**From Crisis to Crisis** Vladimir Wozniuk,1987-01-01      **From Crisis to Crisis** Vladimir Wozniuk,1984      **The Rise and Fall of the Brezhnev Doctrine in Soviet Foreign Policy** Matthew J. Ouimet,2003-10-16 Since the sudden collapse of the communist system in Eastern Europe in 1989 scholars have tried to explain why the Soviet Union stood by and watched as its empire crumbled The recent release of extensive archival documentation in Moscow and the appearance of an increasing number of Soviet political memoirs now offer a greater perspective on this historic process and permit a much deeper look into its causes The Rise and Fall of the Brezhnev Doctrine in Soviet Foreign Policy is a comprehensive study detailing the collapse of Soviet control in Eastern Europe between 1968 and 1989 focusing especially on the pivotal Solidarity uprisings in Poland Based heavily on firsthand testimony and fresh archival findings it constitutes a fundamental reassessment of Soviet foreign policy during this period Perhaps most important it offers a surprising account of how Soviet foreign policy initiatives in the late Brezhnev era defined the parameters of Mikhail Gorbachev s later position of laissez faire toward Eastern Europe a position that ultimately led to the downfall of socialist governments all over Europe      **Ideology and National Identity in Post-communist Foreign Policy** Rick Fawn,2004-03-01 A comparative analysis of the foreign policies of eight post communist states which considers the extent to which official communist ideology has been replaced by nationalism and establishes how these states express their national identities through foreign policy      **Ideology and System Change in the USSR and East Europe** Michael Urban,2016-07-27 These studies cover a range of topics market reforms social justice ecology nationalism new political parties and more that are at the centre of the revolutionary changes under way in the former Soviet bloc The breadth of this book s subject matter is complemented by the variety of methods and approaches that it features historical interpretation linguist analysis statistical analysis and political sociology The result is a genuinely interdisciplinary treatment of this important topic      **Europe Since 1945** Bernard A. Cook,2014-01-27 Europe Since 1945 An Encyclopedia is a comprehensive reference work of some 1 700 entries in two volumes Its scope includes all of Europe and the successor states to the former Soviet Union The volumes provide a broad coverage of topics with an emphasis on politics governments organizations people and events crucial to an understanding of postwar Europe Also includes 100 maps and photos      **Eastern Europe, 1986-1993** Robert H. Burger,Helen F. Sullivan,1995-12-15 Describing approximately 1 000 books published between 1986 and late 1993 this work provides readers with a selective guide to English language publications on the subject of Eastern Europe It covers general studies of the area as well as works on the individual countries of Albania Bulgaria the former Czechoslovakia the former German Democratic Republic East Germany Hungary Poland Romania and the former Yugoslavia In addition to bibliographic and descriptive information the authors also include citations to book reviews A companion to their Russia and the Former Soviet Union Libraries Unlimited 1994 this volume also focuses on the social sciences and the humanities As interest about this part of the world continues to build and English

language publications about it proliferate Burger and Sullivan's guide is a pertinent addition to academic and public library collections     **Military Intelligence** ,1989     The American Bibliography of Slavic and East European Studies ,1991

*Canadian Slavonic Papers* ,1988     **The Rise and Decline of International Communism** Geoffrey Stern,1990

Challenging many of the most deeply held assumptions about the communist world this original provocative and wide ranging book brings new understanding of the international communist movement The Rise and Decline of International Communism analyses the changing fortunes of the communist movement from the time of the Comintern to the diffuse and diverse array of socialist and workers parties of today It argues that while the Bolshevik experiment has left an indelible imprint still serving as a model for some and a warning to others national preoccupations and conflicts of interpretation have produced serious rifts which have shattered the myth of global communist solidarity and raised question marks over the future of communism as an ideology movement and way of life Written by a distinguished academic and broadcaster lively and accessible this book is both a basic text and superb overview     **Poland and European East-West Cooperation in the 1970s** Aleksandra Komornicka,2023-09-20 This book offers an international reading of the Polish socialist regime's history in the 1970s and its opening up to the West It bridges Poland's socialist domestic history with critical developments of the global and European 1970s including détente in the Cold War western European integration and globalisation In this period of international transformations socialist Poland under Edward Gierek's leadership multiplied its economic and political contacts with capitalist countries especially western Europe and became a leader of East West cooperation among Council for Mutual Economic Assistance and Warsaw Pact members Relying on sources from public and corporate archives in five different European states the book demonstrates both that the global political and economic transformations of that period were critical for the decision making process in Poland and moreover that the national socialist elites participated in shaping these transformations By looking at the goals and expectations of the Polish socialist elites and their practices of political and economic exchanges with western Europe the book explains the logic which drove the socialist regime into entanglement with the West As is shown here this entanglement proved inextricable and critical for the socialist regime's failure and Poland's political and economic future This book will be of much interest to students of European history cold war studies socialism studies and International Relations     Poland George Sanford,Adriana Gozdecka-Sanford,1993     State ,1989     **Problems of Communism** ,1976     **Parameters** ,1982     **The Solidarity Movement and Perspectives on the Last Decade of the Cold War** Lee Trepanier,Spasimir Domaradzki,Jaclyn Stanke,2010 Nic nie wpisano     **Friendship and International Relations** S. Koschut,A. Oelsner,2014-10-01 International friendship is a distinct type of interstate relationship and that as such it can contribute to capture aspects of international politics that have long remained unattended This book offers a framework for analyzing friendship in international politics by presenting a variety of conceptual approaches and empirical cases     Red Eagle: The Army in Polish Politics, 1944 - 1988 Andrew A. Michta,1990

The rise of the Polish army elite had a profound effect on the Communist Party. Many current changes stem from the tougher attitudes the Polish military under Jaruzelski took toward Solidarity. Annotation copyrighted by Book News Inc. Portland, OR
