From Loneliness to Love Douglas A. Morrison, Christopher Witt, 1989 *From Loneliness to Love* R. I. M., M. Iddles, 1901 *Reconnect to Love* Yong Kang

Chan, 2020-06-08 Do you feel lonely even when you are with people When we are alone and isolated many of us think we will feel better once we surround ourselves with friends family or a romantic partner We are constantly looking for someone else to complete us accompany us and give us love and attention But instead of feeling less lonely we often end up feeling empty and disappointed Something always seems to be missing from our relationships We want a deep meaningful connection with others However our relationships usually don't live up to our expectations People don't seem to get us or we don't seem to fit in with others Even those of us who are married or in a love relationship we still feel separate and emotionally disconnected from our partners from time to time Why is this so Download *Reconnect to Love A Journey From Loneliness to Deep Connection* The truth is loneliness is not due to a lack of external connection It's a result of internal disconnection When we feel lonely we have lost our alignment with the love and abundance within Instead we are focusing on what's missing and lacking in our relationships This book is not about getting rid of loneliness or building better relationships with others The purpose of this book is about reconnecting to the love that is always available to us from within whenever we feel lonely By clearing the psychological obstacles that prevent us from feeling connected to others in the first place we naturally become more spiritually connected with the world and others Scroll to the top of the page and get a copy of *Reconnect to Love* now

From loneliness to love, by R.I.M. M. Iddles, 1901 *From Loneliness to Solitude in Person-centred Health Care* Stephen Buetow, 2022-08-26 This innovative book provides a new conceptual analysis of loneliness a condition associated with severe health consequences including increased morbidity and early death Arguing that social connection is not the only answer it explores pathways for transforming loneliness to healthy solitude The first part of the book draws on the humanities and arts including psychology philosophy and literature to analyse the common and potentially serious problem of loneliness It makes the case that the condition is less a deficiency than a state of self disconnection that modernity feeds through social forces The second part of the book looks at how person centred health care can help educate persons to transform loneliness into

healthy solitude It provides an analysis of self connection and spiritual connection discussing how these forms of contact can mitigate risks associated with both lack of social connection and social connection itself such as self disconnection and rejection by others It goes on to demonstrate that connection to the self and spirit can make aloneness a resource and facilitate access to benefits of connecting with others This thought provoking book provides students scholars and practitioners from a range of health and social care backgrounds with a new way of thinking about researching and practising with lonely people
