Hawkesworth, 2018-06-15 This thoroughly updated edition provides a comprehensive overview of two centuries of transnational feminist efforts to produce a more just global order Mary Hawkesworth explores how social economic and political inequalities between men and women of different races classes ethnicities and nationalities have been transformed over two centuries of globalization Drawing on historical and contemporary examples she demonstrates how women have forged international networks and alliances to address specific women's issues beyond the borders of the nation state crafting policies to mitigate pressing abuses and devising alternatives to liberal and neo liberal agendas The book considers innovative feminist tactics to produce global change carefully tracing the structural forces that constrain transnational feminist activism Hawkesworth illuminates the complexity of feminist strategies to influence international agencies and foundations national governments and transnational NGOs By providing critical new insights into the gendered nature of the global system and the gendered dynamics of international institutions and nation states this work will be invaluable for all those engaged in the interdisciplinary fields of globalization studies and feminist studies

Framing the Sexual Subject Richard Parker, Regina Maria Barbosa, Peter Aggleton, 2023-04-28 This collection brings together the work of writers from a range of disciplines and cultural traditions to explore the social and political dimensions of sexuality and sexual experience The contributors reconfigure existing notions of gender and sexuality linking them to deeper understandings of power resistance and emancipation around the globe They map areas that are currently at the cutting edge of social science writing on sexuality as well as the complex interface between theory and practice Framing the Sexual Subject highlights the extent to which populations and communities that once were the object of

scientific scrutiny have increasingly demanded the right to speak on their own behalf as subjects of their own sexualities and agents of their own sexual histories This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 2000 This collection brings together the work of writers from a range of disciplines and cultural traditions to explore the social and political dimensions of sexuality and sexual experience The contributors reconfigure existing notions of gender and sexualit

**Global Population Policy** Paige Whaley

Eager,2017-07-05 The general assumption throughout history has been that a growing population is beneficial for societies By the mid 1960s however the United States and other developed countries became convinced that population control was an absolute necessity especially in the developing world This absorbing study explains why population control is no longer the focus of global population policy and why reproductive rights and health have become the major focus The book highlights the role that the US and other developed countries play in affecting global population policy looking in particular at the stance of the George W Bush administration since taking office It also studies the influence of the UN as an international forum and explores how civil society questioned the ethics of population control Global Population Policy will appeal to a wide audience including readers in the fields of women s studies development politics and international relations

*Women, Ethnicity and Nationalisms in Latin America* Natividad Gutiérrez Chong,2016-12-05 The relationship between gender and nationalism is a compelling issue that is receiving increasing coverage in the scholarly literature With case studies covering Argentina Ecuador Bolivia and Mexico this is the first book to explore these links in the context of Latin America It includes contributions from Latin American scholars to offer a unique and revealing view of the most important political and cultural issues The work opens by outlining four dimensions in the relationship between gender and nationalism These are the contribution of women to nation building and their exclusion from it by the state and its institutions the role of women in contemporary ethnic and nationalist movements the place of the female body in the myths and traditions surrounding the nation and the role of women in forging the intellectual and artistic culture of the nation It then provides both theoretical and empirical explorations of these themes with chapters covering the debate on multiculturalism and gender in the construction of the nation the struggles of ethnic women to participate politically in their communities and studies of the first Mexican filmmaker Mimi Derrba and the indigenous heroine Dolores Cacuango from Ecuador

**Women's Rights and Human Rights** P. Grimshaw,K. Holmes,M. Lake,2001-03-20 This international collection of historical work explores the breadth and creativity of women s struggles for human rights citizenship and social justice across the world It brings together twenty contributions by scholars in women s history whose work reflects the global reach of the International Federation for Research in Women s History In addition to presenting studies by well known scholars in the United States and Europe the

book is distinctive in also bringing the work of scholars from regions such as South and East Asia and the Pacific to the attention of an international audience *Africa Today*, 2002 **Women, Law and Human Rights** Fareda Banda, 2005-10-04 Africa with its mix of statute custom and religion is at the centre of the debate about law and its impact on gender relations This is because of the centrality of the gender question and its impact on the cultural relativism debate within human rights It is therefore important to examine critically the role of law broadly constructed in African societies The book focuses on women's experiences in the family This is because the lives of women continue to be lived out largely in the private domain where the right to privacy is used to conceal unequal treatment of women which is justified by invoking custom and tradition The book shows how law and its interpretation is used to disenfranchise women resulting in their being deprived of land and other property which they may have helped to accumulate It also considers issues of violence within the home reproductive rights and examines the issue of female genital cutting The role of women in development is explored as is their participation in politics and the NGO sector A major theme of the book is a consideration of the linkages of constitutional and international human rights norms with local values This is done using feminist tools of analysis The book considers the provisions of the Protocol to the African Charter on Human and People's Rights on the Rights of Women which was adopted by the African Union in July 2003 **The Limits of Law and Development** Sam Adelman, Abdul Paliwala, 2020-08-13 The book examines the well established field of law and development and asks whether the concept of development and discourses on law and development have outlived their usefulness The contributors ask whether instead of these amorphous and contested concepts we should focus upon social injustices such as patriarchy impoverishment human rights violations the exploitation of indigenous peoples and global heating If we abandoned the idea of development would we end up adopting another equally problematic term to replace a concept which for all its flaws serves as a commonly understood shorthand The contributors analyse the links between conventional academic approaches to law and development neoliberal governance and activism through historical and contemporary case studies The book will be of interest to students and scholars of development international law international economic law governance and politics and international relations

**UN Millennium Development Library: Who's Got the Power** UN Millennium Project, 2013-06-17 The Millennium Development Goals adopted at the UN Millennium Summit in 2000 are the world's targets for dramatically reducing extreme poverty in its many dimensions by 2015 income poverty hunger disease exclusion lack of infrastructure and shelter while promoting gender equality education health and environmental sustainability These bold goals can be met in all parts of the world if nations follow through on their commitments to work together to meet them Achieving the Millennium Development Goals offers the prospect of a more secure just and prosperous world for all The UN Millennium Project was commissioned by United Nations Secretary General Kofi Annan to develop a practical plan of action to meet the Millennium Development Goals As an independent advisory body directed by Professor Jeffrey D Sachs the UN Millennium Project submitted its

recommendations to the UN Secretary General in January 2005 The core of the UN Millennium Project's work has been carried out by 10 thematic Task Forces comprising more than 250 experts from around the world including scientists development practitioners parliamentarians policymakers and representatives from civil society UN agencies the World Bank the IMF and the private sector This report lays out the recommendations of the UN Millennium Project Task Force on Child and Maternal Health The Task Force recommends the rapid and equitable scale up of interventions like the Integrated Management of Childhood Illness the universal provision of emergency obstetric care and sexual and reproductive health services and rights be provided through strengthened health systems This will require that health systems be seen as social institutions to which all members of society have a fundamental right This bold yet practical approach will enable every country to reduce the under five mortality rate by two thirds and the maternal mortality rate by three quarters by 2015
