

As we look deeply within, we  
understand our perfect balance. There  
is no fear of the cycle of birth, life and  
death. For when you stand in the  
present moment, you are timeless.

**From Deep Within** Ailsa Craig, 2017-09-26 Mist seeps over the horizon covering the bay as it moves closer to shore The wind whispers through the trees bringing voices from the past Ailsa Craig Ailsa Craig is blessed to have experienced much love and adventure in her lifetime The tapestry of emotions created over the years from those experiences is the platform for her first collection of poems and prose While leading others on a lyrical journey through her heart Ailsa Craig weaves nature's blessings with real life experiences while exploring the intricacies of a silent conversation a slide show of memories the flames of delight as two lovers sit by the fire the hope that comes with a new day a photo that retells the past a cool breeze that reminds us that we are never alone and life's steps that prove our dreams never age **Writing from Deeper Within**

Bernard Selling, 2012-02-07 Works of art cause us to contemplate our human condition with unending fascination They take us into another dimension a dimension in which our understanding of the world we live in becomes richer and our appreciation even awe of the power of a human hand to craft such a work grows In this way the works of Leonardo Ibsen and Mozart enrich our understanding of the world in which we function The techniques required to create works of art are neither difficult to grasp nor difficult to use They simply take time thoughtfulness and a willingness to experiment rewrite to see which are most useful Bernard Selling guides people through the writing process explaining what makes writing great one step at a time Selling has taught writing courses for over thirty years and the 25th Anniversary Edition of his seminal guide to life story writing *Writing from Within* will be published by Hunter House in April 2012 *Writing from Deeper Within* a special eBook only sequel contains Selling's refined and expanded curriculum The sequel includes a summary of Selling's *Writing from Within* method which teaches people to learn how to write by using the subject they know best themselves Then with techniques that will help people create more complete powerful and universal stories Selling shows how people can expand their work into full length plays memoirs screenplays or novels Essentially Selling teaches that all great stories no matter the genre or form have well developed fascinating main characters and intriguing plots All characters need goals that they pursue the greater the obstacles in the way of that goal the more interesting the stories become The difference between shorter works and longer works is that shorter works usually only have one obstacle for each goal and longer works have smaller goals and obstacles within the main plot The goals and obstacles push the story forward while minor characters and well crafted backstories contribute to the audience's understanding of what has happened before the curtain comes up and is essential to most narratives To help writers Selling provides draft samples each step of the way to show how his advice improves every piece of writing He describes Story pacing techniques Strategies for subtly adding exposition and denouement Revealing and unraveling character Writing stories within stories Developing unique voices within the same story Researching and writing family histories Advanced steps like creating visual motifs employing sub text and separating the writer from the central character He also includes a full chapter of his students' finished work to show the potential of his

method All of the techniques that Selling presents are just as relevant to the non fiction writer as to the fiction writer and all writers new and old will write with more skill understand themselves and their characters better and be able to turn their writing into art

Joy From Deep Within Hemant Gupta,2010-12-20 What do we all humans have in common We are all incorrigible seekers of bliss or joy Our minds are wired to be happy At least that is what our modern scientific studies contend Yet most of us know we are not joyful In fact we struggle most of time to be and stay happy What has gone wrong I have attempted to answer this question in this book It has been my own journey to arrive at lasting happiness and joy It builds on the informational computational foundation of our universe developed in the first book of this series Road to Digital Divine It combines latest science of mind and matter with spirituality putting forth a new concept of our self the quantum self rooted in the informational nature of our being Most of us are familiar with our physical self that we see in the mirror It however does not define us completely What is critical for us to know is our informational self Knowing the true nature of this self and acting accordingly is essential for us humans to achieve good emotional health and realize lasting joy in our lives In fact not knowing or ignoring the messages from this essential nature of our self is the leading reason for suffering in our human society I paint this self as a tale of three minds emotional rational and cosmic The three minds computationally synchronized lead to the birth of informational self This self is a computationally astute structure It computes using two modes of computation Each of these modes lead to two extreme personalities One binary computation which leads to a nature of self that courts I me and mine tendencies I have called this as our binary self And the other quantum computation which leads to a nature of self with us we and ours tendencies I call this as our quantum self Both these nature of self are quite familiar in today s society The binary information processing leads to egoic entity which is present in most of us It dominates today s human society It is responsible for incredible progress that humans have made as a surviving species but it is also responsible for most of the sufferings that modern humans face today The quantum self has saintlike nature It feels love empathy and oneness with others It is truthful and always stays in the company of divinity It is responsible for widespread altruism in nature and in humans With two selves of very different nature in one body modern humans have learned the meaning of the word suffering Which self will win Which is our true self Understanding of this fact is not trivial In fact it is nothing short of enlightenment as I explain how the understanding of our true self can lead one on to this path It can make a profound change in one s perspective The joy pouring from deep within is at the root of this reality

**Echoes From Deep Within** Dr. Manoj Mathur,2018-04-05 Dr Mathur s Echoes From Deep Within ardently captures human emotions in the rhyme and rhythm of Haiku poetry Whether it talks about the depths of love or the heights of ego it emotes the journey of life influenced by anything from family and friends to love and politics through very simple three lines of Haiku So embark on this poetic exploration and start listening to the Echoes From Deep Within Poetry nectar of my life God talks to me in heavenly whispers I simply ink on paper Dr Manoj Mathur Written in Traditional Japanese Haiku style poems 5 7 5 Three

simple emotional lines Three lines deep enough to fathom the soul Poetry that covers Life Philosophy Nature Love and Passion Poems that portray experiences lessons and feelings in this journey called Life Three lines that would bring out both suffering and blessings This is Echoes From Deep Withtin I always thought that haiku were made of bamboo that their rigid form of three lines and seventeen sounds forced our thoughts on fleeting life and changing seasons into a vessel that demanded that we measure the weight and value of what we wrote Robert MacMillan Full credit to Dr Manoj Mathur for helping me see the world from the other end of the telescope as well as for his affirmation that the form of this old Japanese poem can be stretched in many directions as can its use In Dr Mathur s collection you will find haiku that fit the traditional definition of what one should be a meditation on time passing and life changing and fading filtered through the metaphor of some kind of meditation on the seasons or a scene in nature Full text inside Robert MacMillan Journalist Writer New York Author of Haiku 61 Revisited The songs of Bob Dylan interpreted as haiku Bob Dylan is the Nobel Prize winner in Literature 2016

**Expressions from Deep Within** Dorothy Williams,2013-02-19 A Beautiful Place There is a place I d like to go Where joy and peace forever flow A place where bliss never ends And is pure from worldly sins Always calm and never dreary This is where I d like to tarry This place is called paradise Cheerful relaxing and very nice So come with me and bring your friends When this life comes to an end Expression from Deep Within contains a unique collection of poetry that will soothe your soul If you are facing difficult challenges in your life or need a little encouragement spiritual uplifting or any type of inspiration Expression from Deep Within is the book for you Join author Dorothy Williams as she explores faith love and life in our fast paced world Take some quiet time to reflect on your life and your faith as you rediscover your soul *Inspirational Explosion from Deep Within* Leroy Hubbert,2014-07-22 A question was asked in my dream sometime in January 2014 but blessings of his word that I might share it came in the morning hours that led up to making new changes once again Amen As one hand reaches out to close the doors of inequity and despair the other hand right hand of fellowship is extended to grasp a sincere understanding of joy knowing the desires of your dreams are at hand As I looked at life and sat in counsel breathing new levels of hope and deliverance I found joy in the works that were allotted in this gift of writing My hopes and dreams is that this book would reach out to touch the lives of many with the understanding that if you give up on your dreams restoration is not an option leading to a more profitable journey I have lived every aspect of the words that I write whether it was on a personal level or vicariously through the struggle of others This is meant to bring hope to a wide audience and not just focus on one group My message is one that is simple but of epic proportions when I speak love and encouragement First learn to love yourself before you can share that love with others Never settle in contentment when there are other aspirations to bring joy understanding you are not in this struggle alone **North America** Israel Cook Russell,1927
