Why Your Best Friend Is Not a Problem Solver Zen Michael,2021-02-14 We tend to consider that the friends who can help us the most are those who in addition to always being available to listen to us are always ready to tell us what to do Those who are always ready to propose a quick solution to the problems we share with them Our starting point our first reason is to think that we are going to tell a friend a problem and that he is going to give us solutions to solve that problem We think this is the role of a true friend Although this reasoning may make some sense in an ideal world in the real world it turns out not to be so perhaps these are not the friends who help us the most In this book I share my view on how friends can help us and on what is the role of true friends Remember you can always find peace and joy just look inside yourself Zen Michael *My Best Friend Is Invisible* R.L.
