Islam, Secularism, and Liberal Democracy Nader Hashemi, 2009-04-08 Islam s relationship to liberal democratic politics has emerged as one of the most pressing and contentious issues in international affairs In Islam Secularism and Liberal Democracy Nader Hashemi challenges the widely held belief among social scientists that religious politics and liberal democratic development are structurally incompatible This book argues for a rethinking of democratic theory so that it incorporates the variable of religion in the development of liberal democracy In the process it proves that an indigenous theory of Muslim secularism is not only possible but is a necessary requirement for the advancement of liberal democracy in Muslim societies

Culture and Islamic Adaptation Psychology Malik Badri, Humanology, 2018-03-15 The indiscriminate exportation of Western psychology to Muslim and third world countries can pose serious cultural and ideological dilemmas When the exported commodity from North to South is physical in nature the harm done can easily be identified for example the quick detection of the life threatening birth defects caused by the drug thalidomide when taken during pregnancy or the flaws in the braking system of a Japanese car However when the exported product is ideas and beliefs and ways of life the indirect and sneaky damage is often much more malevolent and long lasting because it attacks the worldview of the recipients and it shakes their cherished beliefs Because of its technological supremacy Islamic and developing countries got used to wholeheartedly accepting any information coming from the West if it is under the tag of science By presenting itself under this prestigious mantra of science students in Muslim countries swallow the kernel of psychology with its nutshell the baby with its filthy water The danger of this approach is greatly augmented by the shortcomings of our educational systems

that discourages critical thinking and encourages the submissive acceptance of the words of the teacher and that of printed material

Representing Jihad Jacqueline O'Rourke, 2012-08-09 The jihad has been at the centre of the West's securitization discourse for more than a decade. Theorists constantly use the jihadist as a discursive tool to further their neoliberal military and market agendas, perpetuating massive gaps of understanding between the West, Muslims, and jihadists themselves. They are helped by Muslim interlocutors who all too often play the role of good Muslims explaining the motifs of the bad Muslims. This timely book argues that Muslim theory and fiction has been significantly commodified to cater to the needs of western ideology. It skillfully critiques the ideological contradictions of the debate around the jihadist by offering a comprehensive analysis of Muslim and non-Muslim cultural critics. Ranging from Edward Said to Slavoj Žižek, from Don DeLillo to Orhan Pamuk, and from Mohammed Siddique Khan to Osama bin Laden, this vastly heterogeneous discourse produces a multi-dimensional Muslim response. O'Rourke examines some of its critical fault lines in postcolonial theory and literary analysis. This groundbreaking book argues that the temptation to appropriate the figure of the jihadist offers a fertile area from which to launch a discussion about the limits of current theory.

Theorizing Justice in Contemporary Arabo-Islamic Philosophy Kaouther Karoui, 2023-12-04 What is justice from the perspective of contemporary Arabo-Islamic philosophy? Kaouther Karoui takes a transcultural approach open to different philosophical traditions and seeks to decenter Western notions of normativity. She focuses on two thinkers: namely the feminist Fatima Mernissi (d. 2015) and Mohammed Arkoun (d. 2010), a well-known critic of hegemony and orthodoxy. She situates their thinking within current debates among Arab thinkers and brings their ideas into dialog with Western political philosophy. This study thus challenges stereotypes about the Arab-Islamic world by discussing postcolonial theories of gender, justice, political freedom, and religion.
