FEEDBACK FRIDAY #490

Frightening Fixation

Michael Koryta

Frightening Fixation:

The World of Scary Video Games Bernard Perron, 2018-05-31 As for film and literature the horror genre has been very popular in the video game The World of Scary Video Games provides a comprehensive overview of the videoludic horror dealing with the games labelled as survival horror as well as the mainstream and independent works associated with the genre It examines the ways in which video games have elicited horror terror and fear since Haunted House 1981 Bernard Perron combines an historical account with a theoretical approach in order to offer a broad history of the genre outline its formal singularities and explore its principal issues It studies the most important games and game series from Haunted House 1981 to Alone in the Dark 1992 Resident Evil 1996 present Silent Hill 1999 present Fatal Frame 2001 present Dead Space 2008 2013 Amnesia the Dark Descent 2010 and The Evil Within 2014 Accessibly written The World of Scary Video Games helps the reader to trace the history of an important genre of the video game

Dementia in Close-Up Bere Miesen, 2016-02-04 Dementia in Close Up is a clear and practical guide to dementia and the world of the dementia sufferer Bere Miesen assumes no medical or specialist knowledge and uses first hand accounts and real life examples to examiners on patterns of behaviour and responses of sufferers and their carers He focuses on the complex and varied relationships between the sufferer their family and professional carers and explores the conflict that can sometimes be engendered by dependency fear and sustained closeness Going beyond the purely medical descriptions of dementia Dementia in Close Up strives to give families and health professionals the means to form caring and rewarding relationships and to help everyone involved

Literary Diseases Gian-Paolo Biasin, 2014-07-03 Disease real or imagined physical or mental is a common theme in Western literature and is often a symbol of modern alienation In Literary Diseases a comprehensive analysis of the metaphorical and symbolic force of disease in modern Italian literature Gian Paolo Biasin expands the geography of the discussion of this important theme Using as a backdrop the perspective of European experiences of the previous hundred years Biasin analyzes the theme of disease as a reflection of certain sociological and historical phenomena in modern European novels as a metaphor for the world visions of selected Italian novelists and especially as a vehicle for understanding the nature and function of fiction itself The core of Biasin s study is found in his discussion of the works of four major Italian writers In his criticism of the novels of Giovanni Verga who stood at the center of many complex developments in the nineteenth century he examines the antecedents of modern Italian prose He then scrutinizes the works of Italo Svevo and Luigi Pirandello who together inaugurated the modern novel in Italy Of particular interest is his exploration of their critical use of psychoanalysis and madness climaxed by apocalyptic visions He then discusses the prose of Carlo Emilio Gadda which epitomizes the problems of the avant garde in its experimentalism and expressionism Biasin utilizes a broad spectrum of critical approaches from sociology psychoanalysis and different trends in modern French American and Italian literary criticism in shaping his own methodology which is a thematic and structural symbolism He

concludes that disease in literature should be considered as a metaphor for writing critique and as a cognitive instrument that calls into question the anthropocentric values of Western culture. The book with its textual comparisons and unusual supporting examples constitutes a significant methodological contribution as well as a major survey of modern Italian prose and will allow the reader to see traditional landmarks in European fiction in a new light. Zombie Culture Shawn McIntosh, Marc Leverette, 2008-02-15 Why have zombies resonated so pervasively in the popular imagination and in media especially films? Why have they proved to be one of the most versatile and popular monster types in the growing video game industry? What makes zombies such widespread symbols of horror and dread and how have portrayals of zombies in movies changed and evolved to fit contemporary fears, anxieties and social issues? Zombies have held a unique place in film and popular culture throughout most of the 20th century. Rare in that this enduring monster type originated in non-European folk culture rather than the Gothic tradition from which monsters like vampires and werewolves have emerged, zombies have in many ways superseded these Gothic monsters in popular entertainment and the public imagination and have increasingly been used in discussions ranging from the philosophy of mind to computer lingo to the business press. Zombie Culture brings together scholars from a variety of fields including cinema studies, popular culture and video game studies who have examined the living dead through a variety of lenses. By looking at how portrayals of zombies have evolved from their folkloric roots and entered popular culture, readers will gain deeper insights into what zombies mean in terms of the public psyche, how they represent societal fears and how their evolving portrayals continue to reflect underlying beliefs. *The Other* contagion and death. *Conditions of Nervous Anxiety and Their Treatment* Wilhelm Stekel, 1923 **Adventures of Tiberius the Scribe** Robert Barker, 2008-11-21 Herein resides the tale of Tiberius of Devin, a young scribe of vast learning existing in a land of ironic dichotomies. Rome teeters on its final leg as she fades away. Tiberius faces the early death throes of the old social order and the barbarian hordes waiting to penetrate the rich Roman Empire. A time of altering circumstances and re-emerging druidic influence. Tiberius's interaction with both worlds reflected on these pages. Demon rapes, near death escapes, druid's enchantment and young lust laced with guilt, village children's lives in danger and the times of yore revealed in long ago Devin Britannia. A story of the turmoil surrounding the world's greatest sorcerer's Merlin's nativity and the uneasy ground the Roman world stood on. **The New Science of Axiological Psychology** Leon Pomeroy, 2005-01-01 This book uses scientific validity measures to create empirical value science and a normative new science of axiological psychology by integrating cognitive psychology with Robert S. Hartman's formal theory of axiological science. It reveals a scientific way to identify and rank human values, achieving values, appreciation values, clarification and values measurement for the twenty-first century. A History of Emotion in Western Music Michael Spitzer, 2020-09-14 When asked to describe what music means to them, most people talk about its power to express or elicit emotions. As a melody can produce a tear, tingle the spine or energize athletes, music has a deep impact on how we experience and encounter the world. Because of the

elusiveness of these musical emotions however little has been written about how music creates emotions and how musical emotion has changed its meaning for listeners across the last millennium In this sweeping landmark study author Michael Spitzer provides the first history of musical emotion in the Western world from Gregorian chant to Beyonc Combining intellectual history music studies philosophy and cognitive psychology *A History of Emotion in Western Music* introduces current approaches to the study of emotion and formulates an original theory of how musical emotion works Diverging from psychological approaches that center listeners self reports or artificial experiments Spitzer argues that musical emotions can be uncovered in the techniques and materials of composers and performers Together with its extensive chronicle of the historical evolution of musical style and emotion this book offers a rich union of theory and history **The Souls of White Folk** Veronica T. Watson,2013-08 The first book to examine whiteness as an intellectual tradition within African American literature **The Girl I Never Knew** LaDonna Humphrey,2022-04-06 For over two decades the identity of Melissa Witt s killer has been hidden among the dense trees and thorny undergrowth rooted deeply in the uneven ground of a remote mountaintop in the Ozark National Forest Determined to find answers LaDonna Humphrey has spent the past seven years hunting for Melissa s killer Her investigation both thrilling and unpredictable has led her on a journey like no other *The Girl I Never Knew* is an edge of your seat account of LaDonna Humphrey s passionate fight for justice in the decades old murder case of a girl she never knew Her unstoppable quest for the truth has gained the attention of some incredibly dangerous people some of whom would like to keep Melissa s murder a mystery forever *Visions and Voice-Hearing in Medieval and Early Modern Contexts* Hilary Powell,Corinne Saunders,2020-12-11 This book examines how the experiences of hearing voices and seeing visions were understood within the cultural literary and intellectual contexts of the medieval and early modern periods In the Middle Ages these experiences were interpreted according to frameworks that could credit visionaries or voice hearers with spiritual knowledge and allow them to inhabit social roles that were as much desired as feared Voice hearing and visionary experience offered powerful creative possibilities in imaginative literature and were often central to the writing of inner spiritual lives Ideas about such experience were taken up and reshaped in response to the cultural shifts of the early modern period These essays which consider the period 1100 to 1700 offer diverse new insights into a complex controversial and contested category of human experience exploring literary and spiritual works as illuminated by scientific and medical writings natural philosophy and theology and the visual arts In extending and challenging contemporary biomedical perspectives through the insights and methodologies of the arts and humanities the volume offers a timely intervention within the wider project of the medical humanities Chapters 2 and 5 are available open access under a Creative Commons Attribution 4.0 International License via link.springer.com *The Workplace Engagement Solution* David Harder,2017-08-21 Organizations around the world spend billions of dollars every year to awaken and engage their employees Yet global employee engagement remains fixed at 13% The disengagement problem usually begins with the CEO

telling human resources to fix it Unless the CEO or business owner takes charge of engagement everyone will look over the messenger's shoulders to pick up cues from the top leader Most workers can't engage because they are overwhelmed trying to keep up with change This problem speaks to a much deeper need We need to teach our workers how to change themselves In *The Workplace Engagement Solution* David Harder will help you Learn how a CEO or business owner can successfully lead culture awakening Gain the life skills that help employees change and reinvent themselves Build a caring mentor driven culture that ensures category leading engagement Routinely create enthusiastic and loyal customers as an outcome of your culture

Frightening Fixation Chessie Andrews, 2005-11 Carrie Woods is desperately trying to regain her life after being stalked by the madman who took her child's life Convinced that her role at the FBI Academy was to blame she leaves her career to pursue a new venture With the help of her closest friends and a new romantic interest she attempts to put her anguish and nightmares behind her Now Carrie is about to be blindsided She has just stepped into a twisted bizarre web of romance and deceit that have direct ties to her old life She has entered a world of abuse lies jealousy and murderous rage and it may be too late for her to escape the madness Just as she believes her nightmares are over and she has found the man of her dreams she realizes that the worst is yet to come and she may not survive this nightmare

Hemingway, Trauma and Masculinity Stephen Gilbert Brown, 2019-06-24 Hemingway Trauma and Masculinity In the Garden of the Uncanny is at once a model of literary interpretation and a psycho critical reading of Hemingway's life and art This book is a provocative and theoretically sophisticated inquiry into the traumatic origins of the creative impulse and the dynamics of identity formation in Hemingway Building on a body of wound theory scholarship the book seeks to reconcile the tensions between opposing Hemingway camps while moving beyond these rivalries into a broader analysis of the relationship between trauma identity formation and art in Hemingway

An Epistemology of Noise Cecile Malaspina, 2018-05-31 What do we understand noise to be The term noise no longer suggests only aesthetic judgement as in acoustic or visual noise and is now relevant to domains as varied as communication theory physics and biology This trans disciplinary usage leads to confusion and complication and reveals that the question of noise is a properly philosophical problem Presenting an analysis of the rising interest in the notion of noise this book investigates if there can be a coherent understanding of what it is that can be effectively shared among the natural and human sciences technology and the arts Drawing the philosophical consequences of noise for the theory of knowledge Malaspina undertakes a philosophical revaluation of Shannon and Weaver's theory of information entropy this forms the basis upon which to challenge the common idea that noise can be reduced to notions of error disorder or disorganization The wider consequences of this analysis relate the technological and scientific aspect of noise with its cultural and psycho social aspects At the heart of Malaspina's argument is the contestation of the ground upon which we judge and distinguish noise from information and finally the exploration of its emancipatory potential

Strangers to Straba Carl Jacobi, 2024-08-24 Clarence Raine thought he was just on another routine assignment a

botanical survey on the remote planet Straba Instead he finds himself caught in a mystery centuries old when he discovers an ancient abandoned spaceship the Perseus hidden on a desolate golf course But the discovery of the Andromeda its sister ship locked in orbit sets events in motion that Raine never expected As the old ships stir to life and dark forces awaken Raine realizes Straba holds secrets far beyond science and survival may mean confronting an unimaginable entity born from space itself

Severance Jamyang Gonpo,2025-07-22 An ancient Buddhist guide to confronting difficult circumstances and letting go of clinging to the ego Severance or Cho is the Tibetan Buddhist practice of facing one's fears In three remarkable texts lucidly translated and introduced by Sarah Harding the thirteenth century Severance master Jamyang Gonpo shares advice that goes straight to the heart of both understanding and experiencing the practice For hundreds of years Severance has remained essentially an instruction on coping with stressful situations that provoke fear and beyond that a way to actively seek out such circumstances in order to test one's realization of perfect wisdom The single overall directive of the first two texts in this volume the Heart Essence of Profound Meaning root verses and their commentary The Big General Guide to Severance is to seek out and directly confront difficult circumstances Here these difficulties are often anxieties related to spirits in the dark of night in haunted places This practice acts as a means to recognize emptiness the lack of intrinsic existence of all phenomena as well as a testing ground of one's former realizations and studies of that emptiness from the Perfection of Wisdom The texts are notable for their lack of instruction on ritualized Severance involving body sacrifice which later works emphasize in these texts the heart of Severance is letting go of clinging to the self and reification of existence And as Jamyang Gonpo was just a generation removed from Machik Labdron the main progenitor of Severance his methods seem to be closest to her actual teachings The third translation in this volume The Seven Day Severance Retreat Experiential Guide is a very concise and precise instruction on putting the main intentions of the teachings into practice in the setting of a one week retreat The instructions are striking in that they contain no rituals visualizations deities instruments or liturgies Jamyang Gonpo shows us how to turn our attention to the very mind of this person who is experiencing fear and the object of that fear whether fear about demons or sickness or suffering to see them for what they are In doing so we find that joys and sorrows highs and lows powers of gods and demons and demonic obstacles are all mind made

United States of Fear Mark McDonald M.D.,2021-11-12 As the COVID 19 pandemic unfolded LA based psychiatrist Mark McDonald grew increasingly concerned by the negative mental health effects he witnessed among his patients and Americans nationwide These negative effects stress anxiety depression addiction domestic violence suicidal ideation were all directly traceable to the climate of fear being stoked by public health authorities and irresponsibly amplified by national media These fears in turn drove a hysterical overreaction from government in the form of draconian lockdowns and mask and vaccine mandates of questionable value But the fear did not abate and quickly took on a life of its own becoming an unstoppable force in all our lives At last McDonald began to speak out explaining that America is actually suffering from two pandemics a viral one and a

psychological one a pandemic of fear that is in many ways more dangerous and damaging than the virus itself Rooted in the natural anxieties of women on behalf of their children and families inflamed and amplified by sensationalistic media and driven over the top by hamfisted authoritarian measures from those in power McDonald diagnoses the country at large as suffering from a mass delusional psychosis This is not a metaphor The malady itself is very real Whether we can regain our collective sanity as a society remains to be seen

The Silent Hour Michael Koryta, 2009-08-04 Fresh off the critical acclaim of his Los Angeles Times Book Prize nominated *Envy the Night* Michael Koryta returns with a blistering new installment in the Lincoln Perry series *The Silent Hour* Whisper Ridge Home to Dreams October 2 1992 April 12 1996 So reads the strange epitaph carved beside the door of the home called Whisper Ridge a multi million dollar piece of architectural majesty that once housed the beginnings of a unique program for paroled murderers The program never got off the ground however despite how passionate a woman named Alexandra Cantrell daughter of a notorious Mafia don and her husband Joshua had been about it Still uninhabited twelve years later the house remains as a strange monument to dangerous secrets falling into ruin as the forest grows up around it While the couple's abrupt exit was unusual it was also not regarded as suspicious until the bones of Alexandra's husband are found buried in the woods Private investigator Lincoln Perry isn't thrilled about the situation or his client Parker Harrison served fifteen years for murder but claims Alexandra's intervention saved his life Now he wants to find her and he's not the only one What seems at first like the simplest of jobs proves to be an undertaking that will challenge both Perry's abilities as a detective and his commitment to that calling With a new partner to train and a case that leads straight to the heart of the Cleveland organized crime scene Perry finds himself glancing over his shoulder at every turn pushing the bounds of safety even as he backs away Once again Michael Koryta has crafted an intricate lightning paced thriller ratcheting up the tension as he explores just how dangerous the offer of a second chance can be The latest installment in the Lincoln Perry series which the Chicago Tribune calls addictively readable marks another step forward in his incredible career

The Politics of Fear Michiel Hofman, Sokhieng Au, 2017 *The Politics of Fear* is M decins sans Fronti res's commissioned analysis of the politics surrounding the 2014 Ebola epidemic and response Comprising eleven topic based chapters and four eyewitness vignettes from contributors inside and outside MSF all of whom have been given access to MSF Ebola archives from Guinea Sierra Leone and Liberia for research it aims to provide a politically agnostic account of the defining health event of the 21st century so far a resource that will inform current opinions and foster effectual cooperative response to the future epidemics
