From Batum To Baghdad:

The Mongols and the Black Sea Trade in the Thirteenth and Fourteenth Centuries Virgil Ciocîltan, 2012-09-28 The inclusion of the Black Sea basin into the long distance trade network with its two axes of the Silk Road through the Golden Horde Urgench Sarai Tana Caffa and the Spice Road through the Ilkhanate Ormuz Tabriz Trebizond was the two Mongol states most important contribution to making the sea a crossroads of international commerce Discovering Rome's Eastern Frontier Timothy Bruce Mitford, 2021-11-30 The eastern frontier of the Roman Empire extended from northern Syria to the western Caucasus across a remote and desolate region 800 miles from the Aegean It followed the great Euphrates valley to penetrate the harsh mountains of Armenia Minor and south of the Black Sea along the Pontic coast to the finally reach the foothills of the Caucasus Though vast this terrain has long remained one of the great gaps in our knowledge of the ancient world barely visited and effectively unknown until now Here Timothy Bruce Mitford offers an account of half a century of research and exploration over sensitive territory in challenging conditions to discover the material remains of Rome's last unexplored frontier The geographical framework introduces frontier installations as they occur fortresses and forts roads bridges signalling stations and navigation of the Euphrates The journey is enriched with observations of consuls and travellers memories of Turkish and Kurdish villagers and notes and photographs of a way of life little changed since antiquity The process of discovery was mainly on foot staying in villages with local guides following ancient tracks and conversing with great numbers of people provincial and district governors village elders and teachers police and jandarma farmers and shepherds and everyone in between This came with its perils and pleasures encounters with treasure hunters and apparent bandits tales of saints and caravans arrests and death threats bears and wild boars rafts and fishing earthquakes all amid the tumultuous events of the second half of the twentieth century Richly illustrated with large scale maps photographs and sketches this is an account of travel and discovery set against a background of a disappearing world encountered in the long process of academic exploration **Iran in Motion** Mikiya Koyagi, 2021-04-27 Completed in 1938 the Trans Iranian Railway connected Tehran to Iran's two major bodies of water the Caspian Sea in the north and the Persian Gulf in the south Iran's first national railway it produced and disrupted various kinds of movement voluntary and forced intended and unintended on different scales and in different directions among Iranian diplomats tribesmen migrant laborers technocrats railway workers tourists and pilgrims as well as European imperial officials alike Iran in Motion tells the hitherto unexplored stories of these individuals as they experienced new levels of mobility Drawing on newspapers industry publications travelogues and memoirs as well as American British Danish and Iranian archival materials Mikiya Koyagi traces contested imaginations and practices of mobility from the conception of a trans Iranian railway project during the nineteenth century global transport revolution to its early years of operation on the eve of Iran's oil nationalization movement in the 1950s Weaving together various individual experiences this book considers how the infrastructural megaproject reoriented

the flows of people and goods In so doing the railway project simultaneously brought the provinces closer to Tehran and pulled them away from it thereby constantly reshaping local national and transnational experiences of space among mobile individuals

Muslim-Christian Relations in Central Asia Christian van Gorder, 2008-06-05 This book explores issues of cultural tension that affect Muslim and Christian interaction within the Central Asian context It looks at the ways that Christians have interacted with Central Asian Muslims in the past and discusses what might need to be done to improve Muslim Christian relations in the region in the present and future Since the time that Nestorian Christian missionaries traveled eastward from Asia Minor along the Silk Road and Islamic cultures came to the region in the 7th century Christians and Muslims have shared a unique relationship in a fascinating cultural milieu Under the reigns of various conquerors Czars Soviets and modern nationalist strong men the ever changing political and economic situation of these former Soviet Republics has dramatically affected the ways that Muslims and Christians have practiced their faith Today as Muslims and Christians work to stabilize their interactions they face new challenges because of the activities of Protestant Christian and Islamist missionaries who are flooding into Central Asia as never before The book corrects common misunderstandings of Central Asia as a cultural backwater and is a valuable introduction to Muslim and Christian interactions in one of the most quickly changing regions of the globe It will appeal to readers interested in Muslim Christian interaction and for researchers in the field of World Religions Central Asian Studies and Intercultural Studies

Russia Antony Beevor, 2022-09-20 Riveting There is a wealth of new information here that adds considerable texture and nuance to his story and helps to set Russia apart from previous works The Wall Street Journal An epic new account of the conflict that reshaped Eastern Europe and set the stage for the rest of the twentieth century Between 1917 and 1921 a devastating struggle took place in Russia following the collapse of the Tsarist empire The doomed White alliance of moderate socialists and reactionary monarchists stood little chance against Trotsky's Red Army and the single minded Communist dictatorship under Lenin In the savage civil war that followed terror begat terror which in turn led to ever greater cruelty with man's inhumanity to man woman and child The struggle became a world war by proxy as Churchill deployed weaponry and troops from the British empire while contingents from the United States France Italy Japan Poland and Czechoslovakia played rival parts Using the most up to date scholarship and archival research Antony Beevor assembles the complete picture in a gripping narrative that conveys the conflict through the eyes of everyone from the worker on the streets of Petrograd to the cavalry officer on the battlefield and the doctor in an improvised hospital

Albert Houtum Schindler: A Remarkable Polymath in Late-Qajar Iran D.T. Potts, 2023-08-09 Widely regarded in his lifetime as the greatest living authority on all things Iranian across an enormous range of disciplines Albert Houtum Schindler lived and worked in Iran from 1868 to 1911 All who either met or corresponded with him came away praising his encyclopaedic knowledge and remarkable insight A member of numerous learned societies in Europe he sustained a wide web of intellectual contacts and was insatiably curious As an employee of the Indo European Telegraph Department the Imperial Bank of Persia and the Persian Bank Mining Rights Corporation he experienced firsthand the ups and downs of Iran's slow but inexorable movement towards modernity Yet when he died in 1916 his obituaries were frustratingly brief Private when it came to the details of his personal life Albert Houtum Schindler gave little away This book is the first full scale examination of the life and legacy of an extraordinary witness to the late Qajar period and the land people and history of Iran

The Young Turk Legacy and Nation Building Erik J. Zürcher, 2014-05-16 The grand narrative of *The Young Turk Legacy and Nation Building* is that of the

essential continuity of the late Ottoman Empire with the Republic of Turkey that was founded in 1923 Erik J Zürcher shows that Kemal's ideological toolkit which included positivism militarism nationalism and a state centred world view was shared by many other Young Turks Authoritarian rule a one party state a legal framework based on European principles advanced European style bureaucracy financial administration military and educational reforms and state control of Islam can all be found in the late Ottoman Empire as can policies of demographic engineering The book focuses on the attempts of the Young Turks to save their empire through forced modernization as well as on the attempts of their Kemalist successors to build a strong national state The decade of almost continuous warfare ethnic conflict and forced migration between 1911 and 1922 forms the background to these attempts and accordingly occupies a central position in this volume This is a powerful history reflecting and contributing to the latest research from a leading historian of modern Turkey It is essential for all readers interested in the history of the Ottoman Empire and Turkey and for an understanding of a key player in the politics of the Middle East and Europe

The State and the Subaltern Touraj Atabaki, 2007-04-27 In the 1920s Turkey and Iran faced political upheaval as both states attempted to find their routes to modernity This is the first study to observe the practice of modernization in Turkey and Iran not only from above by examining the measures adopted by the political regimes of the late Ottomans Atatürk and Reza Shah but also from below exploring how different social levels contributed to the drive for modernity It is a full and thorough analysis of how these societies reacted to reform and change The State and the Subaltern offers a fresh perspective on the accommodation and resistance to modernization and the relation between the common people and the state in two Islamic societies during the 19th and early 20th centuries It is a fascinating exploration of the history of subalterns the rank and file of society with specific reference to gender ethnicity industrial and non industrial urban labour rural labour unemployment and the impact of immigrant labour

Carbon Democracy Timothy Mitchell, 2023-10-03 Oil is a curse it is often said that condemns the countries producing it to an existence defined by war corruption and enormous inequality Carbon Democracy tells a more complex story arguing that no nation escapes the political consequences of our collective dependence on oil It shapes the body politic both in regions such as the Middle East which rely upon revenues from oil production and in the places that have the greatest demand for energy Timothy Mitchell begins with the history of coal power to tell a radical new story about the rise of democracy Coal was a source of energy so open to disruption that oligarchies in the West became vulnerable for the first time to mass demands for democracy In the mid twentieth century however the development of cheap and abundant energy from oil most notably from the Middle East offered a means to reduce this vulnerability to democratic pressures The abundance of oil made it possible for the first time in history to reorganize political life around the management of something now called the economy and the promise of its infinite growth The politics of the West became dependent on an undemocratic Middle East In the twenty first century the oil based forms of modern democratic politics have become unsustainable Foreign intervention and military rule are faltering in

the Middle East while governments everywhere appear incapable of addressing the crises that threaten to end the age of carbon democracy the disappearance of cheap energy and the carbon fuelled collapse of the ecological order In making the production of energy the central force shaping the democratic age Carbon Democracy rethinks the history of energy the politics of nature the theory of democracy and the place of the Middle East in our common world Britain Enforcing the Peace, 1918-1923 John D Grainger,2025-01-30 Details the British Navy s efforts during the post Great War period facing challenges in the Near East from the Russian Revolution to Turkish resurgence under Mustafa Kemal The end of the Great War in the Near East began with the Turkish Armistice but was not complete until the final peace treaty in 1923 During that five year period the British Navy dealt with the overspill from the Russian Revolution in the Caucasus the Caspian Sea and Central Asia as well and then in the Aegean Sea and the Straits confronting the resurgent Turkish forces under Mustafa Kemal The British in India were very concerned about Bolshevik activities in Central Asia and had sent two battalions of Indian troops under a British general to attempt to cope with it They were successful in battle against larger forces but politically they were unable to reach any sort of settlement They were withdrawn when an Afghan war broke out A second expedition was sent early in 1918 from Iraq through Persia to gain control of the oil fields at Baku in Azerbaijan The object here was to prevent the oil falling into German or Turkish hands This was an expedition at the limit of military capabilities but it did succeed in seizing Baku and preventing a German conquest In the process ships in the Caspian Sea were captured and turned into a Caspian Sea flotilla to fight Russian Bolshevik advances These adventures happened before the Turkish Armistice Constantinople had been occupied but holding it became increasingly difficult and required the use of considerable forces mainly British The other allies gradually faded away or adopted the Turkish side The resurgence of Turkish power in Anatolia eventually led to a tense confrontation between British and Turkish forces at Chanak on the Dardanelles and a difficult negotiation between generals The result was a truce British withdrawal from all occupied areas and the collapse of the Lloyd George government in Britain which was prepared to indulge in another war over the issues **Duchess of**

Death Richard Hack,2009-07-01 As the author of more than eighty books and short story collections including And Then There Were None The Mysterious Affair at Styles and Murder at the Vicarage Agatha Christie is the most popular novelist in history with more than two billion books of her work sold worldwide Nearly as famous for her aversion to the press as she was for creating Hercule Poirot and Miss Marple Christie made no secret of her need for privacy She lived a life shrouded in secrecy and nearly fifty years after her passing fans are still curious about her life beyond the pages Drawing upon more than 5 000 previously unpublished letters notes and documents award winning biographer Richard Hack allows Christie to write again Duchess of Death is her story as full of romance travel wealth and scandal as any mystery Christie ever crafted
