From Lenin To Stalin:

From Lenin to Stalin Victor Serge, 1973 Eyewitness account of the rise of Stalinism **The Russian Revolution from Lenin to Stalin** Edward Hallett CARR, 1979 *The Russian Revolution* Edward Hallett Carr, 1980 *Rule of Terror* Hellmut Andics, 1969 **Stalin on Lenin** Joseph Stalin, 1946 **Why Lenin? Why Stalin?** Theodore Hermann Von Laue, 1971 *Lenin, Stalin and Communist Russia* Robert Johnson, 2009 History **Lenin and Stalin** Andrey Yanuaryevich Vyshinsky, 1948 *Some Useful Passages from Lenin and Stalin* Nathan Leites, 1951 **Russia and the West Under Lenin and Stalin** George F. Kennan, 1961 *Lenin, Stalin, and Hitler* Robert Gellately, 2008-08-12 A bold new accounting of the great social and political upheavals that enveloped Europe between 1914 and 1945 from the Russian Revolution through the Second World War In Lenin Stalin and Hitler acclaimed historian Robert Gellately focuses on the dominant powers of the time the Soviet Union and Nazi Germany but also analyzes the catastrophe of those years in an effort to uncover its political and ideological nature Arguing that the tragedies endured by Europe were inextricably linked through the dictatorships of Lenin Stalin and Hitler Gellately explains how the pursuit of their utopian ideals turned into dystopian nightmares Dismantling the myth of Lenin as a relatively benevolent precursor to Hitler and Stalin and contrasting the divergent ways that Hitler and Stalin achieved their calamitous goals Gellately creates in Lenin Stalin and Hitler a vital analysis of a critical period in modern history **Vladimir Lenin, Joseph Stalin & Leon Trotsky** Charles River Charles River Editors, 2017-11-10 Includes pictures of Lenin Stalin Trotsky and important people places and events in their lives Explains each man s role in the Revolution and its aftermath Discusses the conspiracy theories surrounding Stalin s death and how Stalin came to power against Lenin s wishes Includes a bibliography for further reading Among the leaders of the 20th century arguably none shaped the course of history as much as Vladimir Lenin 1870 1942 the Communist revolutionary and political theorist who led the Bolshevik Revolution that established the Soviet Union In addition to shaping the Marxist Leninist political thought that steered Soviet ideology he was the first Soviet premier until his death and set the Soviet Union on its way to becoming one of the world s two superpowers for most of the century in addition to being the West s Cold War adversary As it turned out the creation of the Soviet Union came near the end of Lenin s life as he worked so hard that he had burned himself out by his 50s dying in 1924 after a series of strokes had completely debilitated him Near the end of his life he expressly stated that the regime s power should not be put in the hands of the current General Secretary of the Communist Party Joseph Stalin Of course Stalin managed to do just that modernizing the Soviet Union at a breakneck pace on the backs of millions of poor laborers and prisoners If Adolf Hitler had not inflicted the devastation of World War II upon Europe it s quite likely that the West would consider Joseph Stalin 1878 1953 the 20th century s greatest tyrant Before World War II Stalin consolidated his position by frequently purging party leaders most famously Leon Trotsky and Red Army leaders executing hundreds of thousands of people at the least In one of history s greatest textbook examples of the idea that the

enemy of my enemy is my friend Stalin's Soviet Union allied with Britain and the United States to defeat Hitler in Europe with the worst of the war's carnage coming on the eastern front during Germany's invasion of Russia. Nevertheless the victory in World War II established the Soviet Union as one of the world's two superpowers for nearly 50 years in addition to being the West's Cold War adversary. Along with Vladimir Lenin, Trotsky led the October Bolshevik Revolution of 1917 and held crucial posts in the early Soviet governments but after Lenin's death, Trotsky was exiled, persecuted and finally murdered at the behest of his arch rival Joseph Stalin. For the final decade of his life, Trotsky was a man trapped in between two worlds. A communist seeking refuge in the capitalist West, Trotsky was deemed a secret agent of the capitalist powers by Stalin's propaganda but the Soviet Union's enemies also viewed him with suspicion. In the initial aftermath of Lenin's death, Trotsky had been his ally's heir apparent and for those inclined to believe the Soviet experiment had started promisingly but gone astray, Trotsky became the embodiment of the betrayed promise of the early Bolshevik revolution. There were certain ironies in this widespread sympathetic interpretation of Trotsky's legacy. For the Marxists and Marxist sympathizers appalled by Stalin's paranoid police state, Gulag concentration camps and strict suppression of dissent, Trotsky was viewed as a humane and cosmopolitan opposite to Stalin. But Trotsky himself had overseen and spearheaded campaigns of persecution against Russians suspected of counterrevolutionary leanings and he had written a long tract defending these terroristic measures as necessary safeguards of the revolution. The Soviet Union's Big Three explores the lives and legacies of Lenin, Trotsky and Stalin before the Bolshevik Revolution as well as the crucial roles they played in establishing the Soviet Union and turning it into a modern superpower.

The Soviet Union, from Lenin to Khrushchev United States. Congress. House. Committee on Un-American Activities, 1961

The Fathers of the Soviet Union Charles River Editors, 2013-11. Includes pictures of Lenin, Stalin and important people, places and events in their lives. Discusses the conspiracy theories surrounding Stalin's death and how Stalin came to power against Lenin's wishes. Includes a bibliography for further reading. We want to achieve a new and better order of society in this new and better society there must be neither rich nor poor all will have to work. Not a handful of rich people but all the working people must enjoy the fruits of their common labour. Vladimir Lenin. It is time to finish retreating. Not one step back. Such should now be our main slogan. Joseph Stalin. Among the leaders of the 20th century arguably none shaped the course of history as much as Vladimir Lenin. 1870-1942 the Communist revolutionary and political theorist who led the Bolshevik Revolution that established the Soviet Union. In addition to shaping the Marxist-Leninist political thought that steered Soviet ideology, he was the first Soviet premier until his death and set the Soviet Union on its way to becoming one of the world's two superpowers for most of the century in addition to being the West's Cold War adversary. As it turned out, the creation of the Soviet Union came near the end of Lenin's life as he worked so hard that he had burned himself out by his 50s, dying in 1924 after a series of strokes had completely debilitated him. Near the end of his life, he expressly stated that the regime's power should not be put in the hands of the current General Secretary of the

Communist Party Joseph Stalin Of course Stalin managed to do just that modernizing the Soviet Union at a breakneck pace on the backs of millions of poor laborers and prisoners If Adolf Hitler had not inflicted the devastation of World War II upon Europe it s quite likely that the West would consider Joseph Stalin 1878 1953 the 20th century s greatest tyrant Before World War II Stalin consolidated his position by frequently purging party leaders most famously Leon Trotsky and Red Army leaders executing hundreds of thousands of people at the least In one of history s greatest textbook examples of the idea that the enemy of my enemy is my friend Stalin s Soviet Union allied with Britain and the United States to defeat Hitler in Europe with the worst of the war s carnage coming on the eastern front during Germany s invasion of Russia Nevertheless the victory in World War II established the Soviet Union as of the world s two superpowers for nearly 50 years in addition to being the West s Cold War adversary By the time Stalin died in 1953 it was written that he had found Russia working with wooden ploughs and is leaving it equipped with atomic piles Of course he was reviled in the West where it was written The names of Lenin Stalin and Hitler will forever be linked to the tragic course of European history in the first half of the twentieth century The Fathers of the Soviet Union explores the lives and legacies of Lenin and Stalin before the Bolshevik Revolution as well as the crucial roles they played in establishing the Soviet Union and turning it into a modern superpower Along with pictures of important people places and events you will learn about Lenin and Stalin like you never have before in no time at all Three Who Made a Revolution Bertram D. Wolfe,2001-09-19 This monumental triple biography weaves together the personal and public lives of the triumvirate behind the 1917 Russian Revolution the creation of totalitarian Soviet state and the repression and extermination of millions The Bed-rock of the Revolution ,1975 **Lenin, Stalin, and Hitler** Robert Gellately,2009-11-11 A bold new accounting of the great social and political upheavals that enveloped Europe between 1914 and 1945 from the Russian Revolution through the Second World War In Lenin Stalin and Hitler acclaimed historian Robert Gellately focuses on the dominant powers of the time the Soviet Union and Nazi Germany but also analyzes the catastrophe of those years in an effort to uncover its political and ideological nature Arguing that the tragedies endured by Europe were inextricably linked through the dictatorships of Lenin Stalin and Hitler Gellately explains how the pursuit of their utopian ideals turned into dystopian nightmares Dismantling the myth of Lenin as a relatively benevolent precursor to Hitler and Stalin and contrasting the divergent ways that Hitler and Stalin achieved their calamitous goals Gellately creates in Lenin Stalin and Hitler a vital analysis of a critical period in modern history **A History of Twentieth-century Russia** Robert Service,1997 Russia has had an extraordinary history in the twentieth century As the first Communist society the USSR was both an admired model and an object of fear and hatred to the rest of the world How are we to make sense of this history A History of Twentieth Century Russia treats the years from 1917 to 1991 as a single period and analyzes the peculiar mixture of political economic and social ingredients that made up the Soviet formula Under a succession of leaders from Lenin to Gorbachev various methods were used to conserve and strengthen this compound At

times the emphasis was upon shaking up the ingredients at others upon stabilization All this occurred against a background of dictatorship civil war forcible industrialization terror world war and the postwar arms race Communist ideas and practices never fully pervaded the society of the USSR Yet an impact was made and as this book expertly documents Russia since 1991 has encountered difficulties in completely eradicating the legacy of Communism A History of Twentieth Century Russia is the first work to use the mass of material that has become available in the documentary collections memoirs and archives over the past decade It is an extraordinarily lucid masterful account of the most complex and turbulent period in Russia s long history *From Lenin to Stalin. Transl. from the French by R. Manheim ,1937* **The Secret File of Joseph Stalin** Roman Brackman,2004-11-23 This account of Stalin s life begins with his early years the family breakup caused by the suspicion that the boy was the result of an adulterous affair the abuse by his father and the growth of the traumatized boy into criminal spy and finally one of the 20th century s political monsters
