Friedrich Nietzsche And The Politics Of The Soul:

Friedrich Nietzsche and the Politics of the Soul Leslie Paul Thiele, 1990-08-23 Leslie Thiele presents an original and accessible essay on the great thinker's attempt to lead a heroic life as a philosopher artist saint educator and solitary. He takes as his point of departure Nietzsche's conception of the soul as a multiplicity of conflicting drives and personae and focuses on the task Nietzsche allotted himself to make a cosmos out of his chaotic inheritance. This struggle to become what you are by way of a spiritual politics is demonstrated to be Nietzsche's foremost concern which fused his philosophy with his life.

Friedrich Nietzsche and the Politics of the Soul Leslie Paul Thiele, 2020-12-08 Reading Nietzsche's works as the political biography of his soul Leslie Thiele presents an original and accessible essay on the great thinker's attempt to lead a heroic life as a philosopher artist saint educator and solitary. He takes as his point of departure Nietzsche's conception of the soul as a multiplicity of conflicting drives and personae and focuses on the task Nietzsche allotted himself to make a cosmos out of his chaotic inheritance. This struggle to become what you are by way of a spiritual politics is demonstrated to be Nietzsche's foremost concern which fused his philosophy with his life. The book offers a conversation with Nietzsche rather than a consideration of the secondary literature yet it takes to task many prevalent approaches to his work and contests especially the way we often restrict our encounter with him to conceptual analysis. All deconstructionist attempts to portray him as solely concerned with the destruction of the subject and the dispersion of the self rather than its unification are called into question. Often portrayed as the champion of nihilism Nietzsche here emerges as a thinker who saw his primary task as the overcoming of nihilism through the heroic struggle of individuation.

Nietzsche, Power and Politics Herman Siemens, Vasti Roodt, 2009-02-26 Nietzsche's legacy for political thought is a highly contested area of research today. With papers representing a broad range of positions this collection takes stock of the central controversies: Nietzsche as political anti-political thinker; Nietzsche and contra democracy; Arendt and contra Nietzsche; as well as new research on key concepts: power, the agon, aristocracy, friendship, etc. on historical, contemporary and futural aspects of Nietzsche's political thought. International contributors include well-known names: Conway Ansell Pearson, Hatab, Taureck Patton, Connolly, Villa, van Tongeren and young emerging scholars from various disciplines.

Nietzsche & Anarchism: An Elective Affinity and a Nietzschean reading of the December '08 revolt in Athens Christos Iliopoulos, 2019-10-15 This book aims to establish the bond between Friedrich Nietzsche and the anarchists through the apparatus of elective affinity and to challenge the boundaries of several anarchist trends especially classical and post-anarchism and ideologies like anarchism and libertarian Marxism. Moreover, it highlights the importance of reading Nietzsche politically in a radical way to understand his utility for the contemporary anarchist movement. The review of the literature concerning the Nietzsche-anarchy relationship shows the previously limited bibliography and stresses the possibility of exploring this connection with the methodological help of Michael Lowy's concept of elective affinity. The significance of this finding is that the relevant affinity may contribute to an

alternative to the dominant perception of anarchism as an ideology It may also designate its special features together with its weaknesses meaning the objections of Nietzsche to certain aspects of the anarchist practices and worldview violence resentment bad conscience thus opening a whole new road of self criticism for the anarchists of the twenty first century In addition the location and analysis of the elective affinity serves the debunking of the Nietzschean concepts used by conservative and right wing readings in order to appropriate Nietzsche and of the accusations that the German philosopher had unleashed against anarchists which reveals his misunderstanding of anarchist politics The final part of this book applies the whole analysis above on a Nietzschean reading of the December 08 revolt in Athens based on the Of the Three Metamorphoses discourse from Thus Spoke Zarathustra offering an alternative view of the events that shook Greece and also had an important global impact The European Philosophers from Descartes to Nietzsche Monroe Beardsley, 2002-11-12 Between the earliest and the latest of the works included here we have two hundred and fifty years of vigorous and adventurous philosophizing Monroe Beardsley writes in his Introduction to this collection If the modern period can be only vaguely or arbitrarily bounded it can at least be studied and we can ask whether any dominant themes overall patterns of movement or notable achievements can be found within it This question is one that is best asked by the reader after he has read or read around in these works This Modern Library Paperback Classic also includes a newly updated Bibliography

The Philosophy of Nietzsche Rex Welson, 2014-12-18 This important new introduction to Nietzsche's philosophical work provides readers with an excellent framework for understanding the central concerns of his philosophical and cultural writings It shows how Nietzsche's ideas have had a profound influence on European philosophy and why in recent years Nietzsche scholarship has become the battleground for debates between the analytic and continental traditions over philosophical method The book is divided into three parts In the first part the author discusses morality religion and nihilism to show why Nietzsche rejects certain components of the Western philosophical and religious traditions as well as the implications of this rejection In the second part the author explores Nietzsche's ambivalent and sophisticated reflections on some of philosophy's biggest questions These include his criticisms of metaphysics his analysis of truth and knowledge and his reflections on the self and consciousness In the final section Welson discusses some of the ways in which Nietzsche transcends or is thought to transcend the Western philosophical tradition with chapters on the will to power politics and the flourishing life *Rousseau, Nietzsche, and the Image of the Human* Paul Franco, 2021-09-30 Rousseau and Nietzsche presented two of the most influential critiques of modern life and much can still be learned from their respective analyses of problems we still face In *Rousseau, Nietzsche, and the Image of the Human* Paul Franco examines the relationship between Jean Jacques Rousseau and Friedrich Nietzsche arguably the two most influential shapers and explorers of the moral and cultural imagination of late modernity Both thinkers leveled radical critiques of modern life but those critiques differed in important respects Whereas Rousseau focused on the growing inequality of modern society and the hypocrisy self division

and loss of civic virtue it spawned Nietzsche decried the democratic equality he identified with Rousseau and the loss of individual and cultural greatness it entailed Franco argues however that Rousseau and Nietzsche are more than mere critics they both put forward powerful alternative visions of how we ought to live Franco focuses specifically on their views of the self and its realization their understandings of women and the relation between the sexes and their speculative conceptions of politics While there are many similarities in their positive visions Franco argues that it is the differences between them from which we have most to learn

The Relevance of Higher Education Timothy Simpson, 2013-09-24 Most statements today about higher education begin with the assumption that it should be relevant That it should be relevant however does not settle the matter The significance of relevance depends on the power of something else that is more fundamental Relevance may be a true standard of judgment but it does not stand by itself Assuming higher education should be relevant the question emerges relevant to what Why How At what costs And relevant in what sense These are some of the central questions animating this study The Relevance of Higher Education Exploring a Contested Notion edited by Timothy L Simpson examines the relevance of higher education by bringing together the work of historians political scientists and educational philosophers The contributors probe the meaning of relevance in its many guises providing an historical and philosophical account of the roots of this concept and its impact on the institution of higher education Furthermore The Relevance of Higher Education provides a critical evaluation of the impact of relevance on our understanding of the political and economic relationship between higher education and society This study suggests views of relevance that could guide the future of higher education By providing penetrating analysis this text thoroughly explores relevance and its underlying assumptions potential implications and long lasting effects on higher education and society The Relevance of Higher Education provides the tools necessary to develop a rich framework for understanding relevance and its impact on higher education and society

The Soul of Politics Glenn Ellmers, 2023-10-17 WITH A NEW PREFACE BY

THE AUTHOR Harry V Jaffa 1918 2015 professor at Claremont McKenna College and distinguished fellow of the Claremont Institute was one of the most influential thinkers of the twentieth century His hundreds of students have reached positions of power and prestige throughout the intellectual and political world including at the Supreme Court and the Trump White House Jaffa authored Barry Goldwater s famous 1964 Republican Convention speech which declared Extremism in the defense of liberty is no vice And moderation in the pursuit of justice is no virtue William F Buckley Jaffa s close friend and a key figure in shaping the modern conservative movement wrote If you think it is hard arguing with Harry Jaffa try agreeing with him His widely acclaimed book *Crisis of the House Divided An Interpretation of the Issues in the Lincoln Douglas Debates* 1959 was the first scholarly work to treat Abraham Lincoln as a serious philosophical thinker As the earliest prot g of the controversial scholar Leo Strauss Jaffa used his theoretical insights to argue that the United States is the best regime in principle He saw the American Revolution and the Civil War as world historical events that revealed the true nature of politics Statesmanship constitutional government and the virtues of republican citizenship are keys to unlocking the most important truths of political philosophy Jaffa s student Glenn Ellmers was given complete access to Jaffa s private papers at Hillsdale College to produce the first comprehensive examination of his teacher s vast body of work In addition to Lincoln and the founding fathers the book shares Jaffa s profound insights into Aristotle William Shakespeare Winston Churchill and more

Nietzsche's Zarathustra and Political Thought James D. Stewart, 2002 Dr Stewart identifies nausea as the central metaphor of Zarathustra a nausea that accompanies a contempt for mediocrity for democratic systems indeed for bourgeois existence in general but it is a nausea that more centrally accompanies Nietzsche s perspectivism Thus it is the nausea that occurs in the face of the chaotic and indeterminate character of the universe and of human existence Friedrich Nietzsche and Alexis De Tocqueville on the Possibility of History Paul Petrequin, 1997 Nietzsche, Politics and Modernity David Owen, 1995-12-29 This introduction to Nietzsche s thought seeks to demonstrate his significance as a philosopher and political theorist highlighting his critique of liberalism in both its philosophical and political forms **Nietzsche's Machiavellian Politics** D. Dombowsky, 2004-02-27 In this exciting new study Don Dombowsky proposes that the foundation of Nietzsche s political thought is the aristocratic liberal critique of democratic society But he claims that Nietzsche radicalizes this critique through a Machiavellian conversion based on a reading of *The Prince* adapting Machiavellian virt the shaping capacity of the legislator and immoralism the techniques applied in political rule and that consequently Nietzsche is better understood in relation to the political ideology of the neo Machiavellian elite theorists of his own generation
