From Catastrophe To Power Holocaust Survivors:

From Catastrophe to Power Idith Zertal, 2023-12-22 In a book certain to generate controversy and debate Idith Zertal boldly interprets a much revered chapter in contemporary Jewish and Zionist history the clandestine immigration to Palestine of Jewish refugees most of them Holocaust survivors that was organized by Palestinian Zionists just after World War II Events that captured the attention of the world such as the Exodus affair in the summer 1947 are seen here in a strikingly new light At the center of Zertal's book is the Mossad a small unorthodox Zionist organization whose mission beginning in 1938 was to bring Jews to Palestine in order to subvert the British quotas on Jewish immigration *From Catastrophe to Power* scrutinizes the Mossad's mode of operation its ideology and politics its structure and history and its collective human profile as never before Zertal's moving story sweeps across four continents and encompasses a range of political cultures and international forces But underneath this story another darker and more complex plot unfolds the special encounter between the Zionist revolutionary collective and the mass of Jewish remnant after the Holocaust According to Zertal this psychologically painful yet politically powerful encounter was the Zionists most effective weapon in their struggle for a sovereign Jewish state Drawing on primary archival documents and new readings of canonical texts of the period she analyzes this encounter from all angles political social cultural and psychological The outcome is a gripping and troubling human story of a crucial period in Jewish and Israeli history one that also provides a key to understanding the fundamental tensions between Israel and the Jewish communities and Israel and the world today In a book certain to generate controversy and debate Idith Zertal boldly interprets a much revered chapter in contemporary Jewish and Zionist history the clandestine immigration to Palestine of Jewish refugees most of them Holocaust survivors that was

In the Children's Best Interests Lynne Taylor, 2017-01-01 Among the hundreds of thousands of displaced persons in Germany at the end of World War II approximately 40 000 were unaccompanied children These children of every age and nationality were without parents or legal guardians and many were without clear identities This situation posed serious practical legal ethical and political problems for the agencies responsible for their care In the *Children's Best Interests* by Lynne Taylor is the first work to delve deeply into the records of the United Nations Relief and Rehabilitation Administration UNRRA and the International Refugee Organization IRO and reveal the heated battles that erupted amongst the various entities military governments and NGOs responsible for their care and disposition The bitter debates focused on such issues as whether a child could be adopted what to do with illegitimate and abandoned children and who could assume the role of guardian The inconclusive nationality of these children meant they became pawns in the battle between East and West during the Cold War Taylor's exploration and insight into the debates around national identity and the privilege of citizenship challenges our understanding of nationality in the postwar period

Israel's Holocaust and

the Politics of Nationhood Idith Zertal, 2005-07-11 The ghost of the Holocaust is ever present in Israel in the lives and nightmares of the survivors and in the absence of the victims In this compelling and disturbing analysis Idith Zertal a leading member of the new generation of revisionist historians in Israel considers the ways Israel has used the memory of the Holocaust to define and legitimize its existence and politics Drawing on a wide range of sources the author exposes the pivotal role of the Holocaust in Israel's public sphere in its project of nation building its politics of power and its perception of the conflict with the Palestinians She argues that the centrality of the Holocaust has led to a culture of death and victimhood that permeates Israel's society and self image For the updated paperback edition of the book Tony Judt the world renowned historian and political commentator has contributed a foreword in which he writes of Zertal's courage the originality of her work and the unforgiving honesty with which she looks at the moral condition of her own country Israel

Making Israel Benny Morris, 2010-04-23 Benny Morris is the founding father of the New Historians a group of Israeli scholars who have challenged long established perceptions about the origins of the Israeli Palestinian conflict Their research rigorously documented crimes and atrocities committed by the Israeli armed forces including rape torture and ethnic cleansing With *Making Israel* Morris brings together the first collection of translated articles on the New History by leading Zionist and revisionist Israeli historians providing Americans with a firsthand view of this important debate and enabling a better understanding of how the New Historians have influenced Israelis awareness of their own past The study of Israeli

history society politics and economics over the past two decades has been marked by a fierce and sometimes highly personal debate between traditionalists scholars who generally interpreted Israeli history and society within the Zionist ethos and revisionists scholars who challenged conventional Zionist narratives of Israeli history and society Making Israel brings together traditionalists and revisionists who openly and directly lay out their key insights about Israel s origins It also introduces multidisciplinary perspectives on Israel by historians and sociologists each bringing into the debate its own jargon its own epistemology and methodology and its own array of substantive issues This is essential reading for anybody who wants to understand the different interpretations of Israeli society and perhaps the central debate among students of modern Israel Zeev Maoz Professor of Political Science at the University of California Davis and Distinguished Fellow at the Interdisciplinary Center Herzliya Israel s new historians have done a great service to their country and to all who care about the Arab Israeli conflict By challenging myths reexamining evidence and asking truly important questions about the past they help to confront the present with honesty and realism This book provides a sampling of the best of what these courageous voices have to offer William B Quandt University of Virginia Benny Morris is Professor of Middle East history at Ben Gurion University in Beersheba Israel and is the author of Righteous Victims A History of the Zionist Arab Conflict 1881 1999

Above the Death Pits, Beneath the Flag Jackie Feldman, 2008 Israeli youth voyages to Poland are one of the most popular and influential forms of transmission of Holocaust memory in Israeli society Through intensive participant observation group discussions student diaries and questionnaires the author demonstrates how the State shapes Poland into a living deathscape of Diaspora Jewry In the course of the voyage students undergo a rite de passage in which they are transformed into victims victorious survivors and finally witnesses of the witnesses By viewing touching and smelling Holocaust period ruins and remains by accompanying the survivors on the sites of their suffering and survival crying together and performing commemorative ceremonies at the death sites students from a wide variety of family backgrounds become carriers of Shoah memory They come to see the State and its defense as the romanticized answer to the Shoah These voyages are a bureaucratic response to uncertainty and fluidity of identity in an increasingly globalized and fragmented society This study adds a measured and compassionate ethical voice to ideological debates surrounding educational and cultural forms of encountering the past in contemporary Israel and raises further questions about the representation of the Holocaust after the demise of the last living witnesses

Mirrors of Destruction Omer Bartov, 2000 He then examines the pacifist reaction in interwar France to show how it contributed to a climate of collaboration with dictatorship and mass

Unlikely History J. Zipes, L. Morris, 2016-04-30 In the English speaking world it is generally believed that there are very few Jews living and thriving in Germany Yet there has been an unlikely postwar history 1945 2001 that has been somewhat repressed in North America and the United Kingdom While most people are well informed about the Holocaust and the consequences that this tragic event has had for the world very few people know that there has been a steady increase in the population of Jews in Germany since 1945 and that there is a flourishing Jewish culture certainly a relatively strong Jewish presence in Germany today Does this development mean that Jews are playing a significant role in German social life Does this mean that the great German Jewish relationship often referred to as a kind of symbiosis has re emerged despite the odds against it The sixteen essays in this book written by the leading critics in the field cover the fascinating changes that have been made in German society since 1945 in the Jewish communities literature theater film architecture and other areas of interest including an examination of the resurgence of anti-Semitism in Austria For anyone interested in reading about the unpredictable transformations in German Jewish relations since 1945 *Unlikely History* will provide information and insights into a history that needs to be told to bring about greater understanding of Jews and Germans in contemporary Germany

Ouzan, Manfred Gerstenfeld, 2014-06-26 This volume offers insights into the major Jewish migration movements and rebuilding of European Jewish communities in the mid twentieth century Its chapters illustrate many facets of the Jews often traumatic post war experiences People had to find their way when returning to their countries of origin or starting from scratch in a new land Their experiences and hardships from country to country and from
