Shattered Dreams at Kilimanjaro Helmut Glenk, 2011-01-20 Shattered Dreams at Kilimanjaro covers the period from the establishment of the former colony of German East Africa in the late 19th century until the formation of the independent State of Tanganyika in 1961 The book focuses on a small group of German settlers who ventured into a new world German East Africa to establish farms and businesses in the Mt Kilimanjaro region This venture was ultimately not successful due in part to the tropical diseases contracted by some of the settlers whilst others were disillusioned with the poor economic returns The main reason for its failure however was the outbreak of World War I and the devastating effects this had on the settlers culminating in dispossession and deportation Before the war the settlers had achieved a great deal by clearing virgin land and cultivating it with coffee and an array of vegetables and fruits Others had started businesses such as building and flour milling After World War I the former German colony became the British Mandate Territory of Tanganyika Some former settlers returned only to lose everything again when World War II broke out

and all Germans were interned and their properties confiscated Many of the settlers were deported to Germany in 1940 others were interned in Africa for the duration of the war before being repatriated to Germany It is fitting to record the history of these adventurous and hard working people They overcame severe personal hardships and disappointments and in the end earned little reward for their toils Nevertheless they left a lasting legacy because agriculture was brought to a region in tropical East Africa from which crops are still grown and food produced Similarly their businesses gave rise to ongoing enterprises in that region The book is illustrated with many historical photographs **Nazis in the Holy Land 1933-1948** Heidemarie Wawrzyn,2013-08-01 Young Germans marched through Haifa shouting Heil Hitler and Swastika flags were hoisted at the German consulates in Mandatory Palestine It was in November 1931 when a non Jewish German made the initial contact with Nazi officials in Germany that led to the establishment of a miniature Third Reich with local NS groups Hitler Youth program and associations for women teachers and others in Palestine Approximately 33% of all Palestine Germans Pal stina Deutsche participated in the NS movement Until today no extensive research written in English has been done on this bizarre footnote in history While previous publications in German mainly concentrated on the members of the Temple Society this work includes Protestant and Catholic Germans as well It focuses on the relationship of Pal stina Deutsche with local Arabs and Jews It covers the period of 1933 to 1948 as well as the years between the establishing of the State of Israel and the departure of the last group of Germans in 1950 At the end of the book the reader will find a list with more than seven hundred names of those who joined the NS groups Imperial expectations and realities Andrekos Varnava,2015-09-01 A wide ranging edited collection that interrogates colonial expansion and the mismatch between intention perception and hype and the actual realities **Boycotts Past and Present** David Feldman,2018-12-29 In this book historians and social scientists examine boycotts from the eighteenth century to the present day Employed in struggles against British rule in the American colonies against racial discrimination in the United States during the Civil Rights movement and Apartheid in South Africa today it is Israel that is the focus of a campaign for Boycott Divestment and Sanctions BDS Boycotts have featured in campaigns undertaken by labour consumer and nationalist movements Jews were the focus of some boycotts instigated by nationalist movements in Central and Eastern Europe and Jewish businesses were targeted by the National Socialist regime in Germany In this collection contributors explore the history of past boycott movements and examine the different narratives put forward by proponents and opponents of the current BDS movement directed against Israel one which places the movement within a history of struggles for human rights the other which regards BDS as the latest manifestation of an antisemitic tradition Palestine in the Second World War Dafnah Sharfman,2014 Analyses the continual development of strategic plans and political dilemmas that arose during the Second World War period which led to the subsequent post war circumstance where American and Soviet involvement impacted on the strategic thinking of all involved parties notwithstanding the British military victory **Ten Myths About Israel** Ilan

Pappe, 2017-05-02 The myths and reality behind the state of Israel and the Israeli Palestinian conflict from the most eloquent writer on Palestinian history New Statesman The outspoken and radical Israeli historian Ilan Pappe examines the most contested ideas concerning the origins and identity of the contemporary state of Israel The ten myths repeated endlessly in the media enforced by the military and accepted without question by the world's governments reinforce the regional status quo and include Palestine was an empty land at the time of the Balfour Declaration The Jews were a people without a land There is no difference between Zionism and Judaism Zionism is not a colonial project of occupation The Palestinians left their Homeland voluntarily in 1948 The June 1967 War was a war of No Choice Israel is the only Democracy in the Middle East The Oslo Mythologies The Gaza Mythologies The Two State Solution For students activists and anyone interested in better understanding the news Ten Myths About Israel is another groundbreaking study of the Israel Palestine conflict from the author of The Ethnic Cleansing of Palestine **Ordinary Jerusalem, 1840-1940** Angelos Dalachanis, Vincent

Lemire, 2018-08-13 In Ordinary Jerusalem Angelos Dalachanis Vincent Lemire and thirty five scholars depict the ordinary history of an extraordinary global city in the late Ottoman and Mandate periods Utilizing largely unknown archives they revisit the holy city of three religions which has often been defined solely as an eternal battlefield and studied exclusively through the prism of geopolitics and religion At the core of their analysis are topics and issues developed by the European Research Council funded project Opening Jerusalem Archives For a Connected History of Citizenship in the Holy City 1840 1940 Drawn from the French vocabulary of geography and urban sociology the concept of citizenship describes the dynamic identity relationship a city's inhabitants develop with each other and with their urban environment *Translating Late Ottoman Modernity in Palestine* Evelin Dierauff, 2020-01-20 Die Studie untersucht für die Jahre vor dem Ersten Weltkrieg anhand der arabisch palästinensischen Zeitung Filas in lokale Debatten um politische Ordnung kollektive Identität und Beziehungen zwischen ethnischen und konfessionellen Gruppen dies vor dem Hintergrund transregionaler und transnationaler Zusammenhänge Dies ist deshalb relevant weil Gruppenbeziehungen in Palästina für diese Phase der osmanischen Moderne wenig erforscht sind und sich in einer tiefen Umbruchphase einer sog Sattelzeit befanden Filastin veröffentlicht ab 1911 in Jaffa von Ismail Ismail und Yusuf al Ismail lokalen griechisch orthodoxen Christen diente als Medium in dem ein vielfältiges Spektrum an palästinensischen Autoren verschiedener Konfession folgende Fragen kontrovers verhandelte 1 Regeln des Zusammenlebens im multiethnisch und multikulturell geprägten Jaffa 2 Die Integrierbarkeit der jüdisch zionistischen Einwanderer in die Region und 3 die Partizipation arabisch palästinensischer Christen im von Griechen dominierten griechisch orthodoxen Patriarchat von Jerusalem Exploring Filas in the context of Arab Palestinian press development its specific environment and networks and the political culture after the Young Turk Revolution this study analyzes the main concepts and terminological features that are conveyed through its coverage Further it studies Palestinian group relations in the light of three selected case studies the press debate on 1 the social cohabitation of groups in the Jaffa

region 2 the socio economic integration of Zionist immigrants into the Jerusalem District and 3 the political participation of Arab Palestinian Orthodox Christians in the administration of the Greek Orthodox Patriarchate of Jerusalem and their opposition against the clerical establishment Filastin was published from 1911 onwards in the coastal town of Jaffa by the cousins Yusuf and Isa al Isa Arab Palestinians of Greek Orthodox confession Soon it had established itself as a forum of debate in late Ottoman Palestine serving a pool of authors from different ethnic and confessional but similar educational backgrounds and moral values as a public medium to which they contributed through publishing articles protest letters petitions etc On its pages these authors controversially discussed concepts of collective identity society building political order and all kinds of reforms that they perceived progressive and as fitting the spirit of the age as they called it the age of Ottoman Constitutionalism and modernity This study explores local debates on Palestinian group relations through Filastin during the years 1911 until 1914 which is relevant since during this period of time the Arab Middle East in general and Palestine in specific underwent a so called saddle period a deep and fundamental change with regard to social relations and political concepts that is still rather unexplored in today s scholarship

Germany's Covert War in the Middle East Curt Prüfer, 2017-12-11 Ultimately these cross purposes brought disaster pulling a fatally weak and woefully unprepared Ottoman state into a global war and unleashing vicious internal ethnic repression that brought it defeat and dismemberment The diaries and official reports of German spy and propagandist Curt Prüfer translated here into English in their entirety for the first time chronicle the complexities of the fragile Ottoman German alliance from the perspective of a participant Much like fellow soldier scholar T E Lawrence Prüfer and his colleagues tried to steal the loyalties of the Muslim subjects of the opposing sides The book explores these episodes of sabotage subversion and subterfuge from managing spies to preparing for the attack on the Suez Canal in 1915 and in the process sheds light onto the ways World War I played out across the Middle East Complemented throughout by in depth and meticulously researched footnotes this primary source collection is an invaluable addition to the extant corpus of late Ottoman and World War I historical documents

Sarona Helmut Glenk, 2011-01-12 In the early 1930s Tel Aviv was a melting pot of ethnicities cultures and religious backgrounds Living in the German agricultural settlement known as Sarona is a young man named Erich Erich is a descendant of the Sarona settlement foundera Christian German who belonged to the group known as the Templers Life is without conflict for Erich until his eighteenth birthday when he meets Ruth Ruth is a young Jewessa granddaughter of one of the early Zionist settlers in the Holy Land In Tel Aviv the Germans and the Jewish settlers were not to have contact let alone romantic relations Still Erich and Ruth cant resist even as the world around them threatens their relationship with problems far beyond the normal bounds of boy meets girl There is the question of German Nazism forbidding liaisons between German and Jew There is also the Jewish tradition of discouraging intermarriage Events in their own settlements not only threaten their love but also their lives In the late 1930s Palestine was wracked by three way political violence between the British Jews

and Arabs tearing them both apart Despite war despite distance despite the ridicule of others Erich and Ruth fight for the love they have found Will their love ever be accepted or will death separate them for good **Nazis, Islamists, and the Making of the Modern Middle East** Barry Rubin, Wolfgang G. Schwanitz, 2014-02-01 A groundbreaking account of the Nazi Islamist alliance that changed the course of World War II and influences the Arab world to this day During the 1930s and 1940s a unique and lasting political alliance was forged among Third Reich leaders Arab nationalists and Muslim religious authorities From this relationship sprang a series of dramatic events that despite their profound impact on the course of World War II remained secret until now In this groundbreaking book esteemed Middle East scholars Barry Rubin and Wolfgang G Schwanitz uncover for the first time the complete story of this dangerous alliance and explore its continuing impact on Arab politics in the twenty first century Rubin and Schwanitz reveal for example the full scope of Palestinian leader Amin al Husaini s support of Hitler s genocidal plans against European and Middle Eastern Jews In addition they expose the extent of Germany s long term promotion of Islamism and jihad Drawing on unprecedented research in European American and Middle East archives many recently opened and never before written about the authors offer new insight on the intertwined development of Nazism and Islamism and its impact on the modern Middle East Nazis Islamists reinsert s racial ideology into the study of the desert conflict and thereby offer s new insights into the Nazis relationships with their North African and Middle Eastern partners Mia Lee Contemporary European History Thoroughly researched and closely argued David Pryce Jones National Review The odd couple marriage between Nazis and Arab nationalists has come under increasingly revealing scrutiny over the last decade Here fresh research from previously unexamined archives explicitly ties that frightening nexus to today s Middle East Gene Santoro World War II magazine This book tells a remarkable and to me at least little known but very important story Marshall Poe New Books in History *Jerusalem in World War I* Conde de Ballobar, 2011-08-30 After the British occupation of Jerusalem in December 1917 the newly appointed governor Ronald Storrs met with the Spanish consul Conde de Ballobar Over a glass of wine the two men discussed politics and the future of Palestine Storrs later reported in his extremely popular memoir that Ballobar wrote a diary which according to him was not going to be published in his lifetime It took several decades before the diary was in fact published in 1996 in Spanish In this book Roberto Mazza introduces the reader to the diary of Ballobar available in English here for the first time and provides a comprehensive historical background for readers in search of a fresh perspective on late Ottoman Jerusalem In the autumn of 1914 Antonio de la Cierva y Lewita better known as Conde de Ballobar was sent to Jerusalem to take charge of the Spanish consulate in the city He found himself at the centre of the socio political life in Jerusalem and began to record events experiences and opinions in a diary that has become an invaluable resource The diary provides unique insight into late Ottoman Jerusalem and the upheavals of wartime life in the city and includes a detailed account of the battle amongst the local churches over control of the city s holy places Also touching upon the development of Zionism and the establishment of

British rule Ballobar writes as a privileged observer of an exceptionally complex historical period Jerusalem in World War I offers a precious record of events and insights on episodes and people often neglected due to a lack of original source material Ballobar presents a vivid picture of a lively and dynamic city making it unavoidable to draw parallels with the contemporary conflict and divisions This book will be essential reading for students and scholars of the late Ottoman Empire and World War I in the Middle East The Eleventh Plague Jeremy Brown,2023 Written in a lively and compelling style this book explains the hidden relationship between Judaism and the world of infectious disease It combines history medicine science and religion and gives us a new appreciation of how Jews and Judaism have been deeply shaped by plagues and pandemics from ancient times up to the present Modern Medicine in the Holy Land Yaron Perry,Efraim Lev,2007-10-24 Modern Medicine in the Holy Land provides an in depth assessment of the pioneering work of British Hospitals in Palestine in the nineteenth century and finds these institutions made great contributions to the modernization of the country The large numbers of Europeans spearheaded by British missionaries who began to visit Palestine and the Levant brought modern medical practices to the region The driving factor for this change was the medical enterprise of the London Mission and the series of hospitals it established This pioneering initiative led to the development of competition among the Great Powers in Palestine and by the end of the nineteenth century there were scores of medical institutions that were representative of the modern age Using a wide selection of primary sources from both Britain and Israel Perry and Lev bring together for the first time the history of medical service men who fought to improve the health of the inhabitants of the Holy Land under the most difficult conditions of climate and disease **Jerusalem in the Second World War** Daphna Sharfman,2023-12-28 This book is the first to present the unique story of the city of Jerusalem during the events of the Second World War and how it played a unique role in both the military and civilian aspects of the war Whilst Jerusalem is usually known for topics such as religion archaeology or the politics of the Israeli Arab conflict this volume provides an in depth analysis of this exceptional and temporary situation in Jerusalem offering a perspective that is different from the usual political strategic military analysis Although battles were raging in the nearby countries of Syria and Lebanon and the war in Egypt and the Western Desert the people who came to Jerusalem as well as those who lived there had different agendas and perspectives Some were spies and intelligence officers other were exiles or refugee immigrants from Europe who managed at the last moment to escape Nazi persecution Journalists and writers described life in the city at this time All were probably conscious of the fact that when the war came to an end local rivalry and mounting conflict would take the centre stage again This was a time of a special magical drawn out moment that may shed light on an alternative more peaceful kind of Jerusalem that unfortunately was not to be This volume seeks to find an alternative approach and to contribute to the development of insightful research into life in an unordinary city in an unordinary situation It will be of value to those interested in military history and the history of the Middle East **Architecture RePerformed: The Politics of Reconstruction** Tino Mager,2016-03-09 First

emerging at the beginning of the twentieth century architectural reconstruction has increasingly become an instrument to visually revive a long bygone past This book deals with the phenomenon of meticulous reconstruction in architecture It argues that the politics of reconstruction go far beyond aesthetic considerations Taking architecture as a major source of history and regional identity the impact of large scale reconstruction is deeply intertwined with political and social factors Furthermore memories and associations correlated with lost buildings of a bygone era are heavily influenced by their re appearance something which often contradicts historical events Reconstruction has become an established way of building and dealing with the past yet so far there is no comprehensive scientific study on it By bringing together eight case studies from Eastern Europe France Spain China Japan Israel and Brazil it provides valuable insights into this topic The chapters analyse the political background of the reconstructions and identify the protagonists In doing so this volume adds to our understanding of the impact of reconstruction to memory and oblivion as well as the critical power of reconstruction regarding contemporary architecture and urbanism *Tourists, Travellers and Hotels in 19th-Century Jerusalem* Rupert L. Chapman III,2018-12-13 Jerusalem was a constant focus in the hearts and minds of all pilgrims and tourists travelling to the Holy Land in the nineteenth century but knowing exactly where they might get clean and decent accommodations on arrival was of the utmost importance This volume is a study of the rise of commercial hotel keeping in Jerusalem from the beginnings in the early 1840s drawing extensively on travel accounts and archives notably those of the Palestine Exploration Fund **The Kaiser and the Colonies** Matthew P. Fitzpatrick,2022 Many view Kaiser Wilhelm II as having personally ruled Germany dominating its politics and choreographing its leap to global power but *The Kaiser and the Colonies* shows that he played a surprisingly muted role in the German Empire in contrast to the lively varied innovative responses to German imperialism from monarchs around the world *The Legend of the Singing Cats* Rachael de Guevara,2014-02-22 An unexpected twist of fate takes place when Omar becomes stranded in the middle of the Sahara desert because he was unable to use his compass to navigate through the blistering sands He refused to give up hope and remembers that in ancient times you could rely on the stars to guide you through the vast Sahara at night While following the North Star which gleamed through the Sapphire blue sky Along the way he made an ancient discovery that was only known to man as a legend and was told throughout the generations While fulfilling a promise he had made he was able to receive a miracle he had hoped and prayed for for so long You will truly enjoy the moral of the story
