**From Maintenance to Mission** Robert S. Rivers, 2005 Evangelization contrary to what many people believe is not just a Protestant concern in fact writes Robert Rivers it is Catholic to the core In this practical approachable work he suggests that the Catholic parish is a wonderful setting to carry out the evangelizing work of the church He makes the case that evangelization holds the key to the future of the church because it was in fact the centerpiece of post Vatican Council reform Drawing from the USCCB document Go and Make Disciples which offers a comprehensive plan and strategy for evangelization he explores ways to challenge us to become Catholic evangelizers And he proposes ways to move from maintenance to mission oriented parishes My purpose affirms the author is to try to place before the reader a compelling vision of Catholic evangelization and share some strategic thinking that might enable us to implement the great vision to which we have been called He attains that goal convincingly practically and hopefully Meeting the Customer's Needs for
