From Manor to Market Richard William Lachmann, 1986 *The Discourse of Legitimacy in Early Modern England* Robert Zaller, 2007 The Discourse of Legitimacy is a wide ranging synoptic study of England's conflicted political cultures in the period between the Protestant Reformation and the civil war **From Manor to Market** Richard Lachmann, 1987 Richard Lachmann offers new answers to the old question of how England became the first nation to undergo the transition from feudalism to capitalism Lachmann identifies conflicts among elites within the feudal ruling class rather than conflicts between classes as the primary dynamic within the feudal system that accounted for the timing and direction of structural change His original research and analysis should be of interest to sociologists political scientists historians and others concerned with English history peasant studies and economic history Against the Market David McNally, 1993-12-17 In this innovative book David McNally develops a powerful critique of market socialism by tracing it back to its roots in early political economy He ranges from Adam Smith's attempt to reconcile moral philosophy with market economics to Malthus's reformulation of Smith's political economy which made it possible to justify poverty as a moral necessity Smith's economic theory was also the source of an attempt to construct a critique of capitalism derived from his conception of free and equal exchange governed by natural price This Smithian forerunner of today's market socialism sought to reform the market without abolishing the social relations on which it was based McNally explores this tradition sympathetically but exposes its fatal flaws The book concludes with an incisive consideration of efforts by writers such as Alec Nove to construct a feasible model of market socialism McNally shows these efforts are still plagued by the failure of early Smithian socialism to come to grips with the social foundations of the market the commodification of labor power which is the key to market regulation of the economy The results he argues are neither socialist nor workable **From Manor to Market** Richard Lachmann, 1987 Richard Lachmann offers new answers to the old question of how England became the first nation to undergo the transition from feudalism to capitalism Lachmann identifies conflicts among elites within the feudal ruling class rather than conflicts between classes as the primary dynamic within the feudal system that accounted for the timing and direction of structural change His original research and analysis should be of interest to sociologists political scientists historians and others concerned with English history peasant studies and economic history **Arts & Humanities Citation Index**, 1989 *Forthcoming Books* Rose Arny, 1988 **TLS, the Times Literary Supplement**, 1987 **From Manor to Market**, 1985 Subject Guide to Books in Print, 1971 *Land, Church, and People* Joan Thirsk, 1970 *Kelly's Directory of Merchants, Manufacturers and Shippers*, 1959 **The Compact Edition of the Oxford English Dictionary** Sir James Augustus Henry Murray, 1971 Micrographic reproduction of the 13 volume Oxford English dictionary published in 1933
