From Exegesis To Exposition A Practical Guide To Using Biblical Hebrew:

From Exegesis to Exposition Robert B. Chisholm, 1999-05 Inspires and instructs students and pastors to use the Hebrew Bible appropriately in their preaching and teaching Includes sample sermons and lessons **A Guide to Biblical Hebrew Syntax** Bill T. Arnold, John H. Choi, 2003-11-24 This introduces and abridges the syntactical features of the original language of the Hebrew Bible or Old Testament Scholars have made significant progress in recent decades in understanding Biblical Hebrew syntax Yet intermediate readers seldom have access to this progress due to the technical jargon and sometimes obscure locations of the scholarly publications This Guide is an intermediate level reference grammar for Biblical Hebrew As such it assumes an understanding of elementary phonology and morphology and defines and illustrates the fundamental syntactical features of Biblical Hebrew that most intermediate level readers struggle to master The volume divides Biblical Hebrew syntax and to a lesser extent morphology into four parts The first three cover the individual words nouns verbs and particles with the goal of helping the reader move from morphological and syntactical observations to meaning and significance The fourth section moves beyond phrase level phenomena and considers the larger relationships of clauses and sentences **Using Old Testament Hebrew in Preaching** Paul D. Wegner, 2008-10-01 Using Old Testament Hebrew in Preaching provides seminary trained preachers and preachers in the making with a refresher in Hebrew exegesis a description of the tools they need a process of transforming exegesis into exposition and a reminder of the benefits both to the preacher and congregation of using the original language It is intended as a Hebrew counterpart to David Alan Black's widely acclaimed Using New Testament Greek in Ministry Baker 1993 **An Annotated Guide to Biblical Resources for Ministry** David R. Bauer, 2011-04-01 David Bauer's Annotated Guide to Biblical Resources for Ministry is without doubt the most complete and up to date practical bibliographic compendium on the Bible now available All interpreters of Scripture pastors and teachers will find the information provided here useful and accessible Especially valuable are the annotations of selected books which offer careful and informed judgments about the usefulness of the works and provide succinct but informative and accurate descriptions and evaluations of each book While Bauer is a New Testament teacher his choices and assessments in the Old Testament bibliography are as good as any Old Testament scholar could produce I do not know of any comparable work for pastors and teachers Patrick D Miller Charles T Haley Professor of Old Testament Theology Princeton Theological Seminary This is one of those rare bibliographic guides that every student of religion seminarian and minister will want to have on his or her bookshelf The focus of this guide is on biblical studies It contains entries on 2 200 books written by 1 300 scholars Annotations describe and evaluate books that are highly recommended Virtually every topic in biblical studies is noted commentaries on each book of the Bible biblical histories theologies and ethics books on the canon archaeology early Judaism and interpretive methods and technical books such as grammars concordances Bible dictionaries and atlases The great strength of this guide is not only that it provides the reader with a wealth of information but also that

the format it follows is eminently reader friendly The Guide is invaluable for assisting the student seminarian or minister in building a personal library I highly recommend it Jack Dean Kingsbury Professor Emeritus of Biblical Theology Union Theological Seminary in Virginia This book provides pastors and church workers with a map for navigating the maze of biblical studies It offers an extensive list of resources with helpful comments and recommendations that help readers discover which books will be of most interest to them The consistent focus is on volumes that are attentive to faith concerns and thus most promising for use within faith communities A valuable tool for any minister or church worker committed to taking the Bible seriously Mark Allan Powell Professor of New Testament Trinity Lutheran Seminary

From Bards to Biblical Exegetes David Emanuel, 2012-08-22 A cursory glance through the Psalter reveals numerous allusions to events in Israel's literary history While a range of literary and oral sources were obviously available to psalmists the relationships between these sources and the psalmists' final work are more obscure Concerning these relationships numerous questions remain unanswered How strictly did the psalmists replicate their sources What kinds of alterations did they make additions omissions etc Did they alter the meaning of their sources in their own compositions Departing from the more classical approaches to researching the psalms engaging in the determination of Sitz im Leben and Gattungen this intertextual study addresses the aforementioned issues by focusing on a group of psalms associated with Israel's exodus tradition 105 106 135 and 136 Through a detailed comparison of lexical correspondences between the psalms and other biblical texts together with a relative dating of each psalm the study identifies literary sources employed by the psalmists It additionally includes a close reading of each psalm to establish the unity and meaning of each composition Emanuel then analyzes and categorizes lexical variances between each psalm and its sources providing potential explanations for alterations found between the two and revealing how the psalmists reinterpreted their biblical sources

Theological Examination of Symbolism in Ezekiel with Emphasis on the Shepherd Metaphor Joel K. T.

Biwul,2013-12-14 This book addresses one of the ever aching problems of human society failed leadership in secular and sacred domains It points out from Ezekiel s use of symbolism and shepherd motif what society stands to suffer and or lose under a bad human leadership structure and bad governance This plays out in the book s x ray of the characteristics of sheep needing a shepherd Dr Biwul contends that Ezekiel used symbolic sign acts to indict both Israel s bad and imperfect human shepherds as well as the Babylonian exiles as being responsible for their plight for not upholding the norms of Deuteronomic theology Particularly he argues forcefully from Ezekiel s shepherd motif that a major factor responsible for the exile of Israel as a covenant community is the massive failure of its bad and imperfect human shepherds who did not possess the requisite shepherding qualities inherent in Yahweh as chief shepherd of Israel Biwul therefore draws particular attention to the reality of Ezekiel s use of the recognition formula when Yahweh acts at last to restore his people This is rooted in the theological eschatological motif which would come to its full reality in the anticipated eschatological community when Yahweh would shepherd his people

Toward a Poetics of Genesis 1-11 Daniel D. Lowery, 2013-04-15 Daniel Lowery commences this work by suggesting that history is a subjective enterprise it is controlled by those who record it The power of the present decides what is counted as history and how the rest of us are told about the past shapes our view of it and concomitantly our outlook for the future In this sense then history fundamentally shapes the future Few questions are more basic to human existence than Who am I Where did I come from What is my place in this world The earliest chapters of Genesis have oriented hearers and readers for millennia in their attempts to address these concerns And so in several respects Genesis shapes the future In this study Lowery sets out to understand more accurately ancient Near Eastern language and claims about origins specifically claims found in Gen 1 11 He uses Gen 4 17 22 as a test case representing the Hebrew tradition explaining how the world came to be civilized Lowery observes that this passage serves a function within the larger narrative of Gen 1 11 akin to other ancient Near Eastern traditions of civilized beginnings Moreover it occupies a place in the overarching narrative of beginnings corresponding to what we find elsewhere throughout the ancient world Lowery focuses mainly on Mesopotamia leaving other cultures for later study This study aims to demonstrate that much of the language of Gen 1 11 is similar in many ways to its Mesopotamian counterparts More explicitly here is an exploration of the nature of the language and terms of Gen 1 11 to ascertain what truths it communicates and how it communicates them At its core this is a study of the genre and generic claims of protohistory as found in Gen 1 11
