## **From Fighters To Soldiers How The Israeli Defense Forces Began:**

From Fighters to Soldiers Yaacov Goldstein, Jacob Goldstein, 1998 Focusing on such self defense organizations as Bar Giora and Hashomer Goldstein history U of Haifa sees in the guerilla fighters in Palestine beginning before World War I a militant aggressive and armed image of Jews that had been absent for centuries He looks at historical developments organization and ideology the status of women the attitude toward Arabs and other aspects taking the coverage to 1936 Distributed in the US by ISBS Annotation copyrighted by Book News Inc Portland OR *Israel's Civil-Military Relations and Security Sector Reform* Ian Westerman, 2024-02-13 This book examines Israel s civil military relations CMR in order to explore alternatives to orthodox Western models of security sector reform SSR in post conflict societies This book argues that the guidelines of SSR have always tended to draw on theoretical work in the field of CMR and focus too heavily on Western liberal democratic models of governance Consequently reform programs based on these guidelines and intended for use in post conflict and conflict affected states have had at best mixed results The book challenges the necessity for this over reliance on traditional Western liberal democratic solutions and instead advocates an alternative approach It proposes that by drawing on an unconventional CMR model that in turn references the specific context and cultural background of the particular state being subject to reform there is a significantly higher chance of success Drawing on a case study of Israel s CMR the author seeks to provide practical assistance to those working in this area and considers the question of how this unorthodox CMR model might usefully inform post conflict and conflict affected SSR programmes This book will be of interest to students of military studies security studies Israeli politics and International Relations **Middle East Conflicts from Ancient Egypt to the 21st Century** Spencer C. Tucker, 2019-08-27 With more than 1 100 cross referenced entries covering every aspect of conflict in the Middle East this definitive scholarly reference provides readers with a substantial foundation for understanding contemporary history in the most volatile region in the world This authoritative and comprehensive encyclopedia covers all the key wars insurgencies and battles that have occurred in the Middle East roughly between 3100 BCE and the early decades of the twenty first century It also discusses the evolution of military technology and the development and transformation of military tactics and strategy from the ancient world to the present In addition to the hundreds of entries on major conflicts military engagements and diplomatic developments the book also features entries on key military political and religious leaders Essays on the major empires and nations of the region are included as are overview essays on the major periods under consideration The book additionally covers such non military subjects as diplomacy national and international politics religion and sectarian conflict cultural phenomena genocide international peacekeeping missions social movements and the rise to prominence of international terrorism The reference entries are augmented by a carefully curated documents volume that offers primary sources on such diverse topics as the Greco Persian Wars the Crusades and the Arab Israeli Wars *The Making of Eretz Israel in the Modern Era* Yehoshua

Ben-Arieh,2020-03-09 Napoleon's invasion of the Middle East marks the beginning of the modern era in the region This book traces the developments that led to the making of a new and separate geographical political entity in the Middle East known as Eretz Israel and the establishment of the State of Israel within its bounds Thus its time frame runs from Napoleon's invasion of Eretz Israel Palestine in 1799 to the establishment of Israel in 1948 1949 Eretz Israel as the formal name of a separate entity in the modern era first appeared in the early translations into Hebrew of the Balfour Declaration while in the original document the country was referred to as Palestine During the period of Ottoman rule the territory that would in time be called Eretz Israel Palestine was not a separate political unit Among Jews use of Eretz Israel increased only after the beginning of Zionist aliyot Had the Zionist movement not arisen it is doubtful whether the development to which this study is devoted would have occurred The motivating force behind that process is without doubt the Zionist element That is why Jews are the major protagonists in this book     **Encyclopedia of Judaism** Sara E. Karesh,Mitchell M. Hurvitz,2005 An illustrated A to Z reference containing over 800 entries providing information on the theology people historical events institutions and movements related to the religion of Judaism     **Encyclopedia of Insurgency and Counterinsurgency** Spencer C. Tucker,2013-10-29 A fascinating look at the insurgencies and counterinsurgencies throughout history with a concentration on the 20th and 21st centuries This encyclopedia examines insurgencies and the counterinsurgency efforts they prompt through history addressing military actions and the techniques and technologies employed in each conflict significant insurgency leaders and the leading theorists with emphasis on the small wars of the 20th century and most recent decades The clear concise entries provide a breadth of coverage that ranges from the Maccabean Revolt in 168 143 BCE and the Peasants Revolt in Germany in the 1500s to the American Revolutionary War and the ongoing insurgency in Syria Readers will gain a solid understanding of how insurgency warfare and counterinsurgency COIN strategy has played a key role in the U S conflicts in Afghanistan and Iraq in the early 21st century and grasp how this important military strategy has evolved during modern times     [The Rise of the Israeli Right](#) Colin Shindler,2015-07-30 The Israeli Right first came to power nearly four decades ago Its election was described then as an earthquake and its reverberations are still with us How then did the Right rise to power What are its origins Colin Shindler traces this development from the birth of Zionism in cosmopolitan Odessa in the nineteenth century to today's Hebron a centre of radical Jewish nationalism He looks at central figures such as Vladimir Jabotinsky an intellectual and founder of the Revisionist movement and Menahem Begin the single minded politician who brought the Right to power in 1977 Both accessible and comprehensive this book explains the political ideas and philosophies that were the Right's ideological bedrock and the compromises that were made in its journey to government     [US National Defense for the Twenty-first Century](#) Edward A. Olsen,2014-07-10 This provocative critique of Washington's current security policies draws on the arguments made by an array of non interventionist and conservative nationalist scholars It provides a blueprint for a more restrained and unilateral US role in global affairs     *From Schlemiel to Sabra*

Philip Hollander,2019-05-17 Convincingly demonstrates the role of gender and sexuality in forming the Israeli state and the place of literature as a force in politics Choice In From Schlemiel to Sabra Philip Hollander examines how masculine ideals and images of the New Hebrew man shaped the Israeli state In this innovative book Hollander uncovers the complex relationship that Jews had with masculinity interrogating narratives depicting masculinity in the new state as a transition from weak feminized schlemiels to robust muscular and rugged Israelis Turning to key literary texts by S Y Agnon Y H Brenner L A Arieli and Aharon Reuveni Hollander reveals how gender and sexuality were intertwined to promote a specific Zionist political agenda A Zionist masculinity grounded in military prowess could not only protect the new state but also ensure its procreative needs and future Self awareness physical power fierce loyalty to the state and devotion to the land humility and nurture of the young were essential qualities that needed to be cultivated in migrants to the state By turning to the early literature of Zionist Palestine Hollander shows how Jews strove to construct a better Jewish future **The**

**Encyclopedia of the Arab-Israeli Conflict** Spencer C. Tucker,Priscilla Roberts,2008-05-12 This exhaustive work offers readers at multiple levels key insights into the military political social cultural and religious origins of the Arab Israeli conflict The Encyclopedia of the Arab Israeli Conflict A Political Social and Military History is the first comprehensive general reference encompassing all aspects of the contentious Arab Israeli relationship from biblical times to the present with an emphasis on the era beginning with World War I The Encyclopedia of the Arab Israeli Conflict goes beyond simply recapping military engagements In four volumes with more than 750 alphabetically organized entries plus a separate documents volume it provides a wide ranging introduction to the distinct yet inextricably linked Arab and Israeli worlds and worldviews exploring all aspects of the conflict The objective analysis will help readers understand the dramatic events that have impacted the entire world from the founding of modern Israel to the building of the Suez Canal from the Six Day War to the Camp David Accords from the assassinations of Anwar Sadat and Yitzhak Rabin to the rise and fall of Yasser Arafat the 2006 Palestinian elections and the Israeli Hezbollah War in Lebanon Global Lynching and Collective Violence Michael J.

**Conflict in the Holy Land** Robert C. DiPrizio,2020-02-07 With more than 250 cross referenced entries covering every

aspect of conflict in the Holy Land this illuminating book will help students understand the volatile history of Palestine and Israel and its impact on the rest of the world Palestine is considered a sacred land by Christians Jews and Muslims This has contributed to the violence that has ravaged the Holy Land throughout its long history This A Z reference work which defines the Holy Land as historic Palestine the combined territories of Israel the West Bank and the Gaza Strip covers such ancient conflicts as Egypt's rule over Canaan the reign of King David and the Jewish Revolts against the Roman Empire In addition the title includes detailed entries on medieval conflicts such as the Crusades and contemporary conflicts such as the Arab Israeli wars The introduction provides readers with the necessary context to understand the region's bloody history and a comprehensive chronology that will help students construct a more complete picture of conflict in the Holy Land Then come hundreds of key entries on the events individuals groups places and ideologies that have played an important role The title concludes with an expansive bibliography that will aid students looking to do more research on the topic and a thorough index

**Rebel Power** Peter Krause, 2017-05-09 Many of the world's states from Algeria to Ireland to the United States are the result of robust national movements that achieved independence Many other national movements have failed in their attempts to achieve statehood including the Basques the Kurds and the Palestinians In *Rebel Power* Peter Krause offers a powerful new theory to explain this variation focusing on the internal balance of power among nationalist groups who cooperate with each other to establish a new state while simultaneously competing to lead it The most powerful groups push to achieve states while they are in position to rule them whereas weaker groups unlikely to gain the spoils of office are likely to become spoilers employing risky escalatory violence to forestall victory while they improve their position in the movement hierarchy Hegemonic movements with one dominant group are therefore more likely to achieve statehood than internally competitive fragmented movements due to their greater pursuit of victory and lesser use of counterproductive violence Krause conducted years of fieldwork in government and nationalist group archives in the Middle East North Africa and Europe as well as more than 150 interviews with participants in the Palestinian Zionist Algerian and Irish national movements This research generated comparative longitudinal analyses of these four national movements involving 40 groups in 44 campaigns over a combined 140 years of struggle Krause identifies new turning points in the history of these movements and provides fresh explanations for their use of violent and nonviolent strategies as well as their numerous successes and failures *Rebel Power* is essential reading for understanding not only the history of national movements but also the causes and consequences of contentious collective action today from the Arab Spring to the civil wars and insurgencies in Syria Afghanistan Iraq and beyond

*Desert in the Promised Land* Yael Zerubavel, 2023-05-25 A complex and fascinating portrait of Israel an engaging book that combines anthropology culture and history Anita Shapira author of *Ben Gurion Father of Modern Israel* At once an ecological phenomenon and a cultural construction the desert has varied associations within Zionist and Israeli culture In the Judaic textual tradition it evokes exile and punishment yet is also a site

for origin myths the divine presence and sanctity Secular Zionism developed its own spin on the duality of the desert as the romantic site of Jews biblical roots that inspired the Hebrew culture and as the barren land outside the Jewish settlements in Palestine featuring them as an oasis of order and technological progress within a symbolic desert Yael Zerubavel tells the story of the desert from the early twentieth century to the present shedding light on romantic mythical associations settlement and security concerns environmental sympathies and the commodifying tourist gaze Drawing on literary narratives educational texts newspaper articles tourist materials films popular songs posters photographs and cartoons Zerubavel reveals the complexities and contradictions that mark Israeli society s semiotics of space in relation to the Middle East and the central role of the besieged island trope in Israeli culture and politics *Encyclopedia of Politics* Rodney P. right wing Zionist ideas Jabotinsky's *Children* draws on a wealth of rare archival material to uncover how the young people in Betar were instrumental in shaping right wing Zionist attitudes about the roles that authoritarianism and military force could play in the quest to build and maintain a Jewish state Recovering the voices of ordinary Betar members through their letters diaries and autobiographies Jabotinsky's *Children* paints a vivid portrait of young Polish Jews and their turbulent lives on the eve of the Holocaust Rather than define Jabotinsky as a firebrand fascist or steadfast democrat the book instead reveals how he deliberately delivered multiple and contradictory messages to his young followers leaving it to them to interpret him as they saw fit Tracing Betar's surprising relationship with interwar Poland's authoritarian government Jabotinsky's *Children* overturns popular misconceptions about Polish Jewish relations between the two world wars and captures the fervent efforts of Poland's Jewish youth to determine on their own terms who they were where they belonged and what their future held in store Shedding critical light on a vital yet neglected chapter in the history of Zionism Jabotinsky's *Children* provides invaluable perspective on the origins of right wing Zionist beliefs and their enduring allure in Israel today 1948 Benny Morris, 2008-10-01 This history of the foundational war in the Arab Israeli conflict is groundbreaking objective and deeply revisionist Besides the military account it also focuses on the war's political dimensions Historian Morris probes the motives and aims of the protagonists on the basis of newly opened Israeli and Western documentation The Arab side where the archives are still closed is illuminated with the help of intelligence and diplomatic materials Morris stresses the jihadi character of the two stage Arab assault on the Jewish community in Palestine He examines the dialectic between the war's military and political developments and highlights the military impetus in the creation of the Palestinian refugee problem He looks both at high politics and general staff decision making and at the nitty gritty of combat in the battles that resulted in the emergence of the State of Israel and the humiliation of the Arab world a humiliation that underlies the continued Arab antagonism toward Israel R sum de l diteur **Israel** Muhammad Abbas, 2007 The value of peace in universal the Arab Israel conflict deserves peace as well The killings of innocent civilians in Israel and its Arab neighbors must now stop To every problem there is a solution and this problem is no exception If all countries of the world will comply with all resolutions passed by United Nations Organization it will not only solve the problem of Israel but many other problems as well Judaism Christianity and Islam are all religions of peace They are all based on the same fundamentals They are also collectively known as Abrahamic religions All of them strive for the establishment of peace in the world In this book is contained the ancient and modern history of Israel An analysis of the beliefs of these religions reveals to us that a solution to the problem of Israel is certainly possible Islam is also a religion of peace just like Judaism and Christianity and is in no way against the settlement of Jews in Israel in the present time **Military Review** , 2009
