From Crime To Choice The Transformation Of Abortion In America Contributions In Womens Studies

Ying Liu

From Crime To Choice The Transformation Of Abortion In America Contributions In Womens Studies:

From Crime to Choice Nanette J. Davis, 1985-12-23 This work provides the first broadly based documentation and analysis of the evolution of abortion from criminal act to personal choice The author places the abortion question in the wider context of change in the social realm and in law politics economics and medical practice Dealing with the confrontation between pro life and pro choice groups Davis analyzes feminist interpretations of abortion reform and discusses efforts to create a human centered procedure that will benefit women themselves rather than doctors or clinic managers Other important issues covered include the historical inconsistency of abortion laws and their enforcement social and institutional support systems before and after legalization social policy and abortion the effects of legalized abortion on women s kinship ties the Equal Rights Amendment and biological politics

Abortion at Work Wendy Simonds, 1996 How do feminist identity and abortion politics intersect Specifically what does feminism mean to women working to feminist health care and abortion services in the late 1980s and early 1990s What are the ideological consequences and emotional tolls of doing such work in a hostile socio cultural environment Can feminism and bureaucracy coexist productively How do feminists confront the anti feminist opposition from anti abortion protesters outside to racism within feminist organizations These are the questions that drive Wendy Simonds Abortion at Work Simonds documents the ways in which workers at a feminist clinic construct compelling feminist visions and also watch their ideals fall short in practice Simonds interprets these women s narratives to get at how abortion works on feminism and to show what feminism can gain by rethinking abortion utilizing these activists terms In thoroughly engaging prose Simonds frames her analysis with a moving account of her own personal understanding of the issues

Bowker's Law Books and Serials in Print, 1998

Women of Color and the Reproductive Rights Movement Jennifer Nelson, 2003-10 Uncovers the truth behind the ideas struggles and eventually success of Black and Puerto Rican Nationalists regarding key feminist issues of the 1960s 1970s and 1980s While most people believe that the movement to secure voluntary reproductive control for women centered solely on abortion rights for many women abortion was not the only or even primary focus Jennifer Nelson tells the story of the feminist struggle for legal abortion and reproductive rights in the 1960s 1970s and early 1980s through the particular contributions of women of color She explores the relationship between second wave feminists who were concerned with a woman s right to choose Black and Puerto Rican Nationalists who were concerned that Black and Puerto Rican women have as many children as possible for the revolution and women of color themselves who negotiated between them Contrary to popular belief Nelson shows that women of color were able to successfully remake the mainstream women s liberation and abortion rights movements by appropriating select aspects of Black Nationalist politics including addressing sterilization abuse access to affordable childcare and healthcare and ways to raise children out of poverty for feminist discourse

Gender and Destiny Marlene E. Heinemann, 1986-10-16 A study of Holocaust literature by women most of them Jewish based on five memoirs and one novel Gerda Klein s All but My

Life 1957 Charlotte Delbo's *None of Us Will Return* 1965 Judith Dribben's *A Girl Called Judith* Strick 1970 Susan Fromberg Schaeffer's novel *Anya* 1974 Fania Fenelon's *Playing for Time* 1976 and Livia Bitton Jackson's *Elli* 1980 Examines experiences specific to women in concentration and labor camps varieties of characterization in the texts relations between male and female internees and factors which contribute to textual authenticity *Subject Guide to Children's Books in Print* 1997 Bowker Editorial Staff, R R Bowker Publishing, 1996-09

Nineteenth-Century Women Writers of the English-Speaking World Hofstra University, 1986-11-12 Women in the nineteenth century wrote prolifically and memorably. The original and provocative essays in this collection address a variety of aspects of the life and literature of nineteenth century writers of distinction who happened to be women and sometimes wrote from a woman's point of view but who always reflected the world in which they lived. The majority of the contributions are devoted to detailed analysis of the themes in the literature itself primarily in the areas of intellectual conditioning male female relationships social imperatives and spiritual questions. The collection as a whole provides a framework for twentieth century readers so that they may draw instructive conclusions about women's lives in the previous century. *American Women and Political Participation* Karen Beckwith, 1986-09-15 Karen Beckwith examines the patterns of mass level political participation among American women from 1952 to 1976. Four distinct forms of political participation are focused upon: voting electoral activism conventional nonelectoral participation and political protest. She then tests three explanations considered unique to the political participation of women in these areas: the nature of women's work women's experience in political generations and adherence to or support of feminism. Surprisingly Beckwith's study indicates that such traditional explanations reveal more about men than about women and that there is very little difference in participation between the sexes. However Beckwith found that reported feelings of political efficacy among women were less than among men even where actual participation differences were nonexistent. **Subject Guide to Books in Print**, 1997 **Gender, Ideology, and Action** University of Kansas. Research Institute on Women's Public Lives, 1986-06-25 The nine essays in this volume examine women's public and private lives from sixteenth century England to twentieth century Chicago from Queen Elizabeth I to Jane Addams of Hull House. Editor Janet Sharistanian's main purpose in organizing these essays is to offer a response to and a critique of theories of the domestic public split in Western ideology and history that have emerged from feminist anthropology. **The Book Review Digest**, 2006 **New Books on Women and Feminism**, 1986 **Population Index**, 1986 Annotated bibliography covering books journal articles working papers and other material on topics in population and demography. **PAIS Bulletin**, 1986 **Bulletin of the Public Affairs Information Service** Public Affairs Information Service, 1986 **Current Publications in Legal and Related Fields**, 1986 **Bibliographic Index**, 1987 **The American Victorian Woman** Mabel C. Donnelly, 1986-09-17 This new socio historical study explores the dynamics of growing up female in the second half of the nineteenth century a time when traditional patriarchal standards were beginning to be

questioned by small groups of courageous reformers Donnelly chronicles the lives of middle class and working women white and black from childhood to old age the hardships they endured their daily activities and their concerns pleasures and accomplishments *The Great American Housewife* Annegret S. Ogden,1986-02-21 In this innovative historical survey Annegret S Ogden addresses the need for the modern housewife to adapt to the additional role of wage earner By examining a variety of diaries letters domestic fiction and household books of the past two centuries as well as solid statistical and historical data she seeks not only to uncover the motivations and origins of the typical American housewife but also to discover an alternative life pattern that has characterized a virtually unrecognized minority of American women These are the immigrant black and frontier women as well as any other part time homemakers who long ago forged the survival tools that are needed by today s majority of working housewives It is Ogden s contention that an understanding of the historical housewife as well as her working counterpart will light the way for those modern American housewives who must adapt their role as both homemaker and wage earner to the shifting complexities of contemporary American life **A London**
Bibliography of the Social Sciences ,1931 Vols 1 4 include material to June 1 1929

When people should go to the books stores, search launch by shop, shelf by shelf, it is truly problematic. This is why we give the ebook compilations in this website.
