna Jeffrey Eugenides and Paul Beatty by arguing meta critical and meta fictional tool These writers are attracted to the trope of passing because passing narratives have always foregrounded the notion of textuality in relation to the illegibility of black subjects passing as white The central argument of this book then is that contemporary narratives of passing are concerned with articulating and unpacking an analogy between passing and authorship Aimed at students and researchers it promises to inaugurate dialogue on the relationships between passing postmodernism and authorship in contemporary American fiction

Transcending Blackness Ralina L. Joseph, 2013 The author critiques the depictions of multiracial Americans in contemporary culture

Politics and Affect in Black Women's Fiction Kathy Glass, 2017-12-15 Exploring literary possibilities Politics and Affect reads black women s text in particular Frances Harper s The Two Offers 1859 Julia Collins s The Curse of Caste 1865 Nella Larsen s Quicksand 1928 and Danzy Senna s Caucasias 1998 as richly creative documents saturated with sociopolitical value Interested in how African American women writers from the nineteenth century to the present have mined the politics of affect and emotion to document love shame and suffering in environments shaped by race Kathy Glass gives sustained attention to the impact of racist affect on the black body and examines how black women writers deploy emotional states to engender sociopolitical change

Crossing Black Sika Dagbovie-Mullins, 2013-01-25 The past two decades have seen a growing influx of biracial discourse in fiction memoir and theory and since the 2008 election of Barack Obama to the presidency debates over whether America has entered a post racial phase have set the media abuzz In this penetrating and provocative study Sika A Dagbovie Mullins adds a new dimension to this dialogue as she investigates the ways in which various mixed race writers and public figures have

redefined both blackness and whiteness by invoking multiple racial identities Focusing on several key novels Nella Larsen's *Quicksand* 1928 Lucinda Roy's *Lady Moses* 1998 and Danzy Senna's *Caucasia* 1998 as well as memoirs by Obama James McBride and Rebecca Walker and the personae of singer Mariah Carey and actress Halle Berry Dagbovie Mullins challenges conventional claims about biracial identification with a concept she calls black sentient mixed race identity Whereas some multiracial organizations can diminish blackness by for example championing the inclusion of multiple race options on census forms and similar documents a black sentient consciousness stresses a perception rooted in blackness a connection to a black consciousness writes the author that does not overdetermine but still plays a large role in one's racial identification By examining the nuances of this concept through close readings of fiction memoir and the public images of mixed race celebrities Dagbovie Mullins demonstrates how a black sentient mixed race identity reconciles the widening separation between black white mixed race and blackness that has been encouraged by contemporary mixed race politics and popular culture A book that promises to spark new debate and thoughtful reconsiderations of an especially timely topic *Crossing Black* recognizes and investigates assertions of a black centered mixed race identity that does not divorce a premodern racial identity from a postmodern racial fluidity

The Reading Groups Book Jenny Hartley, Sarah Turvey, 2001

[The Future of Whiteness](#) Linda Martín Alcoff, 2015-10-12 White identity is in ferment White European Americans living in the United States will soon share an unprecedented experience of slipping below 50% of the population The impending demographic shifts are already felt in most urban centers and the effect is a national backlash of hyper mobilized political and sometimes violent activism with a stated aim that is simultaneously vague and deadly clear to take our country back Meanwhile the spectre of minority status draws closer and the material advantages of being born white are eroding This is the political and cultural reality tackled by Linda Martín Alcoff in *The Future of Whiteness* She argues that whiteness is here to stay at least for a while but that half of whites have given up on ideas of white supremacy and the shared public material culture is more integrated than ever More and more whites are becoming aware of how they appear to non whites both at home and abroad and this is having profound effects on white identity in North America The young generation of whites today as well as all those who follow will have never known a country in which they could take white identity as the unchallenged default that dominates the political economic and cultural leadership Change is on the horizon and the most important battleground is among white people themselves *The Future of Whiteness* makes no predictions but astutely analyzes the present reaction and evaluates the current signs of turmoil Beautifully written and cogently argued the book looks set to spark debate in the field and to illuminate an important area of racial politics

For the Love of Teachers Todd Whitaker, 2013-05-07 *For the Love of Teachers* is a tribute to those who possess the remarkable ability to exercise patience and understanding and to offer guidance along an unfamiliar path The influence these dedicated teachers have is reflected in many of the goals their students set and achieve every day whether learning to tie their shoes memorizing multiplication tables or excelling on the

SATs all basic steps which are vital to their growth and self esteem For this reason among many others the importance of these positive role models in our children s lives as well as our own can t be stressed enough For the Love of Teachers is the ideal way to express the admiration and appreciation we share for them The reasons why someone chooses to teach isn t always clear but what many teachers have in common is the desire to make a difference in the lives of others a task that can be bittersweet For the Love of Teachers is filled with inspiring stories that do just that Some are warm humorous and heartfelt while others illustrate difficult or unexpected situations with the lessons learned along the way Readers will identify with many of the students who recall that special teacher who challenged them to find their hidden talent motivated them to push a little harder or to simply surpass their own expectations For the Love of Teachers is a special way of saying thanks to all the teachers who ve sacrificed their time to better the lives of others
