book is an attempt to impose some logical order and easy reference on an otherwise fragmented text. However, this is not unlike the way students learn through the online medium when looking up relevant subjects in short informational bursts proceeding in rapid fire succession. Although I don't pretend to be as sublime as they were, I do use their format as a template for this book.

Song and Sermon Elizabeth Lowe Watson, 1905 *The Secret Life of Angels* Ron Rhodes, 2014-10-01

You've probably seen depictions of angels in popular TV shows and movies, and you may have read about angel encounters. Curiously, however, these accounts often have little in common with the Bible's portrayal of angels. How can you tell what is real and what isn't? How can you separate fact from fiction? With this fascinating and inspirational guide, you'll journey through God's Word and discover who angels are, what they are like, and how they are involved in your life today. You'll also find solid biblical answers to such questions as: Where did angels come from? Are all angels good? Should we communicate with angels? Angels are active all around you, so that you can be certain. As you learn the truth about their secretive role in the world, you'll be encouraged to see the ways angels are indeed available to help us.

The Angel Experiment Jack Tanner, 2018-03-07

Angels exist. In fact, they're us. Or rather, they are our Higher Selves. Unfortunately for us, our consciousness is located in our Lower Self, the part that is much closer to the beasts than to God. That's why so many people find this world hell rather than heaven. Hell isn't other people. Hell is us. Equally, we are capable of being heaven if we make full contact with our higher angelic selves. Goethe said: None are more hopelessly enslaved than those who falsely believe they are free. It's time to be truly free, and that can be accomplished only by raising lower to higher by merging with your guardian angel, your personal connection to the divine. A human body is but a chrysalis. The human, the true human, is destined to undergo a complete metamorphosis and emerge with wings as a radiant angel. You yourself are part of the Divine Experiment.
